## Police Committee Purchases Meters

The purchase of additional parking meters for the City of Charlottetown was made known by Arthur Gormley Monday night.

Councillor Gormley, chairman of the police committee, told the regular meeting of City Council "we are receiving a great number of requests by businessmen to erect more meters within the boundaries of the city."

Councillor Louis Johnston, chairman of the light committee, said the city has already a forest of parking meters.

"Let's not drive customers from our city by placing meters in outlying areas. These meters cost the city of Charlottetown \$70 each plus installation," explained Councillor Johnston.

Mr. Moffatt informed Council that three committees have been actively engaged in inspecting industrial sites in the Charlottetown metropolitan area and have developed sketches and data on land available.

"Two days of discussion with Eastern Provincial Airways officials gave the Air Transport Committee and others a better understanding of the financial difficulties encountered by short run aircraft schedules and the need for national policy with a built-in subsidy formula for the five regional airlines in Canada. Should a subsidy formula be adopted by the federal government, EPA, forecasts a general improvement in service and more modern aircraft several years from the introduction of the air policy," he said.

Mr. Moffatt said a meeting with Dr. John S. Bates, chairman of the P.E.I. Water Authority, address a banquet meeting of the Board of Trade in Charlottetown on "water supply and pollution control," Wednesday evening.

"Arrangements have been made with a local nursery to supply four-foot flower boxes played with flowers at a cost of \$15 per box, and merchants are being encouraged to display flower boxes at their store fronts during summer months to give Charlottetown and district a real garden look this year," he said.

Councillor John Morris, chairman of the fire committee, asked that a route be established for oil company trailers leaving the city. These large trucks present a fire hazard which could result in loss of life, he said.

Mayor Walter Cox suggested that positions of a fire inspector and building inspector for Charlottetown be settled.

It was the decision of council to advertise in Island papers as well as through news media in Halifax and Saint John for a person capable of handling both positions at a salary ranging between \$5,000 and \$8,000 per annum.

Councillor Dorothy Corrigan, chairman of the tender committee, informed council that tenders for patching asphalt pavement were opened a week ago.

It was decided by resolution that the tender of Island Construction Ltd. of \$15,325, for patching of asphalt pavement be accepted.

FORUM FLOOR  
The "serious problem" of the unlevel floor in the rink was brought to Council's attention by Ivan Doherty, chairman of rink and recreation, who stated that in some areas of the ice surface, ice had to be brought up four inches higher than other areas to maintain a smooth surface all around.

Mayor Cox stated that during the summer months, Council meetings would be held at 4:00 p.m. The new meeting time will go into effect for the next meeting of council in June and the same schedule will be maintained through until September.

Charles Moffatt general manager.

## GUEST SPEAKER

Corporal Alvin Bungay of the Charlottetown detachment of the RCMP was guest speaker at the annual banquet of the Credit Granters Association of Charlottetown. The association held its banquet last night in the Basilica Recreation Centre. Seated prior to the banquet (FROM THE LEFT) are Gerald Soy, secretary; Joseph Walsh, president; Cpl. Bungay, who spoke on "frauds and false pretences"; and Alan Johnston, treasurer. Missing from the picture is Ronald Storey, vice-president.

## City Nurses Graduation Set For Recreation Centre

Graduation exercises for the Charlottetown Hospital School of Nursing and X-Ray Technology will take place Friday evening, May 13, at the Basilica Recreation Centre. Ceremonies begin with O Canada and the Invocation by Rev. Gerald Tingley at 8 o'clock.

Remarks by Dr. J.H. Maloney of the medical staff of the hospital will be followed by the presentation of diplomas by Most Rev. Malcolm A. MacEachern, D.D., Bishop of Charlottetown, and the presentation of pins by Sister Mary Irene, Director of Nursing, and Sister Joseph Noreen.

**MAIN ADDRESS**  
Gordon Bennett, Registrar, Prince of Wales College, will deliver the main address. Elizabeth Chaisson, Rollo Bay, is class valedictorian.

The Nurses Chorus, directed by Sister Bethany Marie, will sing two choral selections, and the evening will close with benediction by Father Tingley and The Queen.

Members of the graduating class: Sylvia Anne Bernard, Summerside; Mary Dorothy Buchanan, Georgetown; Mary Louise Callaghan, city; Frances Josephine Callaghan, New Perth; Elizabeth Ann Chaisson, Rollo Bay; Mary Janice Cheverie, city; Phyllis Marie Coady, Southport; Barbara Lynn Cui-

## Doctors Stage Clinic

A large number of doctors from all over the province will be in the city today as the Medical Society holds its annual Clinical Day with top authorities from the faculty of medicine at McGill University as guest speakers.

Both morning and afternoon sessions will be held in the nurses residence at Charlottetown Hospital with emphasis for the day being on diseases of the gastro-intestinal system. The program has been arranged in co-operation with the post-graduate division of the faculty of medicine at Dalhousie.

**PANEL DISCUSSION**  
A series of panel discussions and case presentations will be held with many local doctors taking part along with the visitors from Montreal.

In the evening the annual dinner will be held in the Confederation Centre with Dr. D.G. Cameron, Physician-in-Chief of Montreal General Hospital, as guest speaker.

## Honor Awards Announced

HALIFAX (CP)—Ernest Walter Grundke of Halifax has been awarded the governor-general's gold medal on Dalhousie University's list of graduation awards in the faculty of arts and science.

University medals in biology go to Frank Eric Christiansen of East Riverdale, N.B., and in chemistry, Michael Edward Smith, native of Louisbourg, N.S., now residing in Dartmouth.

Mr. Christiansen and Mr. Smith graduate with first class honors during spring convocation exercises Thursday.

Annette Marie Hayward of Grand Falls, Nfld., who graduates with first class honors in modern languages is the recipient of the French government medal.

Honors graduates on the university list of awards include Walter Francis Miles of Sydney in chemistry; James Brian Wonnacott of Charlottetown in biology; Marius Constantyn Felderhof of New Glasgow in Philosophy, and Patrick Jack Compton Rvall of Saint John, N.B., in physics.

## Speaker Outlines Problems

Brigadier Albert Thomas of the Salvation Army was guest speaker at a weekly luncheon meeting of Charlottetown Rotary Club Monday.

Brigadier Thomas gave Rotarians a background of the problems faced by a correctional services officer in rehabilitation work.

"The inmate of a penal institution has predominantly the feeling that an injustice has been done to him," said Brigadier Thomas, "no matter how great his offence against society." He has to leave his family and friends and all sources of affection and enter the strict impersonal regimentation of a jail. The inmate is afraid of the world he has left, and his ability to cope with it when his term is up.

The correctional services officer must break through this atmosphere of hostility, resentment and fear. The impression given by the officer on his first visit is of vital importance. If this is successful, then a real start can be made on rehabilitation with council, spiritual guidance, family visits and letters. Later there is intensive pre-release planning with job placement and supervision on parole the responsibility of the correctional services officer.

The Salvation Army has done a great deal of work in this field. Guests at Monday's meeting were J. C. MacMillan and G. B. Langley, both of Halifax. Chief Justice Thane A. Campbell was a visiting Rotarian.

Next week's speaker will be Dr. Frank Mackinnon, principal of Prince of Wales College who will speak on the development of the college into a university.

## \$10 Penalties Handed Down

Fined \$10 and costs or four days in default of payment by Justice of the Peace Albert Dennis in Traffic Court this morning were Seven-Up Sussex, Ltd., Sherwood, failing to licence a vehicle; Judy Helen Gaudet, city, driving left of the solid white line; Levi David Young, Cherry Valley, insufficient equipment; John Henry Plagenhoff, Pownal, failing to dim headlights; Kenneth Gordon Rice, Parkdale, stop sign; Douglas James Birt, Covehead, failing to report for re-inspection; Edward James Fitzpatrick, Bedford, stop sign; and Brian David Hooley, city, allowing an unlicensed person to drive.

Donald George Chandler of Charlottetown was fined \$15 and costs on a speeding charge.

ity of this province being faced with a shortage of fluid milk in the very near future.

This May 15th increase will be the first one in the price of milk since February 1, 1964.

Mr. Adams said that the price of fluid milk in P.E.I. is still lower than in any other province in Canada. As an example Mr. Adams said that in Nova Scotia the price of milk was increased to 26 and one half cents a quart on April 1 of this year.

## Milk Prices To Be Increased

The price of milk in Prince Edward Island will be increased two cents per quart beginning May 15, it was announced yesterday by Earl Adams, secretary of the P.E.I. Milk Control Board.

In the Charlottetown and Summerside areas homogenized-pasteurized milk will retail to the consumer for 25 cents a quart. Milk which is pasteurized but not homogenized, that's milk with a cream top, will cost 24 cents a quart in those areas.

In the Alberton, Souris and Montague areas homogenized-pasteurized milk will sell for 24 cents a quart while pasteurized will sell for 23 cents a quart.

**BRIEFS PRESENTED**  
Mr. Adams said that the P.E.I. Milk Control Board received separate briefs from the producers and distributors and a joint brief from them, asking for a two cent increase. He said that the producer will receive one and one-third cents from the two cent increase and that the distributor will receive two-thirds of a cent.

This price increase was brought about, according to Mr. Adams, due to the increase in the costs of the producers and the steadily rising costs of the distributors.

This jump in price will mean an increase of 51 cents per hundred pounds to the producer, returning him \$5.13 per hundred weight for milk testing 3.6 per cent butter fat. Mr. Adams explained.

**SAID NECESSARY**  
He said that the increase to the producer was very necessary in preventing the possibil-

## Blackadder Lucky Girl Produced 496 Fat

Blackadder Lucky Girl produced 496 fat for BCAs of 134 and 132 as a junior four-year-old for George Boswall, Frenchfort.
