Greek Premier Denounced For 'Conciliatory' Cyprus Stand

ATHENS, Greece (Reuters) - Opposition parties Sunday denounced Premier Constantine Karamanlis for his "conciliatory" rejection of British constitutional changes in Cyprus.

Members of the Greek parliament claimed the Cyprus union-with-Greece cause had been "betrayed" by the government. A violent debate was expected this week when the government's Cyprus policy is aired in parliament.

The newspaper of the Communist-backed EIDA party—Greece's second largest—charged the premier "had abandoned Cyprus to the British."

Other parties joined in saying the Karamanlis party should resign. The Liberal newspaper Eleftheria even called for a Greek government under Archbishop Makarios, exiled Greek Orthodox leader on Cyprus. Makarios also has rejected the plan.

The new British plan for its Mediterranean island colony called for dual Greek-Cypriot and Turkish-Cypriot assemblies and citizenship plus a governor's council with both groups represented.

The Greek-Cypriots form four-fifths of the 500,000 population of the island off the Turkish coast. The minority Turks demand the island's partition into Greek and Turkish zones.

Cyprus Governor Sir Hugh Foot told Makarios—now in Athens—in a letter made public Sunday that a peaceful settlement of the island's problems will be found only if the Greeks and Turks accept "some abridgement" of past demands.

Foot also told Makarios if the violence which has rocked the island ceased, emergency clamps on civil rights would be progressively lifted. This process would include a return to Cyprus "of yourself and others at present excluded from Cyprus," he said. Makarios was exiled two years ago for alleged complicity in Cyprus terrorism.

Mr. Walter McEwen, Montague was umpire.

Montague Drops Cardigan 12-7

Montague defeated Cardigan 12-7 for their second straight win at Cardigan yesterday afternoon in the Southern Kings Softball league for the Jamieson trophy.

The game was well played and exciting throughout. A home run in the fourth by K. Ballum was the only homer of the game.

The batteries of Harry and Reg Hughes for Cardigan and Don Williams and Oscar MacDonald for Montague, both played good ball, making this one of the better games this season.

Mr. Pierce spoke to the assembly on public relations as it affected the pharmacists.

During the day certificates were presented to Mr. Euphemia M. Johnston, Montague and Samuel Warren Hood, Charlottetown each of whom has passed the Certified Clerk course given by the Maritime College of Pharmacy, Halifax.

When you ask for a loan at the B of M... you do not ask a FAVOUR

WHEN the housewife calls at the grocery store and orders a supply of provisions, she is not asking a favour... she is buying goods for which she will pay cash... purely a matter of business.

So with your bank. It is a business proposition just as much as the grocery store.

The grocer deals in groceries... the banker deals in credit. And, as the making of loans is the principal way by which his bank derives its revenue, he is as anxious to sell his credit as the grocer is to sell his groceries. And, like the grocer, the banker naturally wants to know that he is going to be paid for his goods... that his loans will be met when they fall due. That, too, is only good business.

When you have occasion to ask for a loan, look at it this way. Come to the Bank, not feeling that you have to ask a favour, but to offer the manager a sound business proposition which will be of profit to you and to his institution.
