It is necessary to remember that there are many so-called Quinine Wines, but that the GREAT ORIGINAL is "Campbell's," and that the genuine bears our signature upon the label. The best proof of its value is the fact that its sale at the present time is larger than ever before.

The following certificate shows how CAMPBELL'S QUININE WINE is appreciated. Having submitted two samples of Quinine Wine, imitations of the genuine, along with a sample of our own, to the Public Analyst, we received the following reply:

"CAMPBELL'S is the only genuine Quinine Wine of the three samples examined at Messrs. Kenneth Campbell & Co's. request."

#### Examination at New Glasgow.

The semi-annual examination of the pupils of the above school took place on the forenoon of Friday, 27th ult., in the presence of the trustees and a goodly number of visitors.

The pupils were examined in the primary department, and in English, Arithmetic and Algebra in the advanced department by Mr. J. H. Monaghan, Principal of Hunter River, in Reading and Geography by Rev. Mr. Crawford, and in Latin, French, Geometry, Canadian History and Botany by the Principal, Mr. Norton.

In the different examinations the pupils acquitted themselves admirably, giving ample proof of the thoroughness of the work done during the year. A pleasing feature of the examination was the contest in reading for a prize offered by Mr. Monaghan. About a dozen entered in the contest, but the final was between Miss Azza Brownell and Miss Ella Bagnall. So close was the contest that a decision was reserved and a prize awarded to each of the young ladies. The examination being over, the pupils were addressed by Mr. A. B. Dickenson. He said the manner in which the exercises of the day had been carried out had afforded him a great amount of pleasure, while it was a public proof of the soundness and thoroughness of the educational advantages afforded by the New Glasgow School, and that it had never been in a more flourishing condition.

Mr. Monaghan was pleased to assist at the examination, and to bear witness to the highly creditable manner in which the pupils acquitted themselves. The subject upon which they were examined were by no means easy, yet the answers given showed that the pupils were not only grounded in the general meaning of the lessons which they studied, but were also quite familiar with the genius of the languages, their peculiarities and idiomatic expressions.

Rev. Mr. Crawford expressed himself as in the highest degree pleased and edified at all he had witnessed, and could not but endorse the statement that their school never was in a better condition, which reflected the highest credit upon their teachers, Mr. F. T. Norton and Miss Maggie Smith.

Remarks were also made by Messrs. Bagnall, Stevenson, McKay and others, all of whom bore testimony to the excellence of the work.

The singing of God Save the Queen then brought to a close a most interesting and enjoyable day.

THE STATEMENT BELIEVED.—We have published at different times that we could furnish a piece of crockery or glassware to every man, woman and child on P. E.
