Increase Shown In Amount Of Cheques Cashed

OTTAWA, Aug. 4 — (CP) — Business, as gauged by the amount in cheques cashed at clearing centres, boomed to new highs in June and in the first six months of 1950.

Cheques worth $10,044,701,000 were cashed in June, the Bureau of Statistics reported today, compared with $7,216,255,000 in June last year. This brought the total for the first half of this year to $46,514,277,000 against $41,170,316,000 in the first half of 1949, a gain of 13 per cent.

Marked increases were shown in each of the five economic areas classified, with the largest gain — 52 per cent — being recorded in Ontario. In the Prairies, the figure was 37 per cent ahead for June, while gains in the Atlantic Provinces and in Quebec were nearly 28 per cent and British Columbia had an increase of 25 per cent.

Each of the areas also registered gains for the first half of the year.
