Mrs. Alfred Cairns Passes Away At St. Mary's Road

The death occurred at the home of her brother, Martin McCarthy, St. Mary's Road, on March 19th, after a lengthy illness, of Mrs. Alfred Cairns of Greenfield in her 48th year.

The deceased was the daughter of the late Mr. and Mrs. John McCarthy, St. Mary's Road. She leaves to mourn her passing, besides her husband, two brothers, Martin, St. Mary's Road and Dan in Massachusetts, U. S. A. Also arriving are three sisters, Annie, Mrs. Ernest McTague, Charlottetown; Joyce, Mrs. Jack Publicover, Bedford, Mass.; and Helen, Mrs. John Stewart, Caledonia.

The funeral service was held yesterday morning from the home of her brother at St. Mary's Road, with Rev. J. W. McCordle celebrating Requiem High Mass. The choir was under the direction of Mr. Eugene Dunn. The pall bearers were Messrs. James Daley, John McCarthy, Louis Cairns, Raymond Murphy, Brian McCarron, Raymond Gormley. Interment was in the Roman Catholic Church Cemetery, Montague.

A splendid idea as he believed there is a multitude of things of both passing and historical interest which should be kept in one place.

The Attorney General diffidently offered a suggestion that the surplus Post Office building in Summerside could be used as a museum. He said that he was not particularly looking for something for Summerside and never did unless he felt that was the logical place for a thing to be. However, this building was of the older architectural style and design which he thought most appropriate for a museum housing things of historical generations. Another consideration was his belief that it could be purchased "for a song". He admitted the roof leaked, but it could be repaired.

In this connection he quoted the words of Hon. Joseph Howe, great Canadian statesman of another generation. "A wise nation preserves its records, gathers up its monuments, decorates the tombs of its illustrious dead, repairs its great public structures and fosters pride and love of country by perpetual reference to the sacrifices and glories of the past."

Canadian Dollar MONTREAL, March 21 — (CP) — The United States dollar today closed at a discount of 3/16 of one cent in terms of Canadian funds. That is, it took \$0.99 13/16 Canadian to buy \$1 American. The pound sterling was \$2.80, up 1/2 from Thursday.

Scores Inadequacy Of Snow Plows In King's

Inadequate provision of snow plows for King's County this winter was strongly criticized in the Legislature yesterday by Mr. Harvey L. Douglas (Lib-2nd King's) in speaking in the Draft Address debate.

Mr. Douglas, who followed Hon. W. E. Darby in the debate, tossed bricksbats and bouquets at the Opposition and his own leaders with equal impartiality. He severely criticized Premier Jones for his advice last year to farmers to get out of growing potatoes because of the prevailing low price. Many followed his advice, Mr. Douglas stated, and as a result the farmers lost by not having potatoes to sell when the market was high. Only the speculators, stayed in and reaped the profit.

In offering his congratulations on being elected to Major John A. MacDonald the speaker told the members, "He must be very popular to get elected as a Conservative." He also paid tribute to Dr. MacMillan and said he would be an asset to any side of the House as "His whole concern seems to be for the welfare of the people. I have heard many good Liberals in this city say they could not let the Doctor down."

He mentioned a recent instance where certain pupils were asked to name two members of the Jones Government and a surprising number included Dr. MacMillan in their reply. "At that time they were not far astray." In paying tribute to the late King and the Royal Family Mr. Douglas told of personal experiences in seeing them while he was serving overseas with the R. C. A. F. At one time he stated the King arrived in Holland and was in charge of the escort from the airstrip to the headquarters of General Montgomery was Ft. Lieut. Ian MacKenzie, son of Major MacKenzie of this city.

Referring to Queen Elizabeth Second he said "The new Queen is partly Scotch—and a little Scotch doesn't hurt anyone."

The People's Privilege He offered his congratulations to the Leader of the Opposition on his election, "but not on hiding behind an alibi for his party's defeat." Mr. Douglas claimed that "organization" had nothing to do with the election of Mr. Bell. If it did "there would be no Conservatives here." The result was just because "the people of this country have the privilege of going out and voting for whom they like, and they did it on election day."

The speaker maintained the Opposition was critical of the lack of a Senate appointment only because "they want to get rid of cause." But the people of Prince Edward Island want to keep him as long as possible. "In any event he said, the people of Queen's County apparently don't want to send a Liberal to Ottawa. They had the chance last year.

He was critical of past campaign advice to the people to send someone to Ottawa to help Mr. McLure "kick". Mr. Douglas maintained that kickers don't get much. Touching briefly on various items which had been previously mentioned in speeches he said that much was owed to Mr. J. O. C. Campbell for his work in convincing the people to help Mr. McLure. The speaker said he would have cost \$25,000 to have an outsider do the work, "but he did it for his regular salary. I think he should at least get a bonus."

Regarding the new tax rental WHIM ROAD UNITED L. A.

Despite the blustery winter weather, the members of the Whim Road Ladies' Aid of Trinity United Church, Montague, gathered at the home of Mrs. J. N. MacDonald on Wednesday night, March 12th, for their monthly meeting, with eight members attending.

The president, Mrs. Cecil Campbell, led the meeting, which opened with the "Lord's Prayer", repeated in unison. The secretary, Mrs. Colin MacDonald, was unable to attend and her duties were taken over by the president. As each member answered the roll, monthly dues were paid.

A good deal of attention was given to the making of articles for the annual bazaar. Four pairs of knitted mitts were handed in and members reported that work had been started on others. One apron was shown almost completed. It was decided that extra yarn should be bought to make mitts and socks and the secretary would be instructed to make the necessary purchase.

A thank-you letter was read from a member who had been remembered during her illness. At the conclusion of the evening, Mrs. MacDonald served a dainty lunch and was assisted by several of the ladies.

A gracious invitation was extended to all by Mrs. Wm. D. Fraser, to attend the April meeting at her home in Albion.

Mr. Harvey L. Douglas

He advised the Government and the proposed Transportation Commission to go slowly on the matter of granting the C. N. R. a bus franchise. He did not favor giving a monopoly on transportation as he recalled incidents of the past railway strike. His belief was that without competition the first thing that would happen would be an increase in rates. And at present the C. N. R. is not particular about the service they are giving.

He did not know what type of electoral reform the Government was proposing, but if it was for the benefit of the people he would support it. On the subject of agriculture he noted that Ontario and British Columbia governments were raising pigs and giving them to farmers. It was no wonder there was a surplus of pork on the Canadian market.

In some places, he said, there were pig raisers producing between three and four thousand pigs a year. Even if they only made \$4 on each of them it was still a good income. But the small farmer could not afford to spend the time and money for such a small margin and judging by the number of sows going to packing plants many of them were getting out of it.

However, he had several sows himself and four of them produced litters totalling 37 pigs and if a sow had a litter of 9 twice a year it was still a good business project. He criticized the "milk-

WHIM ROAD FARM FORUM

On March 17th the members of Whim Road Farm Forum met at the home of Mr. Leslie Stuart. There were ten members present, and the subject for discussion was, "Are hunger and poverty the real causes of war?"

In answer to question one, "What do you think are the basic causes of war?" the members of the Forum came to the conclusion that most wars are started by countries that are over-crowded and need to import large quantities of food. This situation is usually exploited by some party or parties as a means of attracting popular support in an effort to gain power.

Question two asked: "What are the main things to do to prevent war?" This Forum stated that a fair exchange of goods between countries would do much to prevent the conditions which lead to war.

At the completion of the routine Forum meeting in discussion of the services of the veterinarians supplied by Government assistance to different sections of the Province, the members instructed the secretary to ask whether or not there is a set charge for services and drugs used.

Souris and Vicinity

A fire which broke out about 10 p.m. on Saturday, March 8th, destroyed a hen house containing 450 month-old chickens owned by Mr. T. J. Kichham at Souris West. It is thought the fire started from a brooder stove. Fortunately the hen house was well away from the rest of the farm buildings.

Friday night, March 14th, was hockey night in Souris, when the Charlottetown Bantams, Pee Wees and Paperweights defeated the local teams in sudden death games. The paperweights were evenly matched, with the Charlottetown team winning 2-1. In the Pee Wee game Charlottetown also won 4-3. In the final game the City team easily outclassed the local Bantams, winning 8-1. Due to the snow storm which started during the game, filling in the roads, the Bantams and Pee Wee teams were forced to spend the night in Souris taking the morning train back to the City. The local boys had a very good winter in regards to hockey, but the officers of the Athletic Association find it very discouraging to keep up this work when there is such a lack of interest shown by most of the parents. It was expected that there would be a large turnout of fans for these games, but only the few faithful ones attended.

The many friends of Joseph A. MacDougal were sorry to hear of his sudden death on Sunday, March 16, at Souris. The funeral took place on Tuesday, March 18 at St. Mary's Church. The sympathy of the community is being extended to Regina and Peter, brothers of the deceased. B. E.

He mentioned a recent instance where certain pupils were asked to name two members of the Jones Government and a surprising number included Dr. MacMillan in their reply.
