INTERNATIONAL 93 FAMOUS PLANETARY OR AUTOMATIC TYPE STEERING

If you're interested in a 8½ or 10 foot self-propelled, shop around; but you'll find no combine to match the new Canadian-built 93. Pays off even on smaller farms... harvests every combinable crop, works more hours, covers more acres each year. Out-harvests combines costing hundreds of dollars more.

CHAMPION CORN HEAD

With optional 2-row corn head on your 93, you can pick and shell 200-bushel corn! Special offset platform lets you harvest 3 rows of soybeans, with wheels running between rows for precise, easy steering.

TEST DRIVE THE NEW LIGHT-DUTY INTERNATIONALS!

Now there are more reasons than ever to choose Internationals! Finest new styling inside and out is only the beginning of all that's new. Features like positive crankcase ventilating system and alternator will cut your upkeep costs to the bone. Choose true truck V8 or six to match your job. See them soon — the new 1000-1800 series Internationals — in all body styles with GVW ratings up to 14,000 lbs.

THIS YEAR BE SURE with a new IH BALER

ALL 3 MODELS WITH THE KNOTTER THAT DOESN'T MISS!

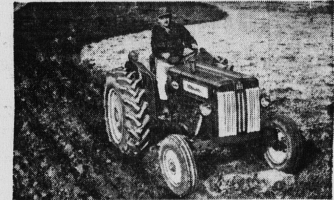

- Too good to confine to one model! All 3 new IH balers feature the rugged new IH knotter PLUS unmatched tonnage capacity and reliability. See the new 37, 47 and 57 models — one built for your job and pocket book.
- More capacity to handle heavy windrows at high speeds — bale more tons per hour.
- Exclusive short floating auger feeds hay gently — no grinding or chewing the leaves.
- Three wide-span packer fingers take a full hay charge in every sweep.
- Extra large feed opening takes heaviest crop without leaf shattering.

Best Buy Ever in a pull-type! Completely New McCormick No. 80 COMBINE

- FEATURES:**
- Hydraulic platform control
 - Flooding undershot feeder
 - Easy, fast adjustments
 - Unloading auger empties tank in 90 seconds
- Here's the new champion of the 7-footers — that brings grain-saving advantages of giant self-propelled combines to you in a low-cost pto model! When you've seen the No. 80 — and measured its extra features and capacity — you'll rate it first in its class for value, quality construction and grain-saving ability. Let us prove to you that a McCormick combine on your farm will make dollars and sense.

PRIME POWER ON MORE AND MORE CANADIAN FARMS

- INTERNATIONAL B-414
- Farmers all around you say the B-414 has more of everything they ever wanted most in a low cost medium-duty tractor. They're right! Come and see all the features that are standard equipment on the B-414. Compare the low price tag.
- Record fuel economy and all-job versatility.
 - 10 ground speeds — 8 forward, 2 reverse.
 - Vary-Touch hydraulics — complete draft and position control.
 - Constant running PTO and live hydraulic system.
 - Differential lock for spin-free pull in soft footing. Let's demonstrate this tractor on your farm. Diesel or gasoline models.

NEW 103 SINGLE BEATER MANURE SPREADER

- with exclusive Bear Claw beater that tears, shreds, widespreads!
- New V-belt drive from pto... smooth, quiet, and trouble-free
 - 16-gal. steel sifter, flared and rolled to protect top
 - Penta-treated wood floor
 - Extra-long-life apron chain
 - Low sides and no-arc design for fast, easy loading
 - 100-bushel capacity
- Here's the most advanced single-beater pto spreader you can put to work in your fields. Exclusive IH Bear Claw beater tears into the load... throws it to the back and sides in a wide, fine ground cover. You can even top-dress seedlings or new growth without smothering. The 103's simplified design and rugged construction give you bonus years of efficient, maintenance-free spreading... at an economy price!
- Come in and see the NEW 103 soon!
