THE TOURNAMENT.—The great Bicycle Tournament to be held here next Monday promises to be the greatest event of the kind ever seen in the Maritime Provinces. A large number of excursionists are expected from Pictou, New Glasgow and other smaller towns in Nova Scotia. The steamer St. Olaf has been chartered, and will leave Pictou on Monday, September 7 (Labor Day); returning, will leave Charlottetown at 6 p. m., and the fare, including admission to the grounds, is only $1.25. The entries closed last night and will be published in a few days.

PICTOU ACADEMY.—Pictou Academy, which was destroyed by fire last fall, is being rebuilt at a cost of about $20,000.00, and when completed it will be the finest academy in the Maritime Provinces. It is a brick structure, standing on very high ground, and the view from its tower cannot well be surpassed, commanding as it does the course of East and West Rivers for a considerable distance, with New Glasgow, Stellarton and Westville among the hills in the background, while our Island on a clear day may be distinctly seen along the northern horizon. The building will be ready for use next month. Mr. H. P. Duchemin, out of a large number of applicants, was recently appointed an assistant teacher on the staff of this institution. We congratulate our friend on his success.

CHRISTIAN ENDEAVOR.—A slight change has been made in the C. E. programme published yesterday, by which, instead of an address at 9 10 this evening by Rev. J. T. Beckley, New York, the audience will be addressed by Rev. J. T. Bryan, Charlottetown. Mr. Beckley will speak at 8 o'clock to-morrow evening.

Delegates will remember the C. E. Sunrise Prayer and Social Service at 6.30 to-morrow morning, Convention Church.

The Convention will be photographed from the Church steps to-morrow morning at 9 o'clock, sharp, by Mr. Sterling. All delegates come.

A proposition is expected to come before the Convention tomorrow, looking towards the change of the Maritime Union from annual to tri-annual sessions; and the Provinces into separate annual conventions, meeting two years in succession, and the third year the three provinces to meet together. Should the above proposition pass, the following will call the provincial delegates together for organization at an early hour:—Nova Scotia, Rev. Mr. Geggie; New Brunswick, Mr. Parker; P. E. Island, Rev. W. J. Kirby. This proposition will elicit quite a debate when it comes before the Convention to-morrow.

Don't forget the Christian Endeavor meeting in the First Methodist Church tonight. Good music. Miss Earle will sing a solo. All are invited.

It is stated that the betrothal of Queen Wilhelmina of the Netherlands to Prince Bernard of Saxe-Weimar will be announced next month.

PERSONAL.

Miss Eleanor H. Woods, daughter of the Hon. H. J. Woods, of St. John's, Newfoundland, is in the city, and is the guest of Mrs. Philip Large.

Miss Josie Keefe was a passenger in the western train this morning, en route to her home in Lowell, Mass., after spending a very pleasant holiday with friends on the Island.

TANNERY BURNED.—The alarm was sounded just before noon to-day for a fire in Waterman's Tannery, near the Malpeque Road. The fire caught from the engine room and before it could be put out, the building was destroyed. There was $500 insurance on the stock, a good deal of which was saved.

Sparks from the burning building blew over to 'The Cedars' formerly the residence of the late Wm. Heard, now occupied by Mr. J. J. Gay, and set fire to the roof burning quite a hole. The blaze was fortunately put out before doing any more damage.

The men of the fire department although they worked had and willingly, were put to a great disadvantage by being short of hose. It is stated that there was not enough hose to go around the burning building. This should not be tolerated any longer. We are informed that the members of the fire department have time and again made application for new hose and pointed out to the authorities that it is almost impossible to master a fire with the means at their disposal.

ENTERTAINMENT AT CLIFTON.—A musical and literary entertainment, coupled with a social, is to take place in the Hall at Clifton, New London, on Saturday evening 5th inst., of which due notice is given. The entertainment will consist of original essays, readings, recitations and musical selections, such as organ, mandolin, piccolo and violin music. As the admission is low, and the proceeds in aid of a praiseworthy object, it is hoped the public will extend a liberal patronage.

The marriage of Mr. Frank Schaefer, of Carleton Point, Lot 28, to Miss Louisa Jane Bulpit, of this city, was celebrated this morning at her home at Mr. Thomas Alley's, Prince street. The ceremony was performed by the Rev. George M. Campbell. The groom was attended by Mr. H. H. Muttart, of Summerside; and Miss Ella Rogerson, of Crapaud (cousin of the bride), was the bridesmaid. The wedding was a quiet one, none but the immediate friends being present. Both bride and groom are well and favorably known among a large circle of friends. The bride was the recipient of many handsome presents. The happy couple took the morning train for Carleton Point, where a handsome residence, lately built by Mr. Schaefer, awaits their occupation. We beg to tender Mr. and Mrs. Schaefer our warmest congratulations on their union and wish them many years of wedded life and prosperity.

AT THE OPERA HOUSE.

The Sawtelle Dramatic Co. opened their engagement at the Opera House last evening with the presentation of "Fogg's Ferry." The stage was well looked after and the play gave the greatest satisfaction. The specialties introduced between the acts kept the audience laughing all the time, while the orchestra amazed those present by its excellence. It is safe to say that the selections rendered last night surpass anything in that line ever before given in the Opera House The company will play here for one week at popular prices, and they are certain to have good audiences as soon as their merits are known.

OBITUARY.

At Grand Tracadie, on the 25th August, Katie, youngest daughter of Donald R. McDonald, Esq., in the 23rd year of her age, with calm resignation in God's Holy Will, passed away peacefully into the enjoyment of that happiness which her angelic innocence had won for her. This sad event, which has cast a mantle of sorrow around the entire neighborhood, was the result of a severe attack of general peritonitis, which, despite the best efforts of three of our ablest and most successful physicians, was but a few days in performing its work of sorrow and affliction. After medical skill had failed, the faint hope alone remained in an operation, which was accordingly performed. Ease was given but cure was found impossible. God's will alone be done. In her last hours she was strengthened by the sacred rites of the Roman Catholic Church of which she was a worthy member. The deceased will be greatly missed by the surrounding community as she was highly esteemed by all who knew her and of this there was ample proof by the large number who followed her remains to the last resting place in the quiet cemetary of St. Michael's, Corran Ban. To her bereaved parents, brothers and sister we tender our heartfelt sympathy and mourn with them the loss of one, who in the prime of life and fullness of virtue was called from this world to meet her just reward.

NEWS NOTES.

The Independent Church at Hornings-ham, Wilts, which is probably the oldest Noncomformist church in England, has just celebrated its 330th anniversary, having been formed in 1566 by some Scotch workmen.

The Russian squadron to be despatched to the Pacific in the autumn, under the command of Admiral Alexejeff, will consist of an ironclad, six first class and two second class cruisers, two torpedo cruisers six gunboats, and seven torpedo vessels.

Hon. Edward Blake will leave for Canada by the Umbria on Sept. 6, and will remain on this side of the Atlantic for four or five weeks. He will return to England for Privy Council business about the beginning of November.

A Poor Man's Comfort.

Cold and hunger are no respecters of persons. The winter wind howls around the rich man just as searching as it sweeps through a poor one. And Fibre Chamois is equally a boon to both with its wonderful, healthful, warmth-giving qualities, its light weight and trifling cost. Those to whom money is no object prefer using it to being burdened down by the weight of many wraps, and those who perform outdoor duties in cold weather find it invaluable as it keeps out all wind and cold—not for an hour or so, but for all day, and yet adds nothing which hampers them no matter what their weight may be. With it through their outer garments everyone can enjoy winter's coldest snaps in perfect comfort.

Despatches from Zanzibar report that many British residents boarded the warships lying in the harbor before the bombardment began, but a large number of Europeans remained on shore. Most of the rebels stood to their guns pluckily, though after the first broadside from the warships a number of the defenders of the palace fled to the outskirts of the town, where many robberies were committed. All the persons on board the steamer Glasgow, which was sunk, were rescued by boats from the bombarding ships. Among them were a large number who had been wounded. Several Indian soldiers were killed during the firing. The Thrush was hit sixty-two times, and the Raccoon sixteen times by shots from the guns of the rebels.

Disease attacks the weak and debilitated. Keep yourself healthy and strong by taking Hood's Sarsaparilla.

I have bought today six hundred and sixty gallons blueberries which are slightly damaged, but are first-class for making blueberry wine. I will sell these for a few days, at six cents per gallon; the balance I will make into wine which will be sold cheap at Victoria Row John P. Joy
