Master Tommy Hughes, son of Mr. and Mrs. William Hughes of Souris West, returned to his home a few days ago, after visiting in Georgetown where he was the guest of Mr. and Mrs. Walter MacLean.

Mrs. F. J. DeLory spent several days in the City during the week, where she attended meetings of the Catholic Girls' Scholarship Association and the Catholic Woman's League Convention.

The Georgetown Community Welfare League met in the Council Chambers on Monday evening and plans were further discussed regarding arrangements for the cad of boxing bouts to be held in the Recreational Centre under the sponsorship of the Community Welfare League.

The new cement sidewalk extending along the west side of the north block on Main Street has been completed and presents a fine appearance and fulfills a long-felt need to residents of that area.

IN MEMORIAM

MISS FLORENCE MACDONALD

There passed away in the home of her brother and sister-in-law, Mr. and Mrs. M. D. MacDonald of Kiross on August 19th Miss Florence MacDonald R. N. in her 78th year.

The funeral service in the home—despite an unusually heavy rain storm—was largely attended and conducted by Rev. A. C. Fraser assisted by Rev. J. F. MacKay, and her favourite hymns—"The Lord's My Shepherd", "Jesus Saviour Pilot Me", and "Jesus Lover of My Soul" were sung.

She and her sister Miss Christine MacDonald came for a visit to the old home and met with friends but she was stricken with a serious illness and in a few days passed peacefully to her Eternal Reward.

WOOL PRICES STRONG

SYDNEY, Australia, Aug. 31—(AP)—The first series of the 1950-51 wool auction ended today as strong as it had begun on Monday. Since Monday, 47,000 bales have been sold for about \$5,000,000. A new Sydney record, set Wednesday of 183 2/4 pence a pound, was equalled today.

Field Day Held At Alliston Recently

Approximately 200 people attended the field day held on the Illustration Station, owned and operated by T. A. Hicken, Alliston. This field day was sponsored by the Division of Illustration Stations, Experimental Station, Charlottetown, in co-operation with the District Achievement Day for Girls' Sewing Clubs.

The Achievement Day program was held in the afternoon with members from six clubs participating, namely, Lorne Valley, Murray River, Millview, Grandview, North Pinette and Lower Montague. A display of the work done by the girls was arranged and the prize winners for this district announced. This was followed by a program of sports under the supervision of Miss Maylea Boswall, Assistant Supervisor of Women's Institutes and Miss Audrey MacMillan, Extension Worker.

The Illustration Station field day was held in the evening, the program commencing with a tour of some of the more interesting projects being carried on at this station. First visited was the reforested area consisting of approximately 3 1/2 acres of red pine trees, the first of which were planted in 1945. These trees were planted on extremely light land which has little organic matter present.

However, they are making exceptionally rapid growth proving this is a crop that can be grown where almost all other fail. Following up the success with the pine trees, twenty-five apple trees have been planted in this same field and to date have been making satisfactory progress.

Orchard Project

Another project of interest is the orchard which was established in 1940. It contains many of the more popular varieties and is under the supervision of Mr. G. C. Warren, Horticulturist, Experimental Station, Charlottetown. Mr. Hicken has been carrying on a spray program aimed at reducing injury from apple scab and the common apple insects. Last year the first commercial crop, consisting of 40 boxes of apples was harvested. The tour also inspected Mr. Hicken's garden which is over an acre in area and contains pickling cucumbers as well as other common vegetables.

Among the projects being carried on at this station is one on blueberry production where pruning by rotational burning is practiced. Other projects include the study of grass seed mixtures, the study rates and formula of fertilizer to apply to different crops and also projects to find the best place in the rotation to apply fertilizer and manure.

While the men were on the tour, Miss Mary H. Robin, Supervisor of Women's Institutes, conducted a demonstration for the ladies on cutting and fitting a dress pattern. In the course of her remarks, Miss Robin stressed the saving effected by home sewing. "Women often think home sewing shows up by garments that look homemade. This need not be so if special attention is given to cutting and finishing," she said. "It is very important for smartness in clothes," continued Miss Robin. "It is far better to have a few clothes that fit correctly than to have half a dozen that fit badly and add nothing to a person's attractiveness."

Mr. R. C. Parent, Superintendent, Dominion Experimental Station, Charlottetown, briefly outlined the work being carried on at Charlottetown and invited everyone to come and see this work for themselves. Mr. W. R. Shaw, M. B. E., Deputy Minister of Agriculture, outlined the highlights of his recent trip to Europe. He stressed the intensive agriculture being carried on in the European countries and the love of the country among the people. In the British Isles he was especially impressed by the emphasis placed on grass, both as pasture and as silage. Commenting on the bacon industry, Mr. Shaw said he was told while in Britain that Canadian

Mrs. David Vaniderstine, Montague on their recent marriage. Mrs. Vaniderstine was the former June Clow of Murray Harbour North.

During the Sunday morning service, Aug. 27th at Murray Harbour North the dedication of certain articles of furniture donated by Mrs. Annie Myrtle McKay French of Medford, Mass. took place. Mrs. French was the first organist in this Church and it was fitting that her gift should concern the Service of Praise. They included a Wardrobe for the caps and gowns recently provided for the choir also a match set of lamps for the organ and pulpit. These gifts were presented in memory of her grandparents, William McKay and Mary Clow McKay. Her mother, Mrs. Wm. McKay and sister Mrs. Cameron Clow represented Mrs. French; Mrs. Clow presented the gifts and the minister accepted and dedicated them to the glory of God.

bacon excels anything that is coming into the Old Country today. Mr. W. N. Black, Supervisor of Illustration Stations, briefly discussed some of the work being done on this station. Films on the following topics were presented by Mr. Morris Deacon, Fieldman, Provincial Department of Agriculture: Royal Winter Fair, Garden Insects, Central Experimental Farm, and a Musicales.

God. At the same service the Electric Lights which had recently been installed were also dedicated to the glory of God. The installation of the lights was made possible through legacies from the Estates of two former members of the Church, the late Mr. William McLure and the late Miss Myrtle Millar. These various gifts will add greatly to the beauty and convenience of the church. This service also marked the end of the pastorate of the Rev. Charles D. Henderson who has served this congregation as Minister for the past 5 1/2 years. Mr. Henderson based his final sermon on the text "For I have received of the Lord that which also I delivered unto you. That the Lord Jesus the same night in which he was betrayed took bread." The choir rendered music fitting to the occasion.

Prowse Bros. Ltd. "For The Best In Boys' Clothing"

we must continue to tell everyone in the whole province

What Early Cancer is Curable if caught in time. We must use every available avenue of publicity to tell our people important facts about Cancer. We must convince them that they must go to the doctor at least once each year for a medical examination. We must broadcast the symptoms of Cancer time and time again so that our people may get to know them and act quickly should they be noticed. Campaign dollars got splendid results in Prince Edward Island last year.

GIVE to conquer cancer! THE LIFE YOU SAVE MAY BE YOUR OWN
