

Swimming Instructors Finish Strenuous Course

Twenty young people from all over the Province representing districts all the way from Tignish to Souris concluded a strenuous ten days' Red Cross Swimming & Water Safety Instructors' School yesterday when awards were presented to those who had successfully passed the requirements for the different tests. As the result of this Instructors' School these young women and men will commence swimming & water safety classes in their own localities and at different summer camps early next week.

This Red Cross Instructors' School was organized and carried out in the capable direction of Mr. Paul Cudmore who is heading up this Red Cross Swimming programme this summer. He was ably assisted by F.L. Ralph Emery of the R. C. A. P. Station at Summerside who generously gave up ten days of his annual leave in order to help with this Red Cross summer activity. Mr. John Mullyall of Souris who was in charge of the First Aid instruction given in conjunction with this course, and Miss Felice Arsenault, B.Sc. (P. E.) of Charlottetown. The Royal Life Saving Society tests which are part of the requirements for the qualification of a Red Cross Swimming Instructor were given by Mrs. Earl Taylor of Charlottetown.

Those in attendance at the school were: Miss Phyllis White, Mr. Garth Toombs, Mr. Melville Campbell and F.L. Ralph Emery of Summerside, the Misses Noreen and Marion Cardigan, Mr. Desmond Macdonald of North Rustico, Mr. Louis MacDonald and Norma MacKenzie of Summerside, Mrs. Connie Claire and Mr. Carl Currie of Montserrat, Misses Ann Horne, Joan Tanton, Norah DeBlas, Suzanne Palmer, Jane Giddings, Mr. and Mrs. Donald MacLennan, Mr. Hugh MacCallum, Mr. George McGulgan, Mr. Darold Tanton and Mr. Ray Fredericks of Charlottetown, Miss Irene Buote of Tignish and Mr. John Mullyall of Souris.

Pickup In Price Of Strawberries Is Anticipated

The noticeable drop in the price of strawberries this week is attributed to the fact that the Strawberry Exchanges have been inoperative so far. The Charlottetown Exchange has been operating at a very limited capacity, while the Mt. Stewart Exchange has not been operating at all.

However, it is expected that both plants will be in full swing on Monday and for several days buyers will find the berries relatively scarce. It is pointed out that the drop in price does not indicate a heavy crop, but is due solely to berries ripening before the exchanges are ready to start canning.

The crop this year is expected to be slightly lower than normal due to many of the blossoms not pollinating thus leaving many small green berries which will not mature. The peak of the season is expected to be reached in about 10 days time, but it is not believed that there will be any flooding of the retail markets because of the canning and freezing which is done in large quantities each year.

Members of the Street Committee of the City Council, after making a regular weekly tour of the jobs under way, reported yesterday that they were well pleased with the spirit of co-operation prevailing between the city employees and the operatives of the Warren Paving Co.

Two thousand lineal feet of pavement has been completely re-capped, with a width of twenty feet.

On Monday a change over at the plant will be made in order to produce the "base-mix" which will be applied to the depth of 4 inches in all the blocks which have been completely cleared of old material.

These excavations had to be prepared throughout the city, in order that one shift-over of the machinery would take care of the entire job, saving much time in the long run.

Excavation will continue on Pownall Street until completed, and then to Rochford, but not fast enough to get too far ahead of "mix" production.

The re-setting of manholes and water mains is well ahead of the paving and great care is being taken in checking for faults which might develop after the pavement is laid.

Col. J. F. Storey stated that test holes on Brighton Road River Road erment pond to North River Road indicate major faults in the base, and the whole stretch may have to be removed and rebuilt. With this possibility in the offing, the decision has been reached to leave

he and Bell and McCallum left the car and gathered their fishing gear. The other two, Hooper and John Harding, were asleep. He knew that all four passengers had been drinking before he met them but saw no liquor in the car.

The three started out to find a fishing spot, but after going through the woods for a mile Bell decided to turn back and witness and McCallum went on alone. They
