

Primroses Nip Aces 3-2

The Montague Primroses took an important game from the Summerside Aces at Civic Stadium last night, winning a hard-fought close-checking contest by the score of 3-2, and taking the lead in the semi-final series for the first time by the count of three games to two.

The Aces took a 2-0 lead in the first period, with the Primroses evening it up at 2-2 in the middle frame. The only goal of the final frame was a definite break for the visitors. Longaphie scooped one towards the Ace goal. Dowling outside the crease tried to get the puck past Mann. He missed it cleanly but the wafer struck his skate and caromed out of Mann's reach into the twines. This goal was scored at 3:18 of the third period, and for the final 16 minutes the Primroses put up a very effective barrage of forechecking which staid many Ace attacks while they were being organized.

The home team did get through for a fierce bombardment of the Montague net in the final 16 minutes, however, but Dillon with some encouragement from Lady Luck held the Aces at bay.

Coke Grady shoved the disk over the crouching Dillon to score the first Ace goal at 13:29. A minute later Gallant got a second rebound off Harris's shot to make it 2-0. The Montague boys had a definite edge on the Aces for the first half of this period but failed to hit pay dirt. Then the Aces took over and with more luck around the cage scored their brace of tallies.

Queen's Co. Ice Meet Held At Sports Arena Last Night

A fairly large crowd of fans saw some exciting finishes and fast skating at the Queen's County Ice Meet held at the Sports Arena last night.

Nearly every race was well contested. Skaters who finished first and second will be entered in the Prince Edward Island Ice meet scheduled for the Sports Arena this coming Friday.

Girls and boys relay teams from Queen Charlotte High School took victories by close decisions over Parkdale school in the relay races. Souris finished third in the girls relay and Q.S.S. was third in the boys relay.

Claude Peters of Souris sped to victories in the 1/2 mile and mile open races, and David Storey of Parkdale finished second both times. Storey also took a second in the 1/2 mile open won by Stan Pearson of Central Royalty school.

Brenda Coles of Notre Dame Academy won the girls 1/4 mile open. Janet Longaphie of Rochford Square was second.

Following are the results: Girls 1/4 mile open: 1. Brenda MacArthur, Winsloe; 2. Paulette Coles, P.S.S.; 3. Jane Johnson, Central Royalty.

Boys 7 and under: 1. Bobby Whitlock, Spring Park; 2. Graham Burke, P.S.S.; 3. Freddy Quinn, P.S.S.

Prince County School Sports Meet Tonight

Six Prince County schools will have entries in the Annual Prince County Ice meet scheduled for tonight at Civic Stadium in Summerside.

Entrants are from Alberton, O'Leary, Cape Traverse, Borden, St. Mary's Convent, Summerside, and Summerside, Bedeque and Kensington.

A big crowd is expected to be on hand to watch some keenly contested races in which the best skaters from schools in Prince County be entered.

First and second place finishers will win the right to enter the Prince Edward Island Meet scheduled for the Sports Arena in Charlottetown this coming Friday.

Goals Scored May Decide Second Position In N.H.L.

MONTREAL (CP) — The hefty collection of goals scored by Montreal Canadiens this season, stacked against the total output by Boston Bruins, may decide second place in the Montreal Hockey League final standing.

Detroit Red Wings are already first place winners. The Bruins and Canadiens are a slam-bang drive for second place, each with one game left.

The two teams are tied virtually down the line at 80 points, 34 games won, 23 lost and 12 tied.

Since most wins and fewest losses may not settle the issue, NHL

regulations provide next for decision on the basis of most goals in 60 games. Canadiens have scored 207 goals and the Bruins 193.

If Canadiens defeat Chicago Black Hawks here Saturday night and Boston wins at home against New York Rangers, Canadiens will get the official nod—unless, of course, the Bruins pile up some weird goal total. Not even the Bruins are hopeful of that.

Two individual titles are still hanging in the balance as the teams swing into their last weekend of regular-schedule play.

Gordie Howe of Detroit heads

the league's scorers with 84 points. Jean Beliveau of Montreal has 83 and Ted Lindsay of Detroit 82. The Red Wings have two goals left, both against fifth-place Toronto Maple Leafs—in Toronto Saturday and in Detroit Sunday.

GOALIE AWARD UP

If Beliveau is to finish ahead of Howe he will have to stage something of a scoring spree Saturday.

Should there be a tie on points at the finish, the \$1,000 award goes to the player with the most goals. Howe has scored 42, Beliveau 33 and Lindsay 28. The runner-up gets \$500.

Another \$1,000—and nothing for runner-up—is still at stake between goalies Glen Hall of Detroit and Jacques Plante of Montreal. The goalie award—the Vezina Trophy—goes to the goalie who has played the most games for the team least scored on during the season.

Hall has been beaten 153 times but has two games to go against Plante's one. Plante is charged with 155 goals, including 32 scored against Montreal in nine games. Plante won the award last year.

HUNTERS' CORNER

April 15th is "The" Date

Twenty-four days more and trout fishermen will have their finings. What fishing conditions will be like on the morning of April 15th is anyone's guess at the moment but given the right weather all could be well. A steady thaw like we have had during March to date could work wonders. There is a great depth of ice covering most rivers and dams but ice can go out fast once a break-up sets in. One may fish through the ice this season, the same as last year, if it is safe. Mid-April ice can be deceiving at times and its good bet to carry a fence rail or pole when one ventures out where the water is deep.

I note where trout fishermen, some at least, took a rather dim view of the suggestion they take a tourist under their wing for a few outings this summer. Trout fishing pressure has built up to such a point it is sheer folly for one to disclose where the "better hole" is in this age of up-to-date lures and spinning rods. Even some of the salt water bars become too crowded when a run is on. If a trout enthusiast has a quiet pool on a fresh water stream or river my advice is to keep it secret.

I remember a friend of mine told me 15 years ago of a special trout pool he had located at the head of a tidal river. A spring that had its origin in a rocky gully fed a sizable flow of ice cold water into a heavy flowing stream some distance above salt water influence. It entered a deep pool under an overhang of heavy spruce roots and through July and August salt water trout made this their headquarters. The average weight was in the two pound bracket but trout up to three pounds were hooked and landed at this pool.

It was in an out of the way spot. One could drive by out to the rear of an abandoned farm to within a few hundred yards of the spot. A grassy glade in a field overgrown with alders made a natural parking lot. The road was narrow and rough in spots but perfectly dry and if the car owner wasn't afraid of a few scratches on his jalop it was clear sailing with no bad spots. My friend treated the pool as any pool should be treated. He never visited it more often than twice a week.

He tried to limit his visits to weekly affairs and made it a point to be very careful during holidays preferring to wait for ordinary week days. He always rested the

Next Month Sees The Fishing Open

According to Federal Fisheries Officials, Prince Edward Island has some of the best trout fishing in Eastern Canada. The season opens April 15th and closes September 15th. The non-resident license for the season is only \$3.00.

There are fishing ponds in all streams everywhere in the Province, with the best places possibly being in the eastern and western sections. The best run of sea trout are to be had on the rivers in July and August.

Early in the season, the bait fishermen seem to do better than the fly fishermen. But, in the summer fly fishing is most popular and is exclusive tackles in fishing the river sea trout. In recent years, some fishermen have been using spinners with good success. There are no official guides on the island, but most members of the Fish and Game Associations are only too happy to take visiting sportsmen out for a day's fishing free of charge.

There are a number of leased ponds in the Province but not enough to seriously interfere with the pleasures of a visiting fisherman.

The Pirates Will Have Two More Experienced Pitchers

By WHITNEY MARTIN

NEW YORK (AP)—The youth movement adopted by manager Bobby Bragan for his Pittsburgh Pirates is fine, but there are reasonable limits to everything.

In recognition of this, Bragan has brought in two pitchers—Bob Kuzava and Paul Minner—who at 33 are ancients compared with the rest of the pitching staff, but who he hopes will do more than baby-sit with the youngsters in the forthcoming season.

Both Kuzava and Minner are trying to make comebacks. Kuzava's name has been in a couple of lineups this spring indicating Bragan is giving him a real chance.

The big towhead has an interesting history, and although he never won more than 14 games in one season, his career is not without notable highlights.

There was the time, for instance, in 1949, when he came within two outs of pitching a no-hit game for Chicago White Sox. And on two occasions, he sewed up the deciding world series games with some fine relief pitching for New York Yankees.

In the ninth inning of the sixth and final game in 1951 Johnny Sain loaded the bases with Giants with none out, and Kuzava trudged in from the right field bullpen to see what he could do about the situation. The Yankees were leading 4-1 at the time.

Bragan Sees His Pirates In A Fifth-Place Finish

By JACK HAND

FORT MYERS, Fla. (AP)—Pittsburgh Pirates, who shocked the National League by taking the lead in the race for the pennant, think they are good enough to make fifth place this season.

"We should finish fifth and, if we're good enough to beat St. Louis we could be fourth," said manager Bobby Bragan. "I think we'll beat Philadelphia, New York and Chicago."

"We're a much better club with our outfield by far our strongest point. We have three men out there who can run, throw and field with any in the league and also hit for average."

Bragan, the peppery pilot who moved the Pirates out of last place in his rookie year, has four definite reasons why he considers his 1957 club improved over last year's team.

"First of all, we have Bill Mazeroski from the very start with a year's experience under his belt. Second, we have Bill Virdon from the very start. He hit like a champion for us after we got him from St. Louis in mid-May."

"Third, Frank Thomas is settled down at third base after his switch from the outfield."

HAVE BETTER RESERVE

"Fourth, we're going to have a better bench. This year I'll have John Powers, Paul Smith, Danny Kravitz and Skinner Leftywise. And Gene Freese and Ramon Mejias as lightweights."

The Pirates infield is set with Dale Long at first, Mazeroski (.243), the 20-year-old Hollywood grad, at second, Dick Groat (.273) at short and Thomas (.282) at third. If Long needs relief he

Webb & Sandy In April Bout

CHICAGO (AP)—Spider Webb of Chicago, fourth ranking middleweight contender, and Randy Sandy of New York, No. 10, were signed Friday by the International Boxing Club for a seven-round round-out in Chicago Stadium April 17.

The fighters originally were matched in the stadium March 13, but Will Greaves was substituted against Webb when Sandy injured his hand in training. Webb won a unanimous decision over Greaves.

Germany Imports Rainbow Trout

FRANKFURT, Germany (AP)—A shipment of 200,000 American rainbow trout eggs was flown here Friday in an attempt to bolster the "lucky" rainbow trout family in Germany.

The eggs were imported by the Association of American Rod and Gun Clubs in Europe after the organization learned a fatal disease threatens to run German trout fishing.

One theory is that German trout are catching the disease because they have degenerated through years of inbreeding.

Rainbow trout were sent to Germany from the United States in 1882 and thrived. No new stock has been introduced since then, however, the association said.

Don Simmons Is Celebrating

BOSTON (AP)—Don Simmons, who took over in Boston Bruins' goal in fine style after his purchase from Springfield of the American Hockey League, had two reasons to celebrate Friday.

His first child, a six-pound, three-ounce boy, was born Thursday night while he was registering his fourth National Hockey League shutout, a 2-0 decision over the Red Wings in Detroit.

Mrs. Simmons is the former Betty Burd of Springfield, Mass., where Simmons tended goal for the AHL team before coming to Boston. Both mother and child are doing well.

I.B.C. Is Free To Negotiate With Archie Moore

NEW YORK (AP)—Officials of the International Boxing Club said Friday they had been told by Federal Judge Sylvester Ryan that the organization is "free to continue its negotiations with Archie Moore, light heavyweight champion, for title bout."

Judge Ryan telephoned the IBC from Florida, where he is vacationing briefly, the IBC said.

Judge Ryan ruled March 8 that the IBC, of which James D. Norris is president, was a monopoly on promoting and staging of world championship title fights.

Negotiations with Moore for a fight, probably in Detroit on June 7, were halted by Norris who said he did so "for fear of appearing to flout the judge's ruling." Norris and his attorney then asked the judge for advice.

It is probable that Moore will defend his title against the winner of the April 8 bout between Tony Anthony of New York and Chuck Splieser of East Lansing, Mich.

BOSTON (AP)—Don Simmons, who took over in Boston Bruins' goal in fine style after his purchase from Springfield of the American Hockey League, had two reasons to celebrate Friday.

His first child, a six-pound, three-ounce boy, was born Thursday night while he was registering his fourth National Hockey League shutout, a 2-0 decision over the Red Wings in Detroit.

Mrs. Simmons is the former Betty Burd of Springfield, Mass., where Simmons tended goal for the AHL team before coming to Boston. Both mother and child are doing well.

I.B.C. Is Free To Negotiate With Archie Moore

NEW YORK (AP)—Officials of the International Boxing Club said Friday they had been told by Federal Judge Sylvester Ryan that the organization is "free to continue its negotiations with Archie Moore, light heavyweight champion, for title bout."

Judge Ryan telephoned the IBC from Florida, where he is vacationing briefly, the IBC said.

Judge Ryan ruled March 8 that the IBC, of which James D. Norris is president, was a monopoly on promoting and staging of world championship title fights.

Negotiations with Moore for a fight, probably in Detroit on June 7, were halted by Norris who said he did so "for fear of appearing to flout the judge's ruling." Norris and his attorney then asked the judge for advice.

It is probable that Moore will defend his title against the winner of the April 8 bout between Tony Anthony of New York and Chuck Splieser of East Lansing, Mich.

Germany Imports Rainbow Trout

FRANKFURT, Germany (AP)—A shipment of 200,000 American rainbow trout eggs was flown here Friday in an attempt to bolster the "lucky" rainbow trout family in Germany.

The eggs were imported by the Association of American Rod and Gun Clubs in Europe after the organization learned a fatal disease threatens to run German trout fishing.

One theory is that German trout are
