

PROVINCIAL ELECTION!

Liberal-Conservative Candidates for the City:

HON. NEIL McLEOD, PATRICK BLAKE, ESQ.

THE DAILY EXAMINER.

JUNE 24, 1886.

Mr. Farquharson's False Charges.

A CORRESPONDENT, who was present on the occasion, writes to THE EXAMINER:—

"After the candidates had addressed the meeting at Wilshire, Hon. William Campbell took the floor to answer the slanderous charges which Donald Farquharson had been circulating in regard to the Public Works Department. He showed the electors that Mr. Farquharson's statement that Hon. Mr. Campbell had paid Charles Lyons \$5,000 for coal was utterly without foundation. The coal purchased was obtained by the Trustees of the Asylum, and not by the Commissioner of Public Works. He also showed Mr. Farquharson's statement that \$31,000 was spent without tender in two years to be grossly false, \$14,000 being the outside. The North River Bridge, in regard to which Mr. Farquharson had been lying right through the canvass, was properly let, faithfully executed, and stands for every elector to examine for himself—

nothing in the annals of political warfare is meaner and more infamous than Mr. Donald Farquharson's slanderous conduct respecting the Hon. William Campbell. Mr. Donald McKay, in his place in the House of Assembly, challenged Mr. Farquharson to prove these charges. Hon. Mr. Campbell gave them a prompt and unequivocal denial; and afterwards produced a letter from Mr. Simont, stating that North River Bridge was repaired in strict accordance with the provisions of the contract. Mr. Farquharson was invited to move for a committee of enquiry, or to take any legitimate step he chose for the purpose of proving his dastardly stories. He might have taken a little crowbar—we have no doubt that Mr. Campbell would have loaned him one—and gone and examined the bridge for himself. He did nothing,—the clear inference being that he could do nothing to substantiate his charges. But when the House is dissolved, and Mr. Campbell is away seeking the suffrages of his constituents, Mr. Farquharson again retails his "yarns" at wayside meetings, and strives to damage Mr. Campbell, and promote himself by means of them. The electors well know how to punish a mean and cowardly calumniator.

Nomination Notes.

—Inadvertently, we announced in THE DAILY EXAMINER of yesterday that Messrs. Malcolm McDonald and George Moor were nominated as the Opposition candidates for Georgetown. This was an error. The Patriot had kept the names of these gentlemen before the public as candidates of the Opposition for weeks; but it was only to deceive the people. The gentlemen named have too much good sense to want to enter the Legislature in the place of Hon. Mr. Gordon and Hon. Mr. McDonald. The opposition offered by Mr. John Lavers is purely factious, and he will receive his deserts on the 30th.

—In part of the daily issue of yesterday, the name "Angus McCallum" appeared in place of that of Angus McDougall, Esq., one of the popular candidates for the representation of the First District. We learn that so hard up are the Grits of that District, that this error of the press was eagerly utilized by them. On the strength of it they forthwith proclaimed that Mr. McDougall had backed down, and some other candidate had been put up in his place! Such tactics indicate clearly that the Grits know their candidates to be weak and Messrs. Campbell and McDougall to be strong.

—The Patriot states that those who nominated Messrs. Morris and Peters numbered over three hundred. We publish in another column full lists showing that, apart from their movers and seconders, Mr. Morris was supported at the nomination by exactly seven electors, and Mr. Peters by exactly eight electors. The statement of the Patriot is untrue.

—The speaking talent displayed after the nomination by the Liberal-Conservative candidates was very creditable, contrasting most favorably with that of the candidates of the Opposition. Mr. Bain's speech was much admired. It was in good form and was full of telling points. After it was over more than one elector was heard to say, "he is one of the men I would like to see in the Legislature!" Mr. L. H. Davies and the Hon. Donald Ferguson had a short passage in which was again illustrated the truth of the Belfaster's laconic remark, "Donald floors him every time." It is gratifying to know that the Liberal-Conservative Party possess not only the best cause, but also the best speakers.

—It appears that Mr. Angus McDonald and Mr. J. A. Montgomery have been nominated by the Oppositionists to contest the Third District of Prince County.

The fire waste for last month was not much short of \$7,000,000 in the United States and Canada. For the past eleven years the average waste during May has been \$8,000,000, so that May, 1886, shows a reduction of \$1,000,000. At the same time the fire waste so far, during 1886, is about \$150,000 more than during the same time in 1885.

NEW BRUNSWICK AND PRINCE EDWARD ISLAND CONFERENCE.

(Special Correspondence of the Examiner.)

SACKVILLE, June 18.

EVENING SESSION.

This evening an interesting Sabbath School gathering took place. W. Heard, Esq., occupied the chair.

Prayer was made by Rev. H. Daniels.

Rev. S. H. Rice read the report.

Speeches were given by J. E. Irvine, St. John; George L. Holyoke, Woodstock; J. Henry, Charlottetown; W. H. Thorne, St. John, and Rev. W. H. Spargo. There was a large number present.

After a collection had been taken up the Rev. S. H. Rice pronounced the benediction, and the meeting closed.

FOURTH DAY—SATURDAY MORNING—FRATERNAL MEETING.

This morning 150 or 200 people came over from Amherst, where the Nova Scotia Conference was assembled, and spent the day in a fraternal gathering.

On motion of Dr. Stewart, Rev. J. Shenton was placed in the chair.

On the platform were Rev. C. Jost, President of the Nova Scotia Conference, and Rev. R. Wilson, Secretary of the N. B. and P. E. I. Conference.

On motion, Rev. A. D. Morton was appointed Secretary.

After singing "Take my life and let it be," the Revs. A. W. Nicholson and E. Evans led in prayer.

The Chairman spoke a few words of welcome.

It was resolved to discuss the Sustentation Fund.

Rev. C. Jost spoke of the great spiritual prosperity of the last year in their congregation. Over 1,100 souls had been added to their number. An increase of more than \$1,000 was reported in the missionary income.

Rev. J. Shenton also reported a prosperous year in the N. B. and P. E. I. Conference.

Rev. C. Lockhart asked whether the Sustentation Fund should be for the entire Church or for each Conference.

Rev. H. Daniel thought that we should aim to have united action.

Dr. Lathern spoke of what had been done in the Nova Scotia Conference during the last year in the way of sustentation. He said that about 51 per cent. of our present missionary income went towards domestic missions, 33 per cent. towards foreign, and about 16 per cent. to working expenses. He advocated the making of grants for four years, and thought that each Conference should have a fund of its own.

Rev. A. W. Nicholson tabled a resolution advocating that the Home and the Foreign Missions should be separated, which Rev. J. Read seconded.

Rev. S. F. Huestis said that the Missionary Society was not opposed to the formation of a Sustentation Fund. He was opposed to the re-formation of the Home Mission Society.

Rev. J. Read claimed that one fund helped the other. Our ministers are not worse off than the ministers of other Churches, but our people ought to do more. Each Conference ought to sustain its own domestic missions.

After some explanations by Rev. A. W. Nicholson and J. Read, J. E. Irvine, Esq., thought we should have two funds. Dr. Lathern proposed some resolutions to the effect that the grants should be made for four years. The Rev. Thos. Angwin thought that people ought to have the opportunity of saying to what object they wished their gifts applied. Rev. R. Wilson thought that some people would give to a Home Mission Fund, and others to a Foreign. Rev. C. H. Paisley, A. M., spoke in the same strain. He called attention to the large increase in working expenses since 1874. Rev. F. W. Smith expressed the formation of two funds. W. Heard, Esq., moved a resolution in favor of separating the two funds. J. A. White, Esq., seconded the above. J. W. Colwell, Esq., was glad the conversation had taken place, as it had cleared up many misconceptions. Rev. E. Evans corrected some statements that had been made, and said we must do more for our missions. Rev. J. R. Narraway, A. M., said that an increase of members did not always mean an increase of giving power. He urged that we should go back to our local preacher system. Rev. S. H. Rice made some remarks. Rev. W. H. Hertz said that we should not do less for our Foreign Missions, but we should do more for our Home Missions. He tabled a resolution in favor of having confederated action on this matter. Rev. James Taylor thought we should ask for a certain amount as a grant for four years. Rev. W. C. Brown thought that no minister should receive less than \$750. He believed that we ought to have two funds, a Foreign Missionary Fund and a Sustentation Fund. He moved that we take a vote on this matter. Dr. Allison, Superintendent of Education for N. S., advocated the establishment of the Sustentation Fund on a broad liberal basis. A unanimous vote in favor of having a Sustentation Fund was taken. On motion of Dr. Lathern a committee was appointed to whom were handed all the resolutions for the purpose of formulating some resolution that might be acceptable to the Conference. The Conference then adjourned for dinner. The Sackville people appeared to exceed themselves in their well known hospitality.

AFTERNOON SESSION.

After singing, Dr. Lathern led in prayer. Rev. A. W. Nicholson reported that the committee had been able to agree only on one point, viz., that there should be a sustentation fund.

On motion of Dr. Lathern the matter was laid over for further consideration with the annual conference.

MISSIONARY MATTERS.

On motion of Rev. W. H. Hertz a resolution declaring that eastern Methodism was inadequately represented on the General Missionary Board.

Dr. Allison explained that this inadequate representation was the result of the Union, and would doubtless be rectified by the next General Conference. Rev. E. Evans hoped the resolution would be carried. Rev. S. F. Huestis was favorable to its passing. Resolution carried unanimously. On motion of J. E. Irvine, Esq., the further consideration of missionary matters was referred to the annual conference.

PUBLISHING INTERESTS.

Rev. S. F. Huestis was called to the platform. He made quite a lengthy statement, and gave a financial statement. Dr. Lathern read some lengthy resolutions passed by the Book Room Committee. The book steward claimed that we had not our full share of profits of Toronto publications. He said the liabilities of the establishment were \$24,579 and the assets \$23,903, the deficit \$676. Rev. A. W. Nicholson thought that our relations to the Toronto Book Room were purely a matter of business. Rev. H. Daniel moved that a vote of thanks be accorded Messrs. Huestis and Smith, which was passed. Those gentlemen made suitable acknowledgments thereof.

EXAMINATION OF PROPAGATORS AND CANDIDATES.

Dr. Lathern spoke in favor of giving some discretionary power in this matter to annual conferences and moved a resolution to this effect. Dr. Williams spoke against any such discretionary powers being vested in annual conferences. We must take this country by the head if we wish to take it by the heart. Rev. C. H. Paisley, A. M., seconded Dr. Lathern's resolution and spoke in favor of it. Rev. J. Read thought that we ought to look to our own church for a supply of candidates. He thought that this was not the time to lower but rather to elevate the standards. Dr. Stewart thought we should look to our own church for a supply of ministers. Do we sufficiently remember to pray that the Lord of the vineyard would send forth laborers into the field? Rev. G. O. Huestis thought that we should have an educated ministry—but hoped that we would not go too far in educational matters.

Rev. J. C. Borrie acknowledged that Englishmen were not the best kind of men for our work, but claimed that the work could not have been carried on without them. Rev. James Strothard was afraid that we might put the standard too high. Rev. C. Jost, M. A., said that our preliminary examinations were rather too low than too high. He asserted that the Superintendents were often to blame when the young men did not pass their examinations. Dr. Allison objected to the resolution on general principles. As superintendent of education he could say that it was this discretionary power which he dreaded. The Rev. Thomas Marshall made some explanatory remarks. Rev. A. D. Morton said his views on the matter had undergone a complete change. He did not attach as much stress as formerly to education. Rev. Joseph Gaetz said that they had lost a most distinguished man for want of this discretionary power. Dr. Lathern closed the discussion with a few words. The motion was lost, 55 voting for it and 60 against it.

On motion of Rev. S. F. Huestis, thanks were voted to the N. B. and P. E. I. Conference and to the friends at Sackville for their entertainment.

The minutes were read and approved.

After singing "Blest be the tie that binds," the Rev. J. V. Jost pronounced the benediction.

OPEN AIR MEETING.

An open air meeting was held on Saturday afternoon in front of the Church. It was conducted by Rev. J. C. Borrie.

Rev. H. R. Baker led in prayer.

Mr. Berrie gave a suitable address.

Two or three prayers were offered, and then the congregation adjourned to the Church, where a most interesting and delightful meeting was held. Six or seven penitents were seeking mercy.

The meeting broke up about 7 o'clock.
