A NEW TIRE, IF IT PUNCTURES

High-Mileage Safety '99' is guaranteed against glass cuts, stone cuts, bruises... but this premium-tough tire is so indestructible that it will actually be replaced with a new tire, if it punctures (see guarantee).

SAFETY '99' HIGH-MILEAGE POLYESTER—

- can't "flat-spot," eliminates "cold morning thump"
- can't moisture-rot and cause a blowout
- built to deliver more miles of smoother, safe driving, than any other tire
- stays "round"—you can actually "feel" the extra control and stability right through the steering wheel
- equals or exceeds ALL safety requirements; S.A.E. J918A and RMA-1, Canada and U.S.A.

(Yes, Polyester Safety '99' does cost a little more—but it's a mighty small price to pay for this new dimension in driving pleasure, comfort and security.)
