

What would you like to see in *The Cadre* this year?

“Study tips or something like that.”

Allyson Ahern,

First Year Nursing

“Naked boys. Woo hoo.”

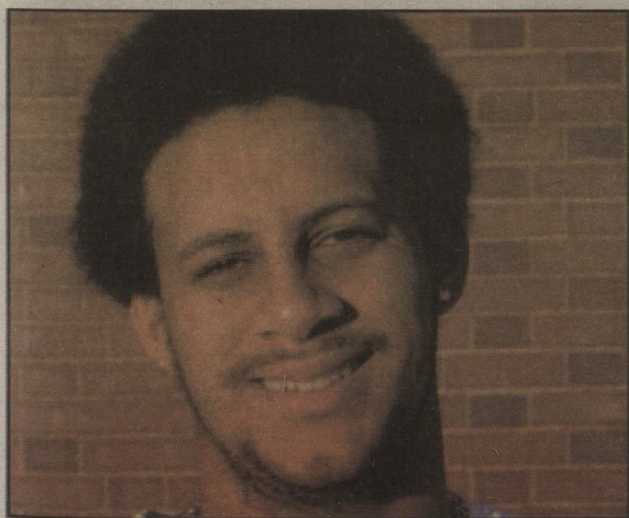

Kimberly De Pass

Third Year Psychology

“Definitely more campus-related things. Actually, you should have more sports stats; whose playing, and where; who won, who lost. It should be there. Click, click, click.”

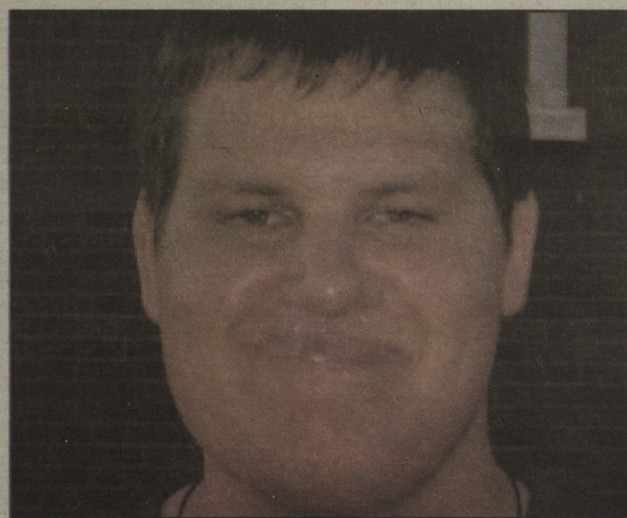

Isiah Wint-Rose, Fourth Year English

“Inform students about what’s going on on campus. Give light to things that are not as well emphasized; like rugby or basket ball; or different societies so people can know the different activities that are open to them. People don’t know what there is going on.”

Jarrod Faria

Second Year Biology

“I want to know how much gas goes up every week — because I’m amazed by that. And I want to know what’s going on in Tyne Valley, because that’s where I’m from.”

Scott Smith

First Year Business

“I’d like to see the stuff that’s going on around the city because I’m kinda stuck here.”

Katie Testu, Second Year Biology

“That was mine. I was really going to say that.”

Berri Laws, First Year Science
