

# Co-operation of public urged for float parade

The Gold Cup and Saucer Committee wants everybody to see the huge float parade Friday morning, August 17. And they are taking the necessary precautions to insure that physically handicapped persons get their full share of the big show.

For this reason the west side of Market Square, facing Queen Street, will be reserved for invalids who may watch the parade from cars. City Police will allow such persons to be in front of these cars occupied by the invalids.

The parade committee has designed the route so as all hospitals will be passed. Cars are permitted not to park in front of the hospitals during the parade.

All traffic into the city via North River Road will be diverted via Bellevue Avenue from 8:30 Friday morning. His Honour J. Gov. F. W. Hyndman will take a salute from a saluting stand erected in front of the Dominion building on Queen street.

The City Officers are expecting the fullest co-operation from all citizens in making a magnificent parade. Every effort is being made to make this the greatest in Charlotte.
