

The well-known Student Work Abroad Program (SWAP), where students travel to other countries and employment is found for them for a period of time is also a service of CFS-Services. Currently through SWAP, Canadian students can travel to Britain, Ireland, France, Finland, Poland, Hungary, Czechoslovakia, Germany, Australia, New Zealand, Japan, and the U.S. Another aspect of CFS - Services is the Canadian Programming Service (CPS). CPS is Canada's largest speaker's bureau and it provides speakers on a wide variety of topics. Speakers ranging from Peter Mansbridge to Elijah Harper can be booked for gatherings through CPS. Both SWAP and CPS are provided at lower cost to students who are members of CFS. The Travel agency "Travel CUTS" (Canadian Universities Travel Service) is also owned by CFS -Services' 450,000 members. Travel CUTS is the third largest travel agency in the country and it is unique because it seeks to provide travel at low cost to students. Lower prices are usually available to students on domestic and international air and rail travel. Travel CUTS has over 30 offices, the closest of which to PEI are Halifax and Fredericton. Both of these offices courier tickets to bookings from PEI. Both CFS and CFS-Services are membership driven and democratically run. What this means is quite simple. They are run only according to how the majority of member student associations decide they shall be. These decisions are made most commonly at the CFS(-S) General Meetings which are held twice yearly, with representatives from the member associations in attendance and voting on such things as what the priorities will be for CFS's political lobbying, campaigns, and research and how CFS-Services will be run. Between meetings the CFS(-S) National Executive meets several times to handle these matters. Student associations give directions to their representatives on the National Executive (PEI has a voting representative with the same voting rights as Ontario's). The end result of this membership-oriented structure is that CFS(-S) is run according to how the elected representatives of the students that make it up decide it should be. On local campuses it is the responsibility of the local student unions or associations to promote CFS(-S) to students.

This year has seen the emergence of what is known as the Canadian Federation of Students (-Services) - Prince Edward Island. CFS-PEI is a provincial organization for post-secondary students. It seeks to provide a united voice for the post-secondary students of PEI. Recently CFS-PEI has been lobbying against the freeze the provincial government has announced for UPEI and Holland College for the up coming

academic year, receiving media coverage against the freeze. CFS(-S)-PEI is currently made up of the Holland College Student Union, The UPEI Graduate Students' Association, and the UPEI Student Union.

For more information about any aspect of the work that CFS(-S) does for students, as directed by students, please contact Nadine DeWolfe, Vice-President External UPEI Student Union, 566-0648.
