NEW YORK

NEW YORK (AP)—The stock market's vigorous 1963 upswing finally ran into a sizable correction Wednesday. Prices took their biggest loss in more than a month. Trading was fairly active.

The largest recent gainers, generally speaking, took the worst losses. Pre - eminent among these was Chrysler, which was subjected to heavy selling pressure from the start as traders decided the time had come to take profits.

Chrysler fell 4⅝ to 81 on 168,800 shares as the most active stock.

While there were some other sharp losses throughout the list, most key stocks declined only by fractions. A large number were unchanged. A scattering of speculative favorites advanced strongly against the trend.

Brokers ascribed the decline to profit-taking which, some said, was long overdue. The general news background remained good.

Stocks fell back on a fairly broad front—steels, autos, oils, rails, utilities, tobaccos, aerospace issues, and chemicals.

The Dow Jones industrial average dropped 6.56 to 669.00.

The Associated Press average of 60 stocks fell 1.8 to 251.0.

Volume eased to 4,260,000 shares from 4,540,000 Tuesday.

Among Canadian issues, Canadian Pacific was up ¼ while McIntyre Porcupine fell ⅝, International Nickel ⅝ and Dome Mines 1¼. Aluminum Ltd. and Distillers Seagrams each lost ½.

Prices were irregularly lower on the American Exchange as volume dwindled to 940,000 shares from Tuesday's 1,140,000. Canadian Marconi gained ⅛ while Shawinigan and Jupiter Corp. each fell ⅛.
