Provincial LOL Elects Officers

SUMMERSIDE — A St. Eleanor's man, Ernest Moore, was elected grand master of the Loyal Orange Lodge at the session of the Grand Orange Lodge of P.E.I. held recently at Berthelot Lodge here.

One of the guests at the session was Thomas Jennings of Moncton, N.B., past master of LOL 62, Moncton. Mr. Jennings outlined to the lodge, arrangements which are being put forth for a mammoth 1967 centennial Orange celebration to be held in Moncton July 14-17, 1967, which will include all lodge members in the Maritime Provinces.

A delegation from the Grand LOBA of P.E.I., who were meeting at the "Y" Centre here, Mrs. Susie Moore, Mrs. Florence Ross, Mrs. Alice Jewell, all from Charlottetown, brought greetings to the session from their respective lodges.

Extending a hearty welcome

in the session on behalf of the Town was Councillor Herbert Schurman who, as a token of goodwill, presented a letter opener displaying the town crest to Grand Master Joseph Cook.

TROPHIES AWARDED

It was announced at the session that the Muttart Trophy had been won by MacCallum Lodge No. 3267, Montague. Mr. Cook had on display the Leslie Saunders Trophy which was presented to him at the lodge of BA held in Regina, Sask., last June. This trophy was presented to the province which had the highest percentage of initiations each year. The trophy will now be retained in the province due to P.E.I. becoming the province to reach the goal by winning it three different years.

A banquet was served by the Trinity United Church ladies in Epworth Hall and the memorial service was conducted in the church by Rev. Grant Wall. Organist was Mrs. Eric Sheen.

Other officers elected along with Mr. Moore were: — deputy marshal, Spurgeon Moore, Charlottetown; junior deputy

marshall, Richard M. Simpson, St. Eleanor's, chaplain, Basil C. Holm, DeSable, secretary, C.D. MacPhail, Charlottetown; treasurer, K.B. Young, Clyde River; grand-marshal, Gordon Johnston, Charlottetown; lecturer, Winston Drake, Vernon; deputy lecturer, John C. Campbell, Coleman; deputy secretary, Woodland Pauptit, Sherbrooke; auditors, Clifton Ince, Manford Beer; deputy lecturer, John Pool, Milton; deputy chaplains, Rev. T.R. Goudge, Pownal; Rev. A.Y. Steeves.

Chaplain Basil Holm conducted the closing service.

BAN SKATE BOARDS

MONTREAL CP — Skate boards have been banned around city parks under a by-law dealing with "controls for the protection of life or property." Parks director Andre Champagne announced the decision Friday. Earlier, skate boards were banned on city streets and sidewalks.

MP DONATES FLAG TO TROOP

Members of the 1st Montague Boy Scout troop examine the new maple leaf flag which was sent to them

recently by John Mullally, MP, for Kings. Explaining pertinent points of the flag is Jock Beck, left, troop leader and

Queen Scout. Others, all second class scouts, are Scott Beck, Kenny Bryand, and Barry Dewar.

BILLETING AREAS PICKED

Three Groups Expected In Youth Travel Scheme

The 1965 federal-provincial program of youth travel, initiated by the National Centennial Commission, was discussed by department of education officials Friday morning.

Malcolm MacKenzie, deputy minister of education, said that three groups of Island students, numbering 72 and six chaperones will travel to different parts of Canada for a week this summer while this province will be host to three groups of students and their chaperones.

He said it is planned that one group will be billeted in the Charlottetown area, one in Summerside and one in either the Montague or Georgetown.

One Island group will visit Regina during the week of August 16; another group will be in the Winnipeg area during the week of July 5, and another group will go to the Melville and Yorkton area in Saskatchewan for the week beginning Aug. 16.

The student groups to visit this province will be from Montreal, Winnipeg and Regina.

Mr. MacKenzie said that the students are billeted in homes in the areas in which they visit,

and preferably with students of their own age. He said the department of education in this province would like offers from homeowners to billet the visiting students this summer. "Our students when they are away are enjoying the hospitality of homeowners to billet the visiting students who visit us to receive the same benefits."

The federal government absorbs the transportation and travelling meal costs of the students while the provincial department of education absorbs the cost of local transportation and entertainment for the visitors.

Commenting on the travel exchange program, Mr. MacKenzie said,

"The source of enthusiasm for the promotion of youth travel springs from the widely held conviction that the Canadian citizens of the second century of Confederation will have to be knowledgeable about the geographical, economic, political, and cultural composition of Canada if they are to discharge their duties and responsibilities and exercise their rights and privileges as will be necessary to maintain national unity and further enhance Canada's role in the community of nations."

"The basic purpose of the travel scheme is to provide an opportunity for young Canadians to participate in a program of travel which will take them to regions beyond the borders of their respective provinces. Such a scheme will introduce young Canadians to the geography of their country, to its political and educational institutions, to the various aspects of its cultural life, and to its artistic and industrial achievements. It should, furthermore, provide them with a more intimate understanding of and deeper insights into the various human and material forces under which the nation is developing."

"It is expected that such experience will provide travel participants with a broader outlook and a vastly increased knowledge and understanding of Canada and its people.

"It is hoped that the scheme begun in 1964 and developing progressively each year to 1967, can reach a peak in Centenary year."

New Bridge Proposed At Morell

Test drilling is being carried out by the provincial department of highways on the foundations around the highway bridge over the Morell River on the St. Peter's highway.

Highway engineers say a new bridge is in the proposal stage and tests of the underlying geological strata must be made before plans for a new bridge can be designed.

NEW POWER, NEW SPEED

New HOMELITE SUPER XL CHAIN SAW

For any cutting job, for professional or amateur, here is the world's lightest direct drive chain saw with super power... new Homelite Super XL. Weighs only 13 lbs., 12 oz., less bar and chain, but fells trees up to 4 feet in diameter. Cuts 18" softwood in 17 seconds, 18" hardwood in 24 seconds. Have a free demonstration today.

MR. P. E. I. FARMER:

You Can't Get Gypped on SURGE Service

WHEN your Surge Service Dealer lands at your farm to make his annual Surge Service call he is there to help you milk your cows better and faster.

You can tell him to go ahead and do whatever he thinks is necessary with absolute assurance that you can't get hurt... because... the cost of keeping Money Making Milking in your barn must be satisfactory to you. He sold you a good milking machine in the first place and he is there to make it keep right on being a good milking machine.

When he has done his work, pay him what he says you owe. If you are not entirely satisfied that his price is right and fair, all you have to do is send your bill to Chicago and we'll send you our check for every cent he charged you for labor. We have entire confidence in our Surge Service Dealer... so can you.

SCHOLARSHIP

Roger MacDonald, senior arts student at St. Dunstan's University and editor of this year of the SDU campus publication Red and White, has been awarded a two-year scholarship in the English department of Dalhousie University. Value of the scholarship is \$2,000. Mr. MacDonald plans to study for his Master's degree in English, after which he will pursue a career in either journalism or education.

Precipitation Much Below Normal Here

The meteorological section of the Experimental Farm has recorded only 2.36 inches of precipitation in the Charlottetown area for the first four months of 1965.

The precipitation this year is down five inches from the normal amount and seven inches from last year's amount.

During the previous 56 years the average precipitation count has been 13.79 inches for the first four months of each year.

The precipitation in 1962 (first four months) amounted to 15.38 inches and reached 15.67 inches for 1964 in this area.

The precipitation this year is down five inches from the normal amount and seven inches from last year's amount.

City Speeder Draws Fine

Charged with speeding, Raymond Acorn of Charlottetown was fined \$20 and costs or 10 days when he appeared before Acting Magistrate Gerald R. Foster, Q.C. in City Police Court Friday morning.

Donald F. Carter of Nova Scotia was fined \$5 and costs for failing to stop at a stop sign.

One person charged with being drunk and incapable was fined \$10 and costs or five days.

Animals, Hay Lost In Blaze

SUMMERSIDE — Three cattle, a litter of pigs and a considerable amount of baled hay were lost in a fire which destroyed the main barn on the property of James Saunders of Kensington early Friday morning.

A neighbor, Carl Samole saw the flames and sounded the alarm about 2.30 a.m.

The Kensington Fire Department responded in time to save the house to which the barn was attached, other buildings and a tractor. Mr. Saunders said the barn was not insured.

Earlier in the morning a grass fire was discovered in another area in a field behind the home of Mayor Everett Champion. The fire was extinguished by the mayor with the help of his son.
