Potato Inspection Shed Destroyed In Souris Fire

SOURIS BUREAU OF THE GUARDIAN

A government potato inspector shed at Souris was gutted by fire yesterday afternoon and the total loss in the fire is estimated at about $10,000.

The fire which broke out about 2 o'clock in a fish shed owned and occupied by Walter J. MacDonald spread rapidly.

Another fish shed owned by Jake Gillman and Bill Jarvis and which contained a large quantity of lobster gear, also fell prey to the flames.

From these two sheds the fire jumped to the Federal Government's potato inspection shed which was located on the government wharf. The shed was built partially on the wharf and parpially on creosted pilings adjacent to the wharf.

The flames caught in the pilings and burned them down nearly to the water's edge and also ate up through the potato inspection shed. The building which was about 75 feet long by 25 feet wide was compeletely gutted, although Souris firemen managed to stem the flames before it was completely destroyed and before they could spread to other buildings.

The government wharf which is constructed of steel piling and cement, topped with asphalt was not damaged by the flames.

The government shed which had been moved to its present location and remodelled in 1957 is estimated to be an $8,000-loss. Mr. Gillam and Mr. Jarvis estiate their loss at around a thousand dollars while Mr. MacDoald's loss is believed about $700.

Alexandra Calf Club Wins P.E.I. Showmanship Trophy

The Alexandra Calf Club walked away with the showmanship trophy yesterday as the 1959 edition of the Rural Youth Fair and Harvest Exhibition came to a close.

The trophy, donated by the P. E.I. Artificial Breeding Association, is awarded for the best entry in the showmanship competition.

The Alexander Calf Club entry was shown by Janet, Paulette and Phyllis Jones, of Pownal.

New Glasgow Calf Club captured the Reserve Champion Showmanship with their entry which was shown by Gloria Houston, Carol and Wayne Dickieson. They were presented with silver trays by Dr. George C. Fisher.

The Holstein entry this year was one of the largest in years with no less than 36 entries, which were divided into two sections with 18 in each section.

Barbara MacRae of Royalty Calf Club exhibited the champion Ayrshire calf, Reid Vickerson of Cornwall showed the champion Jersey and Bert Palmer of Kensington showed the champion Guernsey calf.

The Reserve Champion Ayrshire was shown by Betty Lou Doyle of the Summerville Calf Club and Eddy Boswall of Hazelbrook Calf Club captured the Reserve Champion Jersey. The Reserve champion Guernsey was shown by Clifford Green of the Kingston Calf Club.

Janet Jones of Alexandra Calf Club captured the Champion Holstein while Norman Adams of the O'Leary Calf Club captured the Reserve.

The beef entries also provided keen competition and gave judges H. K. MacCharles, Moncton, N. B. and Harold Kellier, Fredericton, N.B., a fairly difficult time in declaring the champions.

1,073 Tested For TB In 2 Days At Crapaud

The Island-wide tuberculin and x-ray survey sponsored by the provincial health Department and the Prince Edward Island Tuberculosis League continues to be enthusiastically received by citizens, according to Dr. E. M. Found, director of Tuberculosis control.

The continued success of the survey which was inaugurated in 1956, can be attributed chiefly to the keen interest of public-spirited voluntary workers in the various communities who attended preliminary organization meetings and carried out a house to house canvass.

To date, during 1959, 270 voluntary workers have assisted in the survey at the following centers: Southport, Central Royalty, East Royalty, West Royalty, St. Peters, Monticello, Pownal, Mermaid, Vernon, Vernon Bridge, York, Covehead, Winsloe, Harrington, North Wilshire, Bonshaw and Crapaud.

Remaining districts to be surveyed in order to complete the Island tuberculin survey this year are: Fredericton, Breadalbane, New Haven, Cornwall, Kingston, Afton and Fairview.

Over 47,000 adults and children over school age have been tested to date; 19 citizens were discovered through the survey as having tuberculous disease unknown to themselves, but which required treatment. Most of these have received sanatorium care and have returned to their homes.

AT CRAPAUD

One of the largest clinics this years was conducted at Crapaud for two days, Sept. 17 - 18, where 1073 people from Hampton, Inkerman, Kelly's Cross, South Melville, Tryon, Victoria, Westmorland, Brookvale and Lady Fane attended in spite of the busy farming season.

The survey is under the supervision of Dr. E. M. Found assisted by Miss Hannah Turner, P.H.N.; Mrs. John Cameron, R.N.; the public health nurses of the various districts and Joseph MacKinnon, x-ray technician.
