NEW ZEALAND.

FREE GRANTS OF GOVERNMENT LAND.

THE Provincial Government of the Province of Auckland, New Zealand, by an Act passed in March, 1858, to encourage Emigration, have authorized me, as their Agent for Prince Edward Island, to grant to all persons (male or female) who will emigrate from this Island at their own cost, for the purpose of settling in the Province of Auckland, Free Land, according to the following scale, viz:—

For every person, 18 years and upwards, 40 acres; and for every person upwards of 5 and under 18 years of age, 20 acres.

Provided always, that in any case in which a child shall accompany the parent, the grant shall be given to the parent, and not to the child; and in any case in which a servant shall be taken, at the sole expense of the master, the allowance shall be made to the master, and not to the servant.

The parties eligible to these grants are Farmers, Farm Laborers, Mechanics of all kinds, Servants, and some Professional men. None need apply except those of good moral character, and of sober, industrious habits.

Residents of this Colony, intending to emigrate for Auckland, direct or otherwise, will deprive themselves of the benefit of these Grants unless they take their Land Orders from the authorized Agent here, previous to their leaving the Island.

Copies of the Land Act, in pamphlet form, and further information, can be obtained by applying to CHARLES BELL, Agent for P. E. Island. Queen Square, Ch. Town, June 27, 1859.

The Great Ambassador of Health!

TO ALL MANKIND.

HOLLOWAY'S PILLS.

A BOON TO THE SICK!

The want of a sterling medicinal preparation to meet the many "ills that flesh is heir to," and one entirely free from minerals and other deleterious particles, was severely felt till this all powerful medicine was ushered into the world.

Holloway's invaluable Pills have become the Household remedy of all nations. Their attribute is to prevent as well as to cure. They attack the root of the complaint, and thus by removing the hidden cause of disease, re-invigorate and restore the drooping energies of the system, assisting nature in her task of vital and functional reformation.

INDIGESTION. The great scourge of this country, as well as of all hot climates and marshy districts, yields quickly to a course of these invaluable Pills, and the digestive organs are restored to their proper tone, and fevers of all kinds avoided. It matters not in what shape this derangement exhibits itself, Holloway's searching and unerring remedy expels it from the patient's system.

GENERAL DEBILITY. From whatever cause, Lowness of Spirits, and all other signs of a diseased liver, or of a general disorganization of the system, vanish under the eradicating influence of this powerful and most searching remedy, which in warm and relaxing climates act like a charm.

FEMALES. Should lose no time in trying a few doses of this regulating and renovating medicine, whatever may be their complaint. It can be taken with safety in all periodical and other disorganizations. Its effect is all but miraculous, either to young persons entering into womanhood, or to those at the turn of life.

BILIOUS COMPLAINTS. Those who suffer from bile and liver complaints should try the effect of this valuable remedy, a few doses of which will make the sufferer feel elastic and vigorous, remove all impediments, cleanse the blood from all impurities, give a healthy action to the liver, and strengthen the stomach. If bilious attacks be allowed to continue without using such a preventive, fever will arise, and the sufferer be confined to a bed of sickness. These Pills are an extraordinary remedy in removing acidity from the stomach and correcting indigestion, especially in hot and swampy localities.

A CERTAIN CURE FOR COUGHS AND COLDS. The cause of half the diseases to which humanity is liable is the mode of treating the human system when attacked with these disorders, which often lead ultimately to a fatal result. By persevering in the use of Holloway's Pills, the most obstinate cold or cough is soon checked and cured; for this medicine, by purifying the blood, regulating the secretions, checking the depraved humors, and encouraging a free perspiration, rapidly puts the system into a sound and vigorous condition, thereby enabling it to throw off the disorder. The cure is complete and permanent, particularly if Holloway's Ointment be well rubbed into the chest and throat night and morning.

COMPLAINTS INCIDENT TO CHILDREN. In no country in the world are more children carried to an early grave than in this. Cough, measles, scarlatina, fevers and similar diseases attack the little sufferers, and death but too often follows at a rapid pace; yet, if at the first stage of the complaints parents were to have recourse to Holloway's Pills, all danger would be avoided; for the stomach and bowels being gently but effectually cleansed by this mild aperient, the depraved humors corrected, and the secretions duly regulated, a perfect cure is soon effected, and the little patient is restored to sound health.

Holloway's Pills are the best remedy known in the world for the following diseases:—

Table with 2 columns: Diseases and Remedies. Ague, Dysentery, Liver complaints, Asthma, Erysipelas, Lumbago, Bilious Complaints, Female Irregularities, Piles, Itches on Skin, Retention of Urine, Bowls complaints, Fevers, all kinds, Urine, Colics, Fits, Scrofula, or King's Evil, Constipation of Gout, Sore Throats, the Bowels, Head-ache, Consumption, Indigestion, Debility, Inflammation, Dropsy, Jaundice, Secondary Symp.

Sold at the Establishments of Professor Holloway, 244, Strand, (near Temple Bar) London, and 80, Maiden Lane, New York; also at all respectable Druggists and Dealers in Medicines throughout the civilized world, at the following prices:—1s. 3d. 3s. 3d., and 5s. box.

There is a considerable saving by taking the larger sized Box. N. B.—Directions for the guidance of patients in every disorder are affixed to each Box.

Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing virus, and, above all, by the venereal infection. What ever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which renders the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S Compound Extract of Sarsaparilla,

the most effectual remedy which the medical skill of our times can devise for this every where prevailing and fatal malady. It is combined from the most active remedies that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as ERUPTIVE and SKIN DISEASES, ST. ANTHONY'S FIRE, ROSE, or ERYSIPELAS, PIMPLES, PUSTULES, BLOTCHES, BLAINS and BOILS, TUMORS, TETTER and SALT RHEUM, SCALD HEAD, RINGWORM, RHEUMATISM, SYPHILITIC and MERCURIAL DISEASES, DROPSY, DYSPPEPSIA, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITIATED OR IMPURE BLOOD. The popular belief in "impurity of the blood" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC, are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitality. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: Costiveness, Heartburn, Headache, arising from disordered stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness, and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.
