

CAUGHT BY SKIN DIVER

HONOLULU.—T. H. Larry Windley (right), of Honolulu, poses with this giant sea bass off the northwest coast of Maui island here. The 54-pound monster, one of the largest ever landed in the Hawaiian Islands, was speared by Windley in 70 feet of water. A companion on the deep-sea diving expedition, Jack Ackerman, poses with Windley and fish. Ackerman recently landed a 371-pound sea bass but he was aided by four other divers. (AP Wirephoto)

ALBERTON HIGH NOTES

Nursing Career Outlined For Students At Alberton

On Friday afternoon, Miss Louise Gillis, Public Health Nurse, addressed the girls of Grades Eleven and Twelve on a career in nursing. She discussed the qualifications that a good nurse should have, the various subjects included in a nursing career, the choice of a nursing school and other topics of interest to students who plan to be nurses.

Miss Gillis' talk was of special interest to girls who definitely plan on a nursing career and several of them stayed after the address to discuss their plans with her.

SPORT
The only game played by the A. H. S. hockey team during the past week was the one with the Summerside High School team on Friday night. The score for this game was 3-2 in favour of Alberton.

The Alberton Ice Sports were also held on Friday night. Congratulations to the several High School students who participated in and won races at this event.

YEAR BOOK
The members of the Grade Twelve class and their teachers met on Monday afternoon after school to make plans for the publication of a year book.

The following students were elected to the staff of this year-book: editor, Eric Hardy, assistant editor, Evelyn Carpenter, bus-

ness manager, Ethel Williams; chronicle editor, Sandra Sampson; sports editor, Bill Donald, photography editor, Lester Brennan, biography editor, Isabel Green.

The staff plan to begin work on the year book as soon as possible and it will be published this spring.

Grade VIII. 1. Shirley MacWilliams, 2. Anna Donnelle, 3. Kathleen Collicutt.

Grade VII. 1. Lorraine MacWilliams, 2. Eric Collicutt, 3. Linda Cooke.

Grade VI. 1. Sandra Bulger, 2.

E. Prince Jr. Farmers Meet

The February meeting of the East Prince Junior Farmers Association was held Thursday night at the home of Allison and Glenford MacLean, South-West Lot 16. Glenford MacLean, the president was in the chair.

Roll call was answered with a joke by each member. An invitation from Ontario Junior Farmers has been extended to P. E. I. Junior Farmers to attend their annual meeting in March which will be a three day affair.

Tentative plans are that each of the three Island groups send two delegates, making a total of six. The meeting decided to support this venture by donating \$25.00 out of club funds, with the two delegates here making up the remaining \$25.00 between them.

Among the topics discussed was soil testing and the square dancing competition at the Music

Ernest O'Connor, 3. Hartley Crossman.

Mrs. Geraldine C. MacGregor, Principal.

KENSINGTON

Mrs. Charles Cooke returned to her home in Kensington on Friday, after spending the past weeks in Boston, Mass.

Mr. and Mrs. Eric Jessome, Mr. and Mrs. Gordon Cooke and Mr. and Mrs. W. M. Cousins, returned on Saturday to their home in Kensington after attending a Canada Packers Convention at Saint John, N.B.

Mr. and Mrs. P. J. Kennedy returned to their home in Kensington on Monday after a visit to Boston, Mass.

Mr. and Mrs. Hartwell Bernard left recently to return to their home in Malden Mass., after spending a vacation in Kensington and vicinity. They were accompanied by Mr. and Mrs. William C. Donald of Sea View who will be away for two weeks visiting friends and relatives.

The many friends of Mr. William Bernard, Kensington will be glad to know that his condition

has improved following his recent illness.

Mr. Edmund Stavert has returned to his home in Kensington after spending the past week-end at French River.

Friends will be pleased to know that Mrs. Leighton Coulson is much better following treatment in the Prince County Hospital, Summerside and is visiting her parents, Mr. and Mrs. Hedley Paynter, Kensington.

Twenty-seven tables were in play at the card party held by

THE BANK
and
small business

MR. A. T. LAMBERT,
Vice-President
and General Manager,
The Toronto-Dominion Bank.

This is our lending policy...

"The charge has been made that the small businessman has suffered more from the policy of monetary restriction than have the other segments of the business community... as far as (our) bank is concerned this is not true... our policy has been to take care of the legitimate credit needs of all of our customers... we made a survey of our loan accounts under and over \$100,000 as at June 30, 1957 and June 30, 1956... in this period the number of our loans under \$100,000 showed a greater increase than the number in excess of this amount and in total there was no significant change in the pattern."

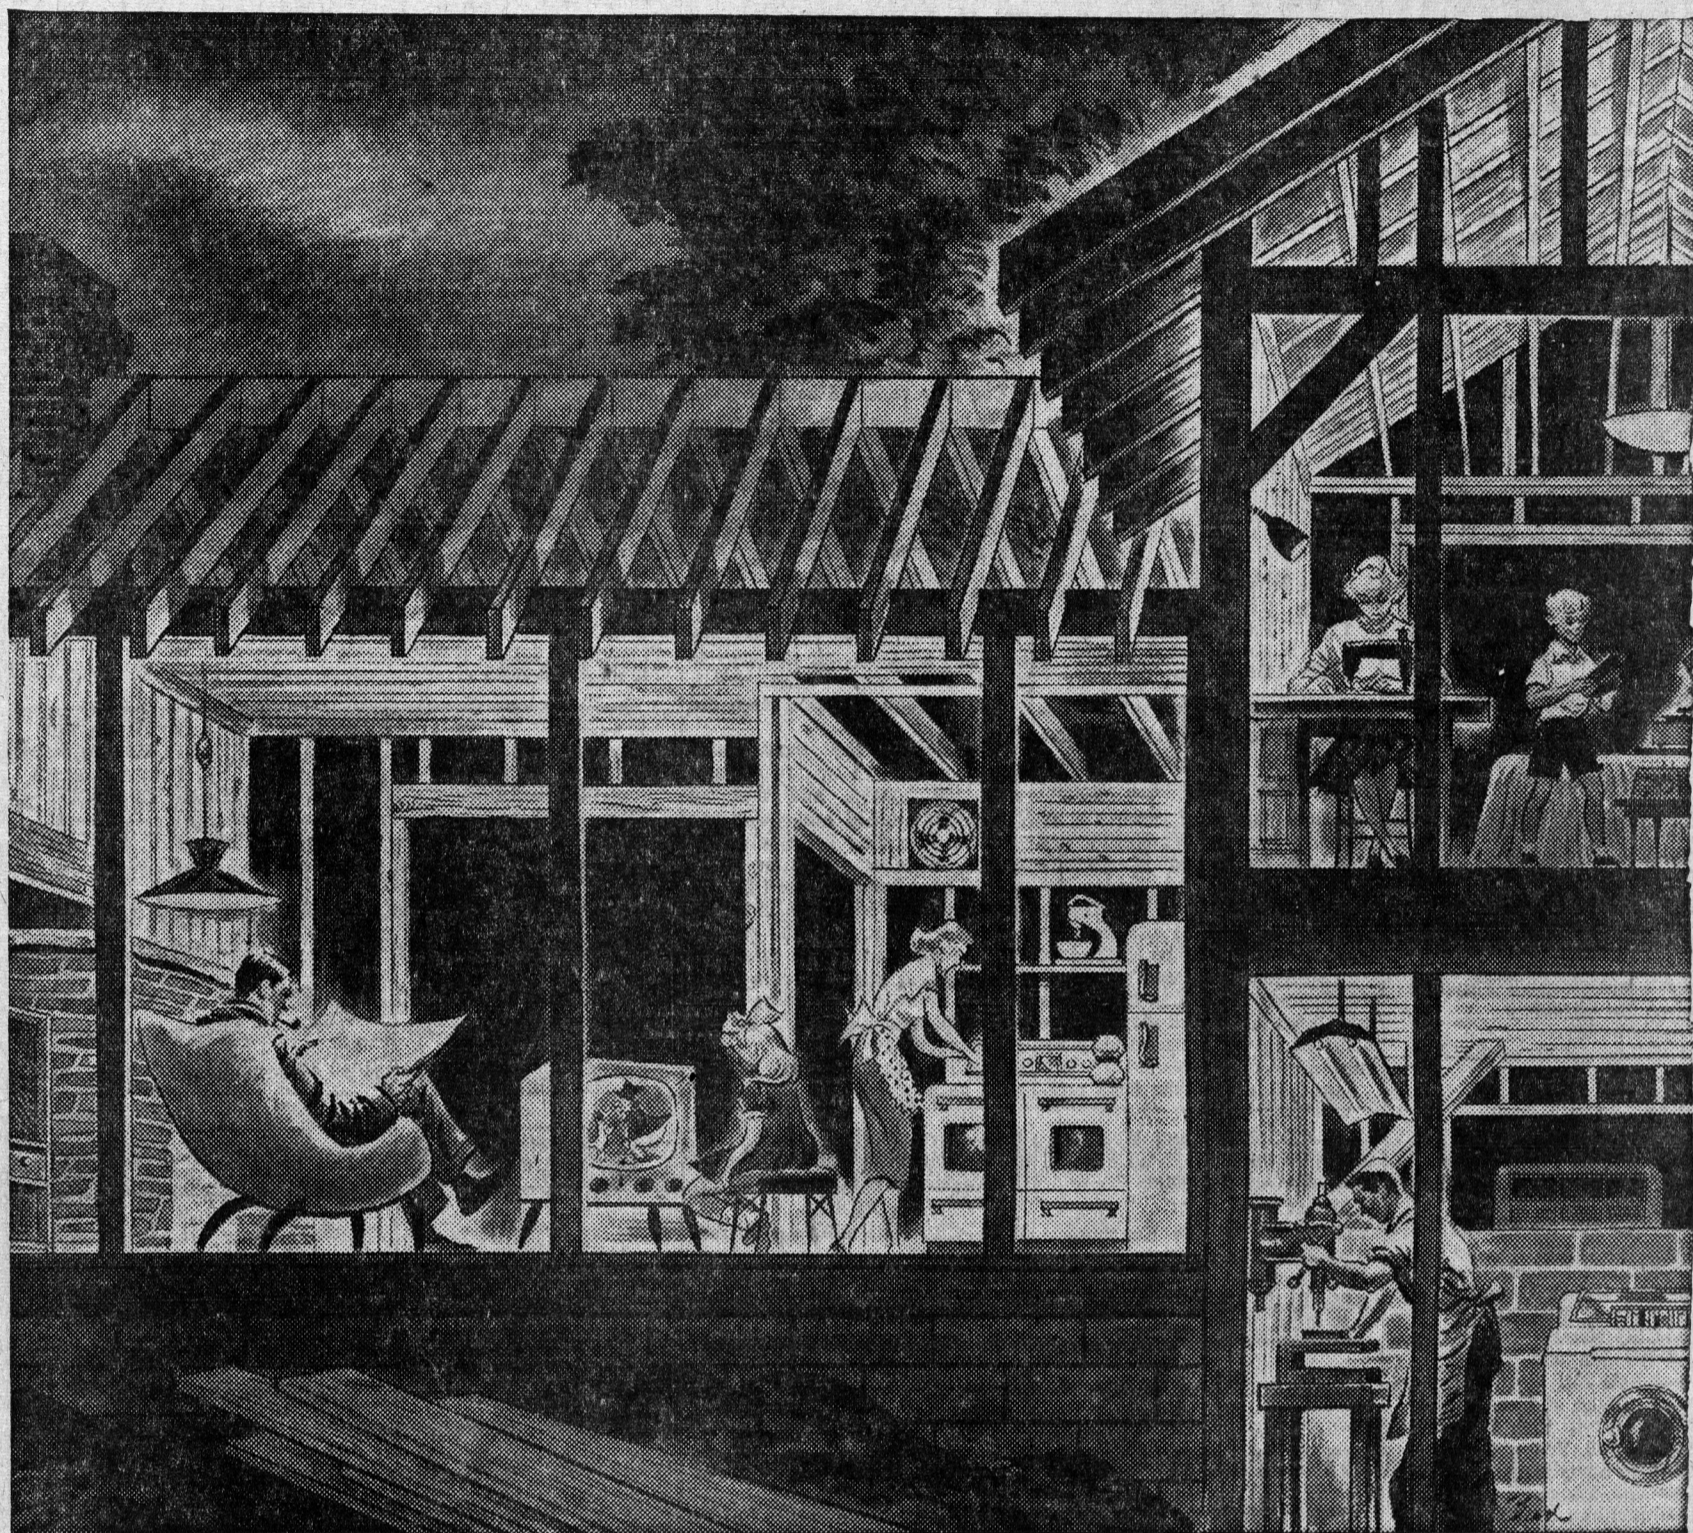

Excerpt from the 1957 Annual Meeting address of Mr. A. T. LAMBERT, Vice-President and General Manager

In the recent period of strong credit demand, the consideration and understanding shown by The Toronto-Dominion Bank to customers old and new has resulted in a strengthening of the loyalty of our present customers and is attracting many new ones to us. We invite you to see the manager of the nearest Toronto-Dominion Bank. He will be pleased to discuss your business problems with you.

Inco Metals at work in Canada

Inco Copper helps you enjoy modern electrical living

...but three Canadian homes out of five need up-to-date wiring

SUPPOSE the house you're living in is ten years old or more. The original wiring system did its job well in those days. But can this same wiring system handle the many new appliances you have in 1958? Or in five of ten years from now?

Probably not. Even some new houses are not properly wired to carry the electrical load you need in your home. In fact, more than 3 out of every 5 Canadian homes have inadequate or out-of-date wiring.

If your home is one of these, it means that you're not getting good service from your appliances. They're operating too slowly... using more electricity than they should... and costing you more money. Lights are not as bright as they ought to be. Electric motors operate slowly. Fuses may be blowing. These are sure signs of

inadequate wiring. And it could mean that you're playing with fire... because overloaded wiring can help create a fire hazard.

Make sure your home has a safe and up-to-date wiring system. If you spot any of the tell-tale signs, call in an electrical contractor and have him inspect the wiring. He can show you how to enjoy the safety and convenience of modern electrical living.

Inco supplies copper to Canadian companies for the manufacture of heavy duty power cable and the wiring that goes into your home. And you use many other products made from Inco ORC* Brand Copper every day. For more than half of all the copper produced by Inco is used right here in Canada. Another example of the way Inco metals serve the Canadian industries that serve you.
