

# Mariners Edge Shamrocks To Take Two Game Margin

## Airforce Team Takes Opener

single in 3 appearances. Standing out among many fine fielding plays were Jenkins' leaping catch in center field in the sixth, and Coke Grady's one-hand stab in right field in the third. In the seventh frame, the Braves faced back of third base, and got the runner with a bullet drive.

The Main Brace Mariners have taken a stranglehold in their best of seven series with the BIS Shamrocks, for the City Softball League Championship.

The Mariners were victorious in the first game on Monday came back last night after a one day layoff to make it two straight victories.

They did it in typical Mariner fashion, securing the winning run in the final inning to walk off the field with a well-earned 4-3 victory.

On Monday they scored seven times in the final frame for a 1-5 win but last night one marker was all they needed.

Mike O'Brien, was called on last night by coach Danny McCormack to pitch this crucial game. He came through as good as anybody could want as

he scattered four hits over the seven inning route.

Jim Thistle, the veteran of the Shamrocks was on the mound last night in one of his rare appearances in the City League this year. He looked just about as good as he ever has as he settled down after a shaky first inning to hurl great ball.

The opening frame was a big one for both teams. The Shamrocks were at bat first and run into a streak of wildness on the part of O'Brien who was per- spective a bit nervous. Charlie Weatherbe hit to open this inning, and he won't long get- ting company on the basepaths as the next two hitters George Lester and Gene Bradley also walked.

The score remained this way until the sixth inning when the Shamrocks tied up the game. Lester Taylor, the following batter, hit into a fielders choice with Weatherbe being nailed at

the plate. The next batter struck out but the ball got away, two runs crossed the plate but Taylor was nabbed at shortstop Mark Lader.

This made the score 2-3 in the Shamrocks favor as the Mariners came to bat in the last of the first. They didn't waste any time getting back into the game as after one was out, McIntyre reached on an error and the next two batters angled. After Merle Longaphie popped up, Mark Lader smashes a booming double. This made the score 3-2 in the Mariners favor.

The score remained this way until the sixth inning when the Shamrocks tied up the game. The big blows in this inning were a single by Lester Taylor and a long double by Whalen.

In the seventh frame, the Shamrocks had a threat going as they had two men on base with two out, however O'Brien got George Bradley to fly out in center field to end the inning.

The Mariners won the game in the bottom of the seventh when Cecil Lader reached on an error and Jim Dully put the game on ice by catching about one of Thistle's pitches and sending it deep into the outfield for a triple that scored Lader with the winning counter.

The next game in this exciting series takes place tonight at 6:15 when the two teams clash again. The Mariners will be going all out to win this third game and put the Shamrocks up against the wall. Verri Blanchard's crew will be just as

## GREAT ANTONIO IS BACK IN TOWN

All eyes turned towards the front door last night as the huge bulk of a man filled the entire entrance way of the Guardian news-room. The object of the unbelieving stares was a giant of a man who goes by the name of the 'Great Antonio'. His gigantic size was topped off by a long head of thick hair that hung down over his shoulders and a long beard. With him was his wife Janin. The pair were in town trying to line up a place where the oversized wrestler could put on a performance. According to what he said in an interview last night he didn't have any luck either here or in Summerside where he spent the earlier part of the day. The great man, who is regarded by many to be the strongest man in the world just recently returned from a trip to Japan where he drew record crowds. In one show in Tokyo, he packed over three million people into Olympic Stadium where he took on six wrestlers at once. His real name is Antonio Baschicovich and he says he was born in a cavern on the mountain in Montreal. He is 6 feet 4 inches tall and weighs 460 lbs.

## SPORT ECHOES

By Norman Macdonald  
Summerside Bureau of The Guardian

### Gay Has Special Talent

Gerald 'Gump' Gav, who has a special talent for getting into thimbles, sometimes as a player, sometimes as umpire, and who seems to enjoy these franchises to the full, was the centre of another sports pandemonium Tuesday evening. Gump overruled a base-judge's decision that Rick Perry's long fly to left was fair, and on his ruling the thimble victory and defeat. The Junior management came in roaring to Gump, but he made a quick draw and had them covered with his thumb before they could say much of the time-worn phrases, such as "How come you got no base?" "Yes James had a real base."

### Little Leaguers Triumph

Congratulations to Summerside's little leaguers who have brought home the first slab of bacon in this Pique County town. Also congratulations to Dew Leferguy for a successful year with the 17 year olds. We watched part of the game in Summerside and were impressed with the way both Dew and Randy Edwards handled their charges. They pointed out the youngsters' errors in a fatherly way that more or less sugar-coated the pill. That age group can't be built into greater effectiveness.

At the boys are deserving of bouquets, but Bobby Gallant and Don Abbey were heroes de luxe in this victory. Bobby beat the capital city boys 6-1 in Summerside. And Don Abbey did a gilled-egg job of catching little league rule prevented Bobby from picking the following day, and Dew, though keeping up a brave front before the boys, was frankly concerned about their chances of coping a second game in Charlottesville. Catcher Don Abbey stepped into the breach, and pitched an almost perfect game. Nice going, Don. Yogi Berra couldn't have done it.

The RCAP softball team, which had the reputation all year of being one of the smoothest fielding combinations seen around here, have suddenly developed a "murderer's" 13 new runs in two games! That calls for "wow-ee" more than does another preventative of molars cavities. Larry Boone, no Willie Mays at the bat all summer, suddenly started hitting those long ones, and most of the other boys followed suit. For take a gander at the handwriting on the wall: top-notch fielding, home run hitting! Whatever your greenstreaks going to do about that? We see 3-1 in Jenkins fading back to end those long ones now.

We won a rare award at the prev's tournament last weekend for which we are justifiably proud. Best poker hand. We put together four 8's in the first nine holes. That, friends, takes a heap of concentration.

### Minor Games Are Slated

Following is today's Minor League schedule.

9:00 a.m. Minor League play-offs: Dodgers vs. Colts; Twins vs. Tigers.

10:30 a.m. Little League Play-offs: Red Sox vs. Angels; Braves vs. Yankees; Card vs. Mets.

1:30 p.m. — Bantam and Mid-level play-offs: White Sox vs. Cubs.

### Playoffs Get Going Tonight

This evening at Memorial Field at 6:15 sharp, the City Baseball League playoffs get under way with the Piques taking on the Rovers in the first game of their best of three semi-finals for the right to advance into the final against the winner of the series between the Stars and the Dodgers.

All teams have played good ball this season so this year's winners would be a difficult one indeed to pick at this time.

One thing is certain, fans are assured of good ball and good entertainment, no lets have a few fans in the stands the next few games to encourage the players of our City League who are dishing up that good ball in regular fashion.

Remember! This evening at 6:15 sharp. This is the opening tussle in what appears to be shaping up for an outstanding series of playoffs at Memorial Field.

### BASEBALL PRACTICE

There will be a practice Friday evening at 6 p.m. for the teams in the playoffs. All players are requested to attend.

STAY IN SCHOOL. Nearly five per cent more pupils now stay in school to prepare for university in Britain compared with the last decade.
