

S'ide Reports Surplus And 'Reaction' In Debt

SUMMERSIDE BUREAU OF THE GUARDIAN
A surplus of \$3,180.43, together with a reduction of capital debt, were revealed in Summerside's financial statement presented by Councillor W. E. MacCausland, chairman of the finance committee, at the annual meeting of the Summerside Town Council last night. Total revenue, from all sources amounted to \$377,206.14, while expenditure for the year was \$374,025.71.

Actual debt charges and depreciation of the Water and Sewage Department were charged against this utility for the first time, and amounted to \$26,116.78 which eliminated the water and sewerage operating surplus of \$632.53 and resulted in a deficit of \$25,484.25 for this department, whose revenue was \$43,764.17 and expenditure without the debt and depreciation charges amounted to \$43,131.64.

Councillor R. B. Dewar, chairman of the water and sewerage committee, announced discovery of a major break in the water distribution system which he predicted would cut pumping needs in half and save the town

about \$8,000 annually. Revenue from the other Summerside-owned utility, the Electric Light Department, was \$432,467.68, and after operating expenses of \$435,288.65, and debt charges of \$28,611.07, a net surplus of \$78,567.96 was transferred into the general revenue of the town.

GIVES REPORT
In his annual report, Councillor MacCausland, finance chairman, said that revenue from real and personal property taxes had been \$21,574.00 more than the budget estimate. The assessment roll, an estimate of \$12,635,000 and subsequent additions advanced the roll to \$13,494,000.

Education tax was estimated at \$23,000 and the actual was \$25,127; the amount going to judgments were: real and personal, \$16,004.00, and education tax, \$7,354.00 for a total of \$23,358.00.

The judgment account after these additions now stands at \$63,532.00, and it was noted that an additional \$15,000.00 was reserved this year to bring reserve account to \$30,000 which he said

was much more realistic figure considering the context of the asset.

Collection of tax arrears amounted to \$7,283, and with this applied to current tax collection the collection rate was 97.4 per cent.

LESS FAVORABLE
The situation in relation to educational tax was less favorable with collections representing only 70.7 per cent. In combining these totals the overall tax collection rate represented 95.3 per cent, and the report recommended that the employment of a tax collector should be reported at that time.

Revenue from parking meters was \$5,222, and an increase of about \$550 more than the previous year.

Councillor MacCausland said he regretted being unable to give a statement relative to the liabilities of the town, but said this statement will be available in a few days. He forecast a sizeable debt reduction would be reported at that time.

COMMEND COUNCIL
Mayor W. A. Cuprie commended Councillor MacCausland, other members of the Council, and town employees for their efforts in the interests of the civic government during the past year. He recalled that two years ago he had said the results of many of the innovations and improvements being implemented would not be apparent until the end of the second year. This is the end of the second year, he said, and the town statements reflect the controls which have had an increasing effect.

PETITION RECEIVED
A petition signed by nine residents of the area protesting the construction of a super market on the Williams-Estate lot on Granville Street, and a counter petition signed by 30 other residents of the area which favored construction and approved the council's action in granting a special building permit were heard by the council, with their decision being that the majority petition outweighed the one which opposed the building permit, and that no action to rescind the permit could be taken by the council.

Wellington Will Vote On Status As Village

WELLINGTON — A plebiscite that will decide whether Wellington will be incorporated under the Village Service Act will be held next Wednesday, February 18th, from twelve noon until nine p.m. in the community hall, Wellington.

In a similar plebiscite three years ago the village voted against incorporation, but the feeling this time among many of the citizens is that the vote will be in favor.

There are 119 eligible voters in the village which has a population of approximately 350 and the plebiscite will be presided over by Prince County Sheriff Alfred Gordon of Summerside.

As an incorporated village Wellington would receive a government grant on a per capita basis and be able to negotiate loans for purchasing fire equipment, etc.

They would also have representation with the government throughout their commissioners who represent the municipality in matters of interest to the community.

Premier Clashes

(Continued from page 1)
demanded through the Speaker that the Premier retract his statement.

The Premier replied that if he was misquoting the honorable gentleman, he would be willing to take back his words and if Mr. Myers said that he did not make such a statement, he would take him at his word. However, the Premier said the incident had been reported to him.

Mr. Myers then asked the identity of the person who had reported the story to the Premier. Mr. Matheson identified him only as "a member of your constituency."

The Premier also took the Opposition Leader to task for the suggestion made to the Speaker of the House, regarding his appointment to the Senate. He suggested that Mr. Bell's disapproval in connection with a senate appointment was just as real as that of Mr. Speaker.

Parliament At A Glance

By THE CANADIAN PRESS
Thursday, Feb. 12, 1959.

OCF House Leader Hazen Argue, describing finance companies as "loan sharks," presented a bill to limit interest rates to 12 per cent a year.

His bill was "talked out" — debated all day — without coming to a vote.

A. DeB. McPhillips (C-Victoria) tried unsuccessfully to have an emergency debate on the planned suspension of Feb. 25 of the CPR's Vancouver-Victoria ferry.

Gabriel Roberge (L-Megantic) proposed that Mr. Argue's bill be referred to the common banking committee for further study.

Senator Joseph Bradette (L-Ontario) said Canada's next governor-general should be a French-speaking Canadian.

Friday, Feb. 13, 1959.
The Commons meets at 11 a.m. EST to consider supplementary estimates. The Senate is adjourned to 8 p.m. Tuesday.

SEAT FOR LEADER

The Premier "expressed regret" that the PC Party Leader had not been able to obtain a seat in the Legislature. He told the Opposition, had they requested him to hold a by-election after one of their resignations, "I would certainly be glad to oblige, but none of them will give up their seat so he (Mr. Shaw) has to pull the strings from behind the rail."

Mr. Matheson could see no suggestion of gloom in the fact that the throne speech had made reference to tight money policy in the face of rising prices. Referring to the 1948 journal of the House he said that almost an identical observation had been made in the Throne Speech.

CARFERRY FAILURES

He was amazed at the Opposition Leader's stand on the car ferry failures. "This to my mind is one of the most serious things that could happen our Province," Mr. Bell. "We carried on in wartime with only one boat."

Premier: "Yes that was when we were carrying 9,000 autos a year, this past year they carried 102,000 at Borden."

"We asked for a new boat in 1954 and you signed the resolution. If it was important then, it is twice as important now," said the Premier.

The Premier told Mr. Bell, "All you are interested in is getting over to the other side of the House and you do not seem to care how you do it so long as you get there."

The Premier stated that he would go into the Throne Speech in detail when the House met again on Monday.

Slemon Park Bank Planned

ALBERTON — Mr. and Mrs. Carter Vanderstine left Alberton this week after three years residence here. Mr. Vanderstine has been a popular member of the Bank of Commerce staff. Prior to his departure he was presented with a gift from the staff, the presentation being made by the manager, Mr. Al Tibbets.

Mr. Vanderstine will take a three weeks' course in Halifax after which he will become officer in charge of a bank which is to be opened in Slemon Park.

Fire Destroys Elmsdale Home

ALBERTON — The home of Mr. and Mrs. Joshua Smallman in Elmsdale was completely destroyed by fire about three o'clock yesterday afternoon. Originating from a pipeless oil burning heater in the pantry, the blaze spread with such speed the elderly couple barely managed to escape to safety.

An electric wisher was the only thing saved from the modern dwelling, 400 bags of potatoes in the basement, belonging to a neighbour, Arthur Wells, were also a complete loss.

The Alberton Fire Brigade poured five hundred gallons of water on the conflagration but finally had to give up the task and leave to refill the truck tank from a nearby brook.

The Tignish Fire Brigade also responded to a call for assistance but the building was a complete loss by the time they reached the scene.

It is understood there is some insurance.

Central Lot 16 Has W.I. Meeting

SUMMERSIDE — Mrs. Larry Yeo was hostess to the members of the Central Lot 16 W.I. when they met for their regular meeting. The theme was "Women's Institutes", with Mrs. Jack Yeo in charge.

Mrs. C. A. McFadden presided over the business. Roll call was answered by 16 members giving a supper dish recipe. One visitor was present.

The treasurer gave her report and said that a satisfactory sum had been made at the pot luck supper held in January.

It was decided to canvass the district for Red Cross and the secretary was asked to send for the necessary books.

Mrs. McFadden introduced Mrs. Elmer Ramsay, who gave an interesting talk on her term as a member of the provincial executive. She also gave a humorous reading, which was thoroughly enjoyed. She was thanked by Mrs. W. P. Miller. Mrs. Jack Yeo will be hostess for the March meeting.
