

A PARTIAL VIEW OF THE TRUCK

Injured In Highway Near Bridgetown Bridge

Dale Judson of 53 Upton, and James Myers, 47 Lake Verd were injured yesterday afternoon when the truck in which they were driving careened off the road on the turn west of Bridgetown Bridge and crashed into a tree. The truck, pictured above, was almost completely demolished by the impact.

The accident occurred at about 3:30 in the afternoon shortly after they had crossed the bridge in a westerly direction and almost immediately making the turn at the end of the approach when the vehicle apparently went out of control. Mounting the bank at the side of the road it rammed into a tree on the lawn of Frank Clay.

Teachers Express Their Views In Resolutions At Convention

Thursday's session of the teachers convention at Montague convened at 9:30 a.m. with the president, Mr. John Hughes, presiding. The secretary, Mrs. Ina Hickox called the roll, after which Mr. Hughes commented on the fact that of the approximately one hundred teachers enrolled, only five are male.

Miss Marie Bowness, director of Junior Red Cross, spoke on the work of that organization, which is the largest youth organization in the world. She introduced Miss Jennie MacDonald, a student of Notre Dame Convent, who told of her recent visit to a study center at Hood College, Frederickton, Maryland, and stressed the value of Junior Red Cross in promoting international friendship.

Miss Dorothy Elliot gave an interesting and instructive demonstration on the teaching of art, "which is a means of expression, and as such we should not expect children to meet adult standards of originality of creativity."

Mr. Edwin MacDonald, chairman of the resolutions committee read the resolutions, the following of which were adopted:

Resolved that the thanks of this convention be extended to the Montague School Board for the use of this hall.

Resolved that the thanks of this committee be extended to the speakers and all who helped to make this convention a success.

Resolved that the thanks of this meeting be extended to the Provincial Government for the (100.00) one hundred dollars raise in salary, and whereas the raise has not appreciably increased teacher recruitment or solved the other educational problems, therefore be it resolved that we continue to press the government for a royal commission on education.

Resolved that the Department of Education be pressed to appoint a certification board to supervise the granting of teacher's licenses in this province, upon which the Teacher's Federation will be represented.

Resolved that section 5 of the present teacher's contract shall be changed to read: "The school corporation will pay to the teacher, in monthly installments, the sum of..."

Whereas a number of teachers near Montague are anxious to take academic subjects during the summer months, be it resolved that

a summer school be established at Montague High School.

Whereas the senior high schools are compelled to accept grade 9 and 10 students from rural districts and whereas some of these students have not satisfactorily completed the work of the preceding grades, be it resolved that Provincial examinations shall be given at the ends of grades 8 and 9, such examinations to be supervised and corrected by the staff of the high school which the pupils expect to attend. Such examinations to be set up by a board composed of representatives from the senior high schools on P.E.I.

Whereas the present system of combining the August and September pay check is not satisfactory to rural teachers, be it resolved that this convention ask the Department of Education to pay all teachers who begin to teach in August, at the end of the month and that payment also be made to these teachers for the month of October.

COST OF BOOKS

Mr. Malcolm MacKenzie, of the Department of Education spoke on curriculum, dealing chiefly with changes in the arithmetic and social studies fields. It is noteworthy that forty thousand dollars of subvention money has been voted by the government. This means that a book, such as "Arithmetic with Meaning", which is listed at \$1.25, costs the pupil seventy-five cents, while the new geography, "Lands Of Europe And Asia" listed at three dollars and twenty-five cents, costs the pupil one dollar and twenty-five cents.

The question box committee read the questions, which were answered by Mr. Malcolm MacKenzie and the supervisors.

Mr. H. B. MacLean, of Vancouver, B. C. delighted the teachers with his humorous anecdotes, and held them spell-bound with his sleight-of-hand. He discussed the advantages of good writing and demonstrated various stages of writing the letters of the alphabet.

The nominating committee brought in the following slate of officers for the ensuing year: president, Mr. Cecil LeLachue; first vice-president, Mrs. Enid Ross; second vice-president, Mr. Eugene Murphy; secretary, Miss Elsie Hickox.

The meeting closed with the singing of the national anthem.

Sports Program Is Urged By Montague H. & S. Ass'n.

Judge J.S. DesRoches presided at the regular meeting of the Montague Home and School Association which was held at the High school Monday evening. The minutes of the last meeting, correspondence and accounts were read by the secretary, Mrs. Sandra MacEachern.

Correspondence included letters of appreciation from students who had received prizes donated by the association at the school closing in June. Considerable discussion took place in regard to selecting prizes for next year, especially for the students of grades eleven and twelve. A committee comprising Mrs. E.H. Stewart, Judge DesRoches and Mrs. Horace Fraser was appointed to attend this matter. It was the opinion of the meeting that if the students were aware of the fact that a prize would be given for a certain subject it would tend to create a keener interest and application in that subject.

In the absence of the chairman of the committee, Mrs. LeRoy White reported on the outstanding success of the field day held at the close of the school term. Special mention was made of the efficient manner in which the sports were supervised by the committee which included Brigadier W.W. Reid, Peter Sinclair, Doug MacGowan, Roddie Martin and Archie Hilchey. The matter of organized school sports during the school term, under the supervision of the teachers, was brought to the attention of the meeting by Ina Hickox. It was the unanimous opinion of the members that such

a supervised sports program would be a great asset to the children in promoting teamwork, competition and character building.

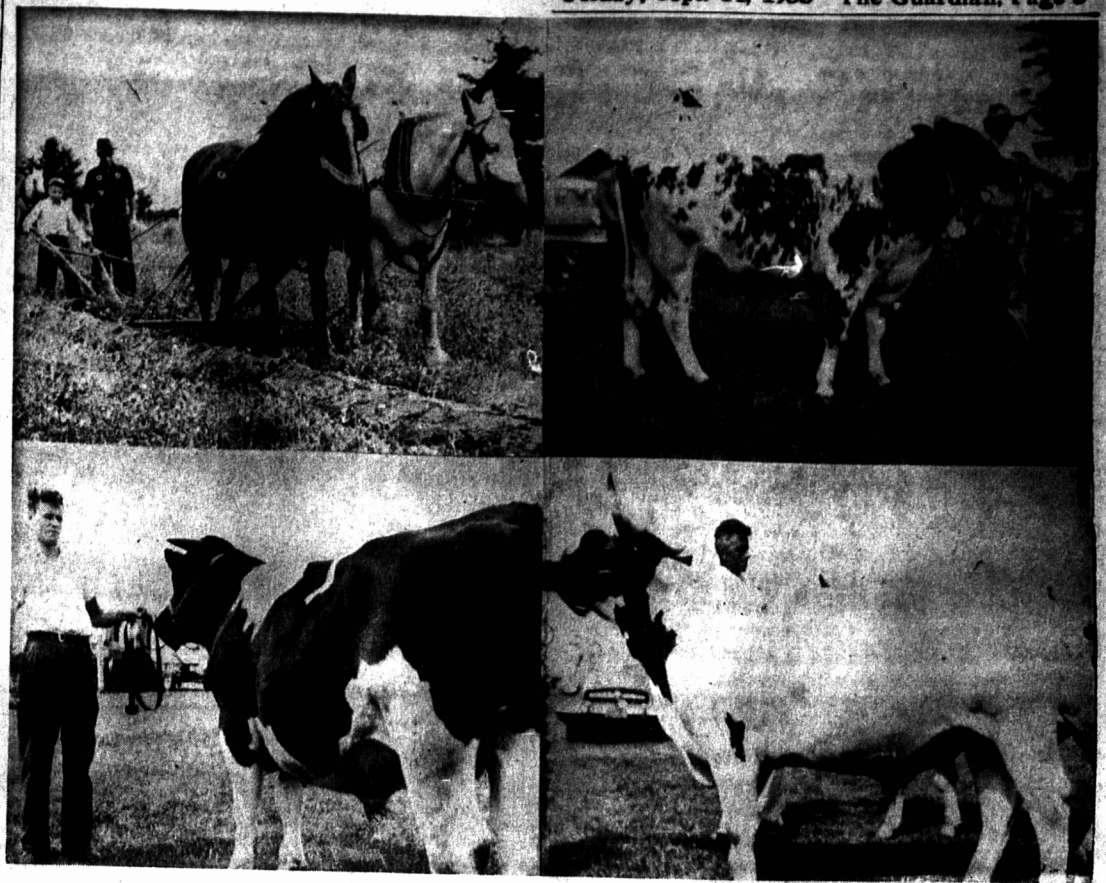

CAREER NIGHT

Several suggestions for programs were presented, including a "career night" at which the members of the graduating class would be the guests of the association and the panel of speakers include professional men from Montague who would speak briefly on their chosen career and in this manner assist the students in making their choice of profession.

Other topics discussed briefly included the high cost of text books a serious problem to the parents which, in many cases, presented with four or more children endeavouring to obtain an education Mrs. Ivor Phillips was appointed convenor of a committee to look into the matter of having the music room made more attractive.

Under direction of the program committee, Mrs. Stewart, Mrs. Don Wannamaker and Mrs. Fraser, plans were finalized for having a reception for the teachers at the next meeting. Convenor of the lunch committee, Mrs. Fraser and Mrs. Archie Hilchey are in charge of refreshments. The chairman expressed the hope that a large number of the parents will take advantage of this opportunity to meet the teachers.

Before closing the meeting Judge DesRoches read excerpts from the Provincial constitution which was interesting and informative.

Through Panama Canal With Gordon Douglas, Georgetown

Gordon Douglas, teacher at Burnaby South Senior High School in Vancouver, B.C., left late last week, by plane on return to Vancouver, following a vacation spent in Georgetown as the guest of his mother, Mrs. L.H. Douglas. Gordon, who for as long as he can remember, has been a lover of ships and the sea, had a most interesting trip home from Vancouver. He travelled from Vancouver to San Francisco, where he took passage aboard the S.S. Horace Luckenbach, of the Luckenbach Steamship Lines which operates an express freight service between American South Pacific coastal ports and New York.

The non-scheduled stop at Panama City and the trip through the Canal were the only times land was sighted during his entire voyage, which lasted from July 10th, to July 25th., when the ship docked in New York.

The Luckenbach Steamship Line will be remembered by many as the steamship line for which the late Captain John J. Fitzgerald of Georgetown sailed for many years.

ing such an interesting voyage. From San Francisco to the Panama Canal, only one non-scheduled stop was made and that was at Panama City. The passage through the Panama Canal, which took eight hours was highly interesting and he reported that ship movement through the canal was very heavy.

The excellent passenger accommodations, for and the easy and restful routine aboard ship. The weather was excellent during the whole voyage down the Southern California coast and through the Caribbean Sea and up the American Atlantic Seaboard to New York.
