Welcome to our OPEN HOUSE Ceremonies. We would like you to take advantage of this occasion to see the many new features of our fertilizer products, and the complete services available to farmers. Our new equipment offers a perfect blend of all fertilizers, and this combines with the wonderful economies of High Analysis and 100% granular material to give the best in quality.

Dr. George Cooper will be our special guest to discuss these features. We look forward to being your host on Monday afternoon or evening.
