Order in Council relative to the Granting of Tavern Licenses.

COUNCIL CHAMBER, June 19, 1860.

THE Board having had under consideration the Law regulating the granting of Tavern Licenses, was pleased to order, That the Colonial Secretary of this Island shall henceforth require from all persons who shall apply for License to keep a Tavern or Inn, within any School District now established, or hereafter to be established within this Island—the City of Chorlottetown excepted—in addition to the Certificate, according to the form marked (C) in the Schedule to the Act of the General Assembly of this Island, passed in the twenty-third year of Her Majesty's reign, and intituled "An Act to alter and amend the Laws regulating the sale by License of Spirituous Liquors," which by such Act is required to be produced to the said Colonial Secretary, an Affidavit to be made by the person or persons who may apply for such License, and to be sworn before any one of her Majesty's Justices of the Peace, which Affidavit shall be annexed to such Certificate, and shall set forth and declare that the Magistrates whose names may be subscribed to such Certificate, are Magistrates resident in the neighborhood of the Inn, Tavern or House of Public Accommodation, for which such Licenses may be required; and also, that the names of the persons, other than such Magistrates, which may be attached to such Certificate, are the names of a majority of the Householders resident in and entitled to vote for Trustees of Schools for the School District within which the proposed Inn or House of Accommodation shall be situate, and also that the names of such persons are of their hand writing, respectively, or were subscribed to such Certificate in their presence, and by their direction.

NOTICE TO THE PUBLIC.

Four Pasture Lots!

IN the Royalty of Charlottetown, about two and a half miles from the City, situate on what is commonly known as the Judge's road. Two of those Lots are cleared and in very good condition, having been well manured, and produced good crops for the last two years,—the greater portion of them has been sown down with Clover and Timothy, and may be expected to yield a good crop of Hay in the ensuing summer. There is an excellent spring of water on one of the cleared lots, making it very desirable as a place for pasturing cattle; and the whole property has a good substantial fence around it. There are, besides, two large new Barracks, one on each of the cultivated Lots, which will be sold or let with the land. A considerable portion of the other two lots has been cleared and the whole may be made ready for the plough at little expense and labour. For further particulars apply to

EDWARD WHELAN.

The Raal Critter.

HO! there readers, do any of you want a Farm? If so, the Subscriber offers for sale that valuable Property, situated only five miles from Charlottetown, containing

100 ACRES OF LAND,

70 of which are under cultivation, the remainder covered with a splendid growth of Soft and Hardwood, and held under lease for 999 years, at the annual rent of one shilling per acre, with a good Dwelling House and Out Buildings thereon. Its frontage is on the Hillsborough River, and extends back to within about three chains of St. Peter's Road. There is a stream of water running through the back part of the land, besides a good Well on the premises. Terms easy. Apply to the subscriber on the premises.

MOFFAT'S LIFE PILLS AND PHŒNIX BITTERS.

THESE Medicines have now been before the public for a period of THIRTY YEARS, and during that time have maintained a high character in almost every part of the globe for their extraordinary and immediate power of restoring perfect health to persons suffering under nearly every kind of disease to which the human frame is liable.

IN MANY THOUSANDS

of certificated instances, they have even rescued sufferers from the very verge of an untimely grave, after all the deceptive nostrums of the day had utterly failed; and to many thousands they have permanently secured that uniform enjoyment of health, without which life itself is but a partial blessing. So great, indeed, has their efficacy invariably and infallibly proved that it has appeared scarcely less than miraculous to those who were acquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life, and induing them with renewed tone and vigor, that they were indebted for their name

Unlike the host of pernicious quackeries which boast of vegetable ingredients, the LIFE MEDICINES are purely and solely vegetable; and contain neither *Mercury*, nor *Antimony*, nor *Arsenic* nor any other mineral, in any form whatever. They are entirely composed of extracts from rare and powerful plants, the virtues of which, though long known to several Indian tribes, and recently to some eminent pharmaceutical chemists, are altogether unknown to the ignorant pretenders to medical science; and were never before administered in so happily efficacious a combination.

The first operation is to loosen from the coats of the stomach and bowels the various impurities and crudities constantly settling round them; and to remove the hardened fæces which collect in the convolutions of the small intestines. Other medicines only partially cleanse these, and leave such collected masses behind as to produce habitual Costiveness, with all its train of evils, or sudden Diarrhœa with its imminent dangers. This fact is well-known to all regular anatomists who examine the human bowels after death; and hence the prejudices of these well informed men against the quack medicines of the age. The second effect of the VEGETABLE LIFE MEDICINES is to cleanse the kidneys and the bladder; and, by this means, the liver and lungs, the healthful action of which entirely depends upon the regularity of the urinary organs. The blood, which takes its red color from the agency of the liver and lungs, before it passes into the heart, being thus purified by them, and nourished by food coming from a clean stomach, courses freely through the veins, renews every part of the system, and triumphantly mounts the banner of health in the blooming cheek.

The following are among the distressing variety of human diseases in which the VEGETABLE LIFE MEDICINES are well known to be infallible.

DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure healthy bile, instead of the stale and acrid kind; *Flatulency, Loss of Appetite, Heartburn, Headache, Restlessness, Ill-Temper, Langour,* and *Melancholy*, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

COSTIVENESS, by cleansing the whole length of the intestines with a solvent process, and without violence: all violent purges leave the bowels costive within two days.

DIARRHŒA and CHOLERA, by removing the sharp acrid fluids by which these complaints are occasioned, and by promoting the lubricative secretion of the mucuous membrane.

FEVERS of all kinds, by restoring the blood to a regular circulation, through the process of perspiration in such cases, and the thorough solution of all intestinal obstruction in others.

The LIFE MEDICINES have been known to cure *Rheumatism* permanently in three weeks, and *Gout* in half that time, by removing local inflammation from the muscles and ligaments of the joints.

Dropsies of all kinds, by freeing and strengthening the kidneys and bladder: they operate most delightfully on these important organs, and hence they have ever been found a certain remedy for the worst cases of *Gravel*.

Also *Worms*, by dislodging from the turnings of the bowels the slimy matter to which these creatures adhere.

Asthma and *Consumption*, by relieving the air vessels of the lungs from the mucous which even slight colds will occasion, and which, if not removed, becomes hardened, and produces those dreadful diseases.

Scurvy, Ulcers and *Inveterate Sores*, by the perfect purity which these LIFE MEDICINES give to the blood, and all the humors.

Scorbutic Eruptions and *Bad Complexions*, by their alternative effect upon the fluids that feed the skin, and the morbid state of which occasions all eruptive complaints, sallow, cloudy, and other disagreeable complexions.

The use of these Pills for a very short time will effect an entire cure of *Salt Rheum*, and a striking improvement in the clearness of the skin. *Common Colds* and *Influenza* will always be cured by one dose, or by two even in the worst cases.

PILES. As a remedy for this most distressing and obstinate malady, the VEGETABLE LIFE MEDICINES deserve a distinct and emphatic recommendation. It is well-known to hundreds in this city, that the former proprietor of these valuable Medicines was himself afflicted with this complaint for upwards of THIRTY-FIVE YEARS, and that he tried in vain every remedy prescribed within the whole compass of the *Materia Medica*. He, however, at length tried the Medicine which is now offered to the public, and he was cured in a very short time, after his recovery had been pronounced not only improbable, but absolutely impossible, by any human means.

FEVER AND AGUE.

For this scourge of the western country these Medicines will be found a safe, speedy, and certain remedy. Other medicines leave the system subject to a return of the disease—a cure by these medicines is permanent—TRY THEM, BE SATISFIED, AND BE CURED.

BILIOUS FEVERS AND LIVER COMPLAINTS.

General Debility, LOSS OF APPETITE, AND DISEASES OF FEMALES—these medicines have been used with the most beneficial results in cases of this description:—KING'S EVIL and SCROFULA, in its worst forms, yields to the mild yet powerful action of these remarkable Medicines. NIGHT SWEATS, NERVOUS DEBILITY, NERVOUS COMPLAINTS of all kinds, PALPITATION OF THE HEART, PAINTER'S COLIC, are speedily cured.

MERCURIAL DISEASES.

Persons whose constitutions have become impaired by the injudicious use of MERCURY, will find these Medicines a perfect cure, as they never fail to eradicate from the system all the effects of Mercury infinitely sooner than the most powerful preparations of Sarsaparilla. A single trial will place them beyond the reach of competition, in the estimation of every patient.

BE CAREFUL OF COUNTERFEITS.

Several have lately been discovered, and their nefarious authors arrested, both in the city of New York and abroad.

Reliable Testimony.

We call the attention of the reader to the following letter from President Smith, of Wesleyan University:

MIDDLETOWN, Conn., Feb. 28, 1859.

SETH W. FOWLE & CO.—Gentlemen:—I first made use of the Oxygenated Bitters some seven or eight years since. Having suffered for twenty years from a form of dyspepsia, which was attended with a nervous headache, on an average of not less than one day in a week, I was induced, by the unpretending recommendation of Dr. Green, "to try one bottle, and if no benefit was received to discontinue the use."

The use of one bottle warranted a further trial, to the extent of some three or four, with a careful observance of the accompanying directions. The result was, an almost entire relief from the usual dyspeptic symptoms and their depressing, painful consequences. I believe these Bitters produced an entire change in the habits of my system, and upon the active energies of the digestive organs. I now deem myself as exempt from Dyspepsia as most persons. These Bitters have also been of service to other members of my family.

Very respectfully yours,

AUGUSTUS W. SMITH.

STODDARD, N. H., Sept. 30, 1859.

Messrs. SETH W. FOWLE & CO.,

Gents:—I was, for many years, a great sufferer from Dyspepsia or Waterbrash, and tried almost everything within my reach, but to no benefit, until I was induced by the recommendation of my physician, Dr. Hazelton, to make use of the Oxygenated Bitters. The first bottle produced but a slight alteration in the disease, and had it not been for the urgent request of my physician, I should then have discontinued their use, thinking them to be of no avail; but his confidence inspired me to persevere, and after using to the extent of half a dozen bottles, I had entirely regained my health. I hope all Dyspeptic persons will be induced to give them a fair trial, being confident that the remedy is the most potent, for the various forms of Dyspepsia, that has been produced. Yours,

STEARNS FOSTER.

OXYGENATED BITTERS.—To such of our readers as are troubled with the debility incident to the approach of warm weather, we cordially recommend the use of the Oxygenated Bitters as an invigorating tonic,—containing no alcohol in its composition, and possessing more real merit than any preparation of the kind we have ever known.—*Ogdensburg Republican.*

THE FRIEND OF ALL!

HOLLOWAY'S PILLS.

Nervous Disorders.

What is more fearful than a breaking down of the nervous system. To be excitable or nervous in a small degree is most distressing, for where can a remedy be found? There is one:—drink but little wine, beer or spirits, or far better, none; take no coffee, weak tea being preferable; get all the fresh air you can; take three or four Pills every night; eat plenty of solids, avoiding the use of soups; and if these golden rules are followed, you will be happy in mind and strong in body, and forget you have any nerves.

Mothers and Daughters.

If there is one thing more than another for which these Pills are so famous it is their purifying properties especially their power of cleansing the blood from all impurities, and removing dangerous and suspended secretions. Universally adopted as the one grand remedy for female complaints, they never fail, never weaken the system, and always bring about what is required.

Sick Headaches and want of Appetite.

These feelings which so sadden us most frequently arise from annoyances or trouble, from obstructed perspiration, or from eating and drinking what is unfit for us, thus disordering the liver and stomach. These organs must be regulated if you wish to be well. The Pills, if taken according to the printed instructions, will quickly restore a healthy action to both liver and stomach, whence follow as a natural consequence a good appetite and a clear head. In the East and West Indies scarcely any other medicine is ever used for these disorders.

How to be Strong.

Never let the bowels be either confined or unduly acted upon. It may appear singular that Holloway's Pills should be recommended for a run upon the bowels, many persons supposing that they would increase relaxation. This is a great mistake however, for these Pills will immediately correct the liver, and stop every kind of bowel complaint. In warm climates thousands of lives have been saved by the use of this medicine, which in all cases gives tone and vigor to the whole organic system, however deranged—health and strength following as a matter of course. The appetite too is wonderfully increased by the use of these Pills, combined with the use of solid in preference to fluid diet. Animal food is better than broths or gruels. By removing acrid fermented, or other impure humours from the liver, stomach or blood the cause of dysentery, diarrhœa, and other bowel complaints is expelled. The result is, that the disturbance is arrested, and the action of the bowels becomes regular. Nothing will stop the relaxation of the bowels so quickly as this fine correcting medicine.

Disorders of Kidneys.

In all diseases affecting these organs, whether they secrete too much or too little water; or whether they be affected with stone and gravel, or with aches and pains settled in the loins, over the region of the kidneys, these Pills should be taken according to the printed directions, and the Ointment should be well rubbed into the small of the back at bed time. This treatment will give almost immediate relief when all other means have failed.

For Stomachs out of order.

No medicine will so effectually improve the tone of the stomach as these Pills; they remove all acidity occasioned either by intemperance or improper diet. They reach the liver and reduce it to a healthy action; they are wonderfully efficacious in cases of spasm,—in fact they never fail in curing all disorders of the liver and stomach.

THE GREAT CURE ALL!

KNOWN THROUGHOUT THE WORLD

HOLLOWAY'S OINTMENT.

Bad Legs, Bad Breasts, Sores and Ulcers.

All description of Sores are remediable by the proper and diligent use of this inestimable preparation. To attempt to cure bad legs by plastering the edges of the wound together is a folly; for should the skin unite, a boggy diseased condition remains underneath to break out with tenfold fury in a few days. The only rational and successful treatment, as indicated by nature, is to reduce the inflammation in and about the wound, and to soothe the neighbouring parts by rubbing in plenty of the Ointment as salt is forced into meat. This will cause the malignant humours to be drained off from the hard, swollen and discoloured parts round about the wound, sore or ulcer, and when these humours are removed the wounds themselves will soon heal; warm bread and water poultices applied over the affected parts, after the Ointment has been well rubbed in, will soothe and soften the same, and greatly assist the cure. There is a description of ulcer, sore, and swelling which need not be named here, attendant upon the follies of youth, and for which this Ointment is urgently recommended as a sovereign remedy. In curing such poisonous sores it never fails to restore the system to a healthy state if the Pills be taken according to the printed instructions.

Diptheria, Ulcerated Sore Throat, and Scarlet and other Fevers.

Any of the above diseases may be cured by well rubbing the Ointment three times a day into the chest, throat and neck of the patient; it will soon penetrate, and give immediate relief. Medicine taken by the mouth must operate upon the whole system ere its influence can be felt in any local part, whereas the Ointment will do its work at once. Whoever tries the unguent in the above manner for the diseases named, or any similar disorders affecting the chest and throat, will find themselves relieved as by a charm. All sufferers from these complaints should envelope the throat at bed time in a large bread and water poultice after the Ointment has been well rubbed in; and if the soles of the feet are likewise rubbed with the Ointment every night, it will greatly assist the cure of the throat and chest. To allay the fever and lessen inflammation, eight or ten Pills should be taken night and morning. The Ointment will produce perspiration, the grand essential in all cases of fevers, sore throats, or where there might be an oppression of the chest either from asthma or other causes.

Piles, Fistulas, Strictures.

The above class of complaints is surely removed by nightly fermenting the parts with warm water, and then by effectually rubbing in the Ointment. Persons suffering from these direful complaints should lose not a moment in arresting their progress. It should be understood that it is not sufficient merely to smear the Ointment on the affected parts, but it must be well rubbed in for some considerable time two or three times a day, that it may be taken into the system, whence it will remove any hidden sore or wound as effectually as though palpable to the eye. There again bread and water poultices, after the rubbing in of the ointment, will do great service. This is the only sure treatment for females, cases of cancer in the stomach, or where there may be a general tearing down.

Imprudencies of Youth;---Sores and Ulcers.

Blotches, as also swellings, can with certainty be radically cured if the Ointment be used freely, and the Pills be taken night and morning as recommended in the printed instructions. When treated in any other way they only dry up in one place to break out in another; whereas this Ointment will remove the humour from the system, and leave the patient a vigorous and healthy being. It will require time with the use of the Pills to ensure a lasting cure.

Dropsical Swellings, Paralysis and Stiff Joints.

Although the above complaints differ widely in their origin and nature, yet they all require local treatment. Many of the worst cases of such diseases will yield, in a comparatively short space of time, when this Ointment is diligently rubbed into the parts affected, even after every other means have failed. In all scrofulous maladies the Pills should be taken according to the printed directions accompanying each box.

Both the Ointment and Pills should be used in the following cases:

Bad Legs	Chiego-foot	Fistulas	Sore-throats
Bad Breasts	Chilblains	Gout	Skin-diseases
Burns	Chapped Hands	Glandular Swellings	Scurvy
Bunions	Corns (Soft)	Lumbago	Sore-heads
Bite of Moschetoes and Sand-Flies	Cancers	Piles	Tumours
	Contracted and Stiff Joints	Rheumatism	Ulcers
		Scalds	Wounds
Coco-bay	Elephantiasis	Sore Nipples	Yaws
