WAGNER'S METHOD.

When Possessed With a Poetic Idea, He Wrote It In Music.

"In one of his writings Wagner tells us that he never felt any musical inspiration unless a dramatic idea had taken complete possession of him," writes Houston Stewart Chamberlain on "How Richard Wagner Wrote His Operas," in The Ladies' Home Journal. "When this was the case, the different personages would, one after another, obtrude upon his fancy, gaining gradually in bodily consistency. Then, all of a sudden, in the dusk of evening, one of these creatures of his fancy would rise up before him, gazing at him with eyes wide open. Fascinated and almost trembling, Wagner would remain with eyes fixed on those of his guest from dreamland. But, lo, the shadow's lips tremble and open! What issues from them is neither words nor song. It is a superhuman language, but the poet understands it, and it remains ringing in his ears when the apparition has vanished. This is the precise moment of inspiration. All that follows is more or less mechanical, more or less fortuitous. Whether a work be written out and completed sooner or later will depend upon all sorts of circumstances—time, health, etc.

"This, then, is the essential thing to remember—that Wagner never could compose unless driven to do so by a poetical idea peremptorily demanding the language of music for its full and adequate expression, and that, once this poetical and dramatic idea clearly and permanently ingrafted in his mind, it 'included'—if I may so say—the music, which came of itself whenever the author could find time for the business of writing out the score."

THE SIX HUNDRED.

Some Incidents of That Mad Ride to Death at Balaklava.

Of that mad but heroic charge a hundred incidents are preserved—a thrilling, humorous, shocking. The Cornhill Magazine tells of a man of the Seventeenth lancers who was heard to shout, just as they raced in upon the guns, a quotation from Shakespeare, "Who is there here would ask more men from England?"

The regimental butcher of the Seventeenth lancers was engaged in killing a sheep when he heard the trumpets sound for the charge. He leaped on a horse. In shirt sleeves, with bare arms and pipe in mouth, he rode through the whole charge, slew, it is said, six men with his own hand, and came back again, pipe still in mouth!

A private of the Eleventh was under arrest for drunkenness when the charge began, but he broke out, followed his troop on a spare horse, picked up a sword as he rode, and shared in the capture and perils of the charge. The charge lasted 20 minutes, and was over before such daring or such suffering packed into a space so brief? The squadrons rode into the fight numbering 673 horsemen; their mounted strength when the fight was over was exactly 195.

It was all a blunder, but it evoked a heroism which made the blunder itself magnificent. And as long as brave deeds can thrill the imagination of men the story will be remembered of how—

Stormed at with shot and shell,  
Boldly they rode and well  
Into the jaws of death,  
Into the mouth of hell—  
Noble six hundred!

CALLING DEATH

Kidney Disease Prevented by Dodd's Kidney Pills, Only.

"Kidney Disease." Do you know what it means? It means that the kidneys are either rotten, or rotting; the blood is full of poisonous, death-dealing corruption; that the Kidneys can't do their work; that the victim is a walking charnel-house; that his hours are numbered; that the victim must take Dodd's Kidney Pills if he does not want to die.

Have you Kidney Disease? Is your skin hot and dry; memory failing; breath short; urine, reddish, or pale colored; does it scald when passing; is your appetite changeable; do your ankles swell; have you bitter taste in the mouth on getting up mornings; is there a brick-dust deposit in your urine?

Any of these signs is proof positive of Kidney Disease. Will you be cured, or will you die? Dodd's Kidney Pills are the only means on earth that will cure you. They never fail.

Farming In Olden Times.

The Romans were the first people to practice plowing between the rows of wheat as we do between corn. The idea was suggested in a singular manner. A warlike tribe, having ravished a section of land at the base of the Alps, undertook to destroy the growing crops by plowing them up, but instead it was found that the rows accidentally killed were twice as large as those that were not. The harrow or hoe used by the Chinese farmer is of the rudest construction. The plow is usually drawn by women of the lowest classes.

Two hundred and fifty years ago, when the corn stolen from the Indians by our Puritan ancestors was planted in the sand of Cape Cod, the only instrument used was a ponderous and ill shaped Dutch hoe, which required a heavy man to handle at all. Our first processes were not much in advance of those of the barbarians of central Europe. Today we number several hundred tools, from the most delicate to the splendid specimen of the combined reaper and thrasher, which cuts, thrashes, winnows and bags grain at the rate of hundreds of bushels per day.

English as Written In Norway.

Here is a good specimen of English as she is written abroad. We find it in St. Martin's-le-Grand, the postoffice magazine:

"The hotel for tourists on Turtegro (owner, Mr. Igar Oiene), is laying by the foot of the eminent 'Skagastolstinder,' the largest field in Jotunheimen for topmunters. The best leaders are to be had. It is the best place for country layers. Different interesting places for summer trips. Nearest stopping place for steamers—Skjolden. Recommendations as station for passage to Lom—Gudbrandsdalen."

"Topmunters," as a description of the climbing fraternity, is decidedly good. But what is a "country layer?"—London News.

Two bales new cottons. Prices value from 10c to 15c, going at Remnant prices at 1 cents.

Water Waste.

The chief of the Philadelphia weather bureau, in a paper recently read by him, showed the wonderfully large aggregate to which apparently trivial but continued leaks may amount.

One drop of leakage per second amounts to five gallons per day. This may well be remembered by central stations with leaky piping, paying for water by meter, and also that apparently trivial steam leaks are a loss not only of water, but of coal, and electrical leaks, of water, coal and labor.

Kipling's Response.

The Cantab, the Cambridge university weekly, asked Mr. Rudyard Kipling to contribute to its columns. In response came the following reply:

There once was a writer who wrote:  
"Dear Sir—in reply to your note of yesterday's date,  
I am sorry to state  
It's no good at the prices you quote."

Big Ben.

Big Ben of Westminster has proved itself accurate to less than a second per week. It is the largest and most powerful clock in the world. One weight takes five hours to wind up. This is done twice a week and it will go for 8 1/2 days. The dial measures 22 1/2 feet in diameter.—London Sun.

SICK HEADACHE

Positively cured by these Little Pills.

They also relieve Distress from Dyspepsia, Indigestion and Too Hearty Eating. A perfect remedy for Dizziness, Nausea, Drowsiness, Bad Taste in the Mouth, Coated Tongue Pain in the Side, TORPID LIVER. They Regulate the Bowels. Purely Vegetable.

ARE YOUR

Artificial Teeth...

Giving Satisfaction

Many persons who are compelled to wear Artificial Teeth on Plates, find that the Rubber or Vulcanite plate causes heating of the mouth, bad taste, shrinkage of the gum etc, finally causing the plate to get loose. Sometimes sore lips, sore mouths and sore throats are caused directly from the wearing of a rubber or Vulcanite plate. While it is true that a majority of persons can wear rubber or vulcanite plates with satisfaction, yet it is a fact that to a large percentage the same material is poisonous.

We have seen many cases where people who had rubber or vulcanite plates were continually suffering from the above causes, and came to us for relief. In case of that kind we always recommend a metal plate, either of

Gold, Platinum, Aluminium

Our reason for recommending a metal plate is that it is a conductor of heat and cold, thereby keeping the mouth cool, and it is non irritating, and is thinner, lighter and stronger than any other plate. It is clean in every particular, and is enjoyment to the wearer. You can have your impression taken and have a Gold, Platinum or Aluminium plate made same day, fully guaranteed because we make them ourselves and know all about the material used. We also make the famous THURLO PLATE, noted for its thinness, coolness and durability.

We would like you to call and see specimens of all our different lines of work including our Continuous Gum Plate—the very finest plate work known to Dentists since. Every piece of work done by us must give entire satisfaction to the patient else we will not allow it to leave our office.

Walker's Corner..... STOVES & HARDWARE

Nature's Own Dyspepsia Cure. DR. VON STAN'S PINEAPPLE TABLETS. The pineapple contains a large amount of Vegetable Pepsin—nature's most potent aid in digesting food. Mix meat and pineapple and agitate the mixture at a temperature of 70°, and the pineapple will completely digest the meat. Take two of Dr. Von Stan's Pineapple Tablets after your meals and they will digest your food without aid from the stomach. This course rests, strengthens and heals the stomach. The tablets will cure the most chronic case of dyspepsia. They give immediate relief. Take them for a short time and your stomach will be as strong and hearty as that of a farmer's boy. They are as pleasant to the palate as candy. At all drugists.—35c. a box—or direct from THE VON STAN MEDICINE CO., Toronto, Can., and Buffalo, N.Y. 1

Sold by Dr. S. W. Dodd and Geo. E. Hughes, Druggist.
