

SONNIE BIRDS HAVE COME AGAIN.

The sweet song birds have come again, We hear their gentle sound...

The land still grey and cold and bleak How brave their little hearts!

For love alone they leave the blast, And cross the wild waves o'er;

To baste and build their little nests To brier their young once more.

But brighter days will now appear, Their songs will longer grow;

For 'tis their mating time of year, They care not for the snow.

And soon the sap will flow again Up thro' their favorite trees;

Their echoing music's sweet refrain Will wafted be on summer breeze.

And then near by their nests will fill With life their love had pledged—

To listen to the songs that thrill Their hearts until they're fledged.

With joy they'll leave each crowded nest For halcyon days of tranquil pleasure,

On swaying branches or leaf-crowned crest In sylvan groves with skies of azure.

This is no doubt their happiest time; Like child-life in the human race;

What heaven would it be to stifle, Did we of age ne'er know its trace.

WHEATLEY RIVER JOTTINGS.

Mr. J. Pilgson, trapper, has had a very successful season, adding some fine specimens to his rack.

Riverside Villa, the property of Mr. Albert McKay, is now one of the coziest and best appointed residences in this part of the Province, having been completely transformed under the skill and workmanship of Mr. Charles Wrand, contractor.

This community can boast of many curiosities, but the latest is the "prophetic spider." The insect has shown remarkable traits. The great storm of the early part of the winter was predicted by it with startling accuracy.

The Grits that exist here have lately gone into a hole. At latest accounts they were trying to pull the hole in after them.

Mr. Smith has added fresh laurels to his fame as an inventor. The latest is a very simple affair, but one every farmer who owns a fan mill should possess. It consists of a box and necessary appliance so arranged as to work automatically, that at every lashed it will click something on the principle of the old land reel.

On Saturday evening last, Mr. Hector Buchanan was crossing the Wheatley River Bridge, his horse took fright and jumped, not over the rail, but the place the rail ought to be into some feet of water and double that amount of mud. After a good deal of exertion, he was extricated by Will Ling, Hertz and hands.

Experience Has Proved It.

A triumph in medicine was achieved when experience proved that Scott's Emulsion would not only stop the progress of Pulmonary Consumption, but by its continued use, health and vigor could be fully restored.

THE KENT CASE.

A Visit to the Works of the British North American Note Company.

OTAWA, April 8.—A visit paid yesterday to the works of the British North American Bank Note Printing Company in whose employment is Mr. G. H. Kent, the report of whose recovery from Bright's disease with all its accompanying horrors of swollen limbs, convulsions, coma, and fearful pains, has been the cause of so much discussion in the city, showing that he is still in the enjoyment of the health which he has gained by the judicious use of Dodd's Kidney Pills. For a man who may be said to have had one foot in the grave, and whose health is despaired of, he presented a remarkable picture of health and vigor, and pursued his work at the heavy press without any indication of weariness. He is loud in his praises of the remedy which cured him.

EDMANSON, BATES & Co., Gentlemen,—About three or four weeks ago I had an attack of Itching Piles. I tried two or three different remedies recommended by druggists as "the best and only cure," etc., but got no relief.

About this time I was beginning to despair of finding any relief. With some slight misgivings I bought a box of your pile cure, which I am pleased to say gave me almost instant relief and permanent cure. I consider your Ointment a God-send.

Glad Tidings of Great Joy.

There could be no gladder tidings than news of a cure for consumption. Miller's Emulsion of Cod Liver Oil cures consumption and every disease of the lungs and respiratory organs. Why? Because it supplies new blood to the exhausted system, thus giving a new lease of life.

Miller's Emulsion is made from the Oil of the Norwegian Cod Liver, and in conjunction with hypophosphites of lime and soda forms the greatest fertilizer of the age.

Miller's Emulsion is the great nerve-strengthening and blood-making, and cures Coughs, Colds, Bronchitis, Scrofula and all Lung affections. In big bottles, 50c. and \$1, at all drug stores.

The Cheapest is Pond's Extract. Because our "Small" bottle, 50 cents, has more beneficial effect than one gallon of other preparations sold as being the "same as" or "equal to" Pond's Extract. For all pain and sores.

Parents Must Have Rest.

A President of one of our Colleges says: "We spent many sleepless nights in consequence of our children suffering from colds, but this never occurs now: We use Scott's Emulsion and it quickly relieves pulmonary troubles."

For Sale at Dodd's Medical Hall. Within the memory of middle-aged people Consumption and other lung troubles were much more prevalent and fatal than they are to-day. The existing improvement in the public health in this respect is, in considerable measure, due to a more widespread appreciation of sanitary laws; but Putner's Emulsion of Cod Liver Oil, with the Hypophosphites of Lime and Soda, and Pancreatine, may justly claim to have largely aided in the good work.
