The Guardian joins with their many friends in wishing them a happy and prosperous journey on the sea of life.

THE great Paulin, the eminent French Hypnotist and mind reader began his series of entertainments in Market Hall on Monday night. By his wonderful feats he fully demonstrated the power of mind over matter. Nothing has ever appeared in Summerside that has furnished as much amusement and instruction, at the same time giving a peep into the mysteries of this great unexplained science. One must see to believe the wonderful things done by the great hypnotist. Only one or two can be given. A young man who travels with Dr. Paulin was placed in a cataleptic state and his lower jaw set with the mouth open. A committee from the audience were then given leave to close the mouth but try as they would they could not accomplish that end. To further illustrate the power exerted over the subject the body of the man was placed between two chairs his shoulders resting on the back of one chair and his ankles on the other and four heavy men were allowed to stand on the body. The next feat was more astonishing still. Paulin stood alone on the body and caused it to bend downwards till it seemed as if it must break in two and although standing on it restored it to its horizontal position.

**Skirts and Shirt Waists**

We have been saying nothing to you lately about our stock of Ready-made Skirts and Shirt Waists—not because they are not here in abundance and of the best—but because we had not a chance to get a word in edgewise about them, we had so many other good things to tell you of. Besides our reputation for selling stylish and up-to-date garments in these lines, is well established, and ladies naturally turn their steps to this department when in need of anything specially nice. Never before, however, have we shown such extremely pretty styles at such moderate prices, and the demand for them is so brisk, we are continually ordering and so have always something new and pretty.

In skirts we can show you every stylish color and material, including a nice line of light and medium greys, which will be so fashionable during the coming summer with white or light shirt waists.

Of the latter we have a very lovely display, dainty and stylish and withal cheap, commencing with dainty white waists at 49c each, on up through the various grades in lawn, embroidered linen, swiss muslin and white silk.

We have also all fashionable colors in silk waists, which you should certainly see before you decide on anything, as they are as trim and dressy as you could wish for, at a much smaller price than you could have the same goods made up for.

A line of beautiful high class black silk underskirts, is also worthy of your attention and is a luxury you will be tempted to possess once you see them.

Only a few left of those elegant silk coats for ladies, which came to hand this week. Come quickly if you want one.

**A Specialist's Prescription for women**

Who Feel Tired and Run Down.

A Remedy that Gives New Life and Vigor and makes Women Feel Good.

Dr. Hugo's Health Tablets for Women are the prescription of a specialist. We do not say that no other living physician could prescribe so good a remedy for women. But we do say this. The ordinary practicing physician cannot prescribe so good a one, and no living physician can prescribe a better one.

Dr. Hugo put into the prescription all the knowledge, experience and skill which he had acquired in forty years' practice as a specialist in women's diseases, and included as well the discoveries of all other great physicians. All that is latest in medicine—all that has been found useful to women, is contained in them. Nothing useless has been included. Nothing useful has been left out.

The result is, that every requirement of the female system in any possible condition is met by them.

And this fact has been certified to by leading physicians and chemists on this continent, to whom Dr. Hugo's prescription was submitted.

If you are in a run-down condition and don't feel as well as you would like to, or suffer from any menstruation difficulty, or weakness peculiar to your sex, avail yourself at once of the prescription of this great and good physician. The cost of 72 tablets, enough for an extended treatment, is only 50c.

**To Strain the Eyes**

To strain the eyes is to spoil the eyesight sooner or later. It may not be right away; it may not be 100 years hence; but some time or other you will pay the penalty. How much better and wiser it would have been to ease the strain by the use of glasses. You may dislike them; but if you get the proper kind and have them properly fitted you will not find them the bugaboo you imagine. The E. W. Taylor Store has been famed for over 30 years for both good glasses and good fitting. Could you go anywhere else for glasses with such certainty of satisfaction?
