More than 2000 Families in Halifax and Dartmouth use Sunlight and Lifebuoy Soaps

exclusively in their homes, and all say they would not have any other kinds.

This information is correct having been gained by competent and trust-worthy advertisers, leaving samples at every house and making careful enquiries.

These families never knew what pure SOAPS meant, until they tried SUNLIGHT and LIFEBOUY.

Why should not others learn and be healthier and happier for the learning.

Price is only 5c for large twin bar.

Handling Wild Animals.

When you see an animal trainer performing with ferocious beasts you may be quite right if you imagine the man as a fearless master of them, but if you think for an instant that there is no danger, you are wholly wrong. A trainer never confronts the beasts and compels them to do his bidding but he literally takes his life in his hands.

He is so used to the danger that he does not think of it each time, and he holds his mastery of them by a sort of power that becomes habit—second nature, as it were—just as he eats his meals or performs other common employments.

Of all animals, keepers say, the tiger is the worst and most treacherous. It is necessary to keep the eye fixed pretty constantly upon it, or it may revolt at any moment. There is only one secret, if such it can be called, of handling wild beasts, and that is to be brave and make them fear you. If they have the slightest cause to think you timid they will take advantage of it instantly, and they are shrewd and knowing in their way and constantly watching for some moment of a temporary forgetfulness or timidity.—St. Louis Globe-Democrat.

How Japanese Catarrh Cure Cures Nasal Catarrh.

Japanese Catarrh Cure is a penetrating, soothing, and healing pomade, which is inserted up the nostrils by a small camel's hair pencil. The heat of the body melts this pomade and the patient breathes the soothing medication through the nostrils, and the nasal channels open up. The stuffed-up feeling in the head leaves, and the person can breathe naturally through the nose. The dull pains across the head cease. Continual use for a short time soothes the mucous membrane until the soreness and inflammation are all gone. The bad odor of the breath passes away, and the lost senses of smell and hearing return. The dropping in the throat is permanently checked, and the nose does not stop up towards night. The discharge from the nose grows less and less, and finally stops altogether. It does not drive the disease into the throat or lungs or into the ears, as so often is done by washes, douches, and the temporary relief catarrh powders and snuffs which contain cocaine and other fatal stimulants, which relieve at the time, but give rise to a false security. Japanese Catarrh Cure is a thorough antiseptic, is cleansing and healing in its action, and soothes the minute applied. Six boxes are absolutely guaranteed to cure any case of nasal catarrh, or money will be refunded. A free sample will be sent to any person suffering from this most dangerous disease. Enclose 5 cent stamp. Sold by all druggists, 50 cents. Six for \$2.50, or by mail. Address, The Griffiths & Macpherson Co., 113 Church Street, Toronto.

ESTEEMED EXCHANGES.

Montreal Gazette: Premier Schreiner, of the Cape, who at first hung back, has seen his full duty and is doing it. Perhaps Premier Tarte, of Canada, who also has hung back, will likewise undergo a change of heart, and set Canada where it should be.

Montreal Star: Sir Wilfrid's patriotism is very profound but very shifty British to the core when in London, French in Paris, and American in Chicago; enthusiastically British in Bowmanville, but allowing his Government to be represented as very un-British in La Patrie, of Montreal. His emotions are not those of a statesman, but of a comedian, and his high-flown expressions mean as little to him as the rant of a third rate actor. His strong point is his versatility; he has played many parts, and to do him justice always tries to suit the taste of his audience. Having got into power by a successful appeal to race prejudice, it is natural that he should think it high time for Canadians to sink all race lines, all creed lines, and party lines, and unite in contemplative adoration of Wilfrid, the Altogether Admirable. The whole tone of his recent utterances indicate a thorough appreciation of his own merits and his own importance. His sublime poses are approaching the ridiculous.

Spanish Prisoners Dying.

MADRID, Oct 20.—Friends of the Spanish prisoners in Luzon learn that during the last eight months 500 of the captives have died. The women are furious at the fatal delay in securing the release of the prisoners. The prefect of Madrid has forbidden the holding of a proposed indignation meeting.

BASEBALL.—The baseball season which closed last week has been one of the most successful financially, that the United States has known in years. The twelve clubs cleared about \$360,000. Not a single club lost money.

POINTER FOR CHARLOTTETOWN.—The city of Winnipeg has installed a complete electric plant for street lighting under municipal control, and will go into street lighting on its own account.

How many young men and young women are cut off just as the future seems brightest and fullest of promise! They are taken away by the disease which causes over one-sixth of all the deaths in the world—the disease which doctors call consumption. There is absolutely no reason in the world why consumption should be fatal—why it should be even serious. It is a disease of the blood, and can be cured absolutely and always by purifying and enriching the blood. The only exception to this is the case where it has been neglected and improperly treated until it is stronger than the body—until the body has become so weak as to have lost the ability to recuperate. Dr Pierce's Golden Medical Discovery will cure 98 per cent of all cases of Consumption if used according to directions. It also cures all lingering coughs, bronchial and throat affections.

It is Easy to Love

Your neighbor as yourself when your neighbor is a pretty girl. It is just as easy to cure yourself of Catarrh, Bronchitis or Asthma, if you use Catarrhazone, the new medicated air treatment for all diseases of the nasal and respiratory passages caused by germ life. Catarrhazone cures by inhalation without danger or risk to the sufferer. It goes wherever air can go and never fails to reach the affected parts. This is why it excels treatments requiring the use of sprays, douches, powders, ointments, &c. which cannot reach the seat of the disease and are therefore useless. For sale at all druggists, or direct by mail, price \$1. Send 10 cents in stamps to N. C. Polson & Co., Manufacturing Chemists, Kingston, Ont., for sample outfits.
