Let's Talk It Over

The organizing of Lobster week, (if the event proves to be the success we expect it to be) will be a fine example of what an enterprising community can do with energetic leadership, and wholehearted co-operation on the part of those who carry out the plans of the leaders. Never before in Summerside have so many citizens been involved in a project of this kind. All the service clubs are making a combined effort to ensure the success of this ambitious undertaking, and other organizations and citizens are putting their shoulders to the wheel.

Ed Dalton hit 3 for 4, Ullric Gallant and Clarence Gillis 2 for 4, Neil Walker and Jimmie Grady for 1, Joe Dalton 1 for 3, and Reg Phillips 1 for 4. REVIEWS

(Continued from page 12)

For a number of years district project have been advocated, but it was not until this year that they became a reality. The following district convention areas West Prince, North Prince No. 2, Central Prince and West Queens, have inaugurated a scholarship fund. Financial assistance to be given to rural boys and girls who wish to study in the field teaching, agricultural, home economics and nursing.

INSTITUTE OFFICE WORK
The office is a busy place and there is never sufficient time to attend to all the duties and detailed work that an organization as large as this entails. Each year the number of callers looking for various information keeps increasing and there are days when little else is accomplished, than listening to these members problems and supplying their needs. During the year six issues of the Women's Institute news were prepared from contributions sent in by the various branches. This is a ten page publication and 2700 go out to our members.

For the Provincial Handicraft exhibit, we continue to receive all entries, prepare and mail entry tags, compile judges sheets and

Sixty-one of the eighty-five sewing clubs organized in the fall of 1955 have completed their work. This month making a total of 83 are scheduled for the rest of the month making a total of 83 June Achievement days were held, and the club sewing judged. The organization work of these Achievement Day showed more effort on the part of the parents and leaders who had planned them. Each year the work and interest continues to improve. Regional Field Days will be held at Souris and O'Leary with an increased attendance at each place. The County prize winners sewing work was displayed, games and sports made up the entertainment for the afternoon. The refreshments consisted of a picnic supper at which ice cream was provided by the Department of Agriculture. The County field days promote interest and we would like to see all our 4-H Club projects represented.
