hunch I'd better stand guard over this flock of ducks. Nothing had happened but a last hour barrage would do more harm than shooting a week earlier.

About 4 o'clock in the afternoon I was awakened from a doze by the snapping of a twig behind me. In a few moments a neighbor friend of mine came creeping stealthily by within 10 feet of me.

Too Late For The Queen's County Plowing Match BUT We win the prize where the going is tough. J. J. MUSTARD, Kent Street

On the trigger... "Lookin' for a hawk". "Yeah, but there's a hawk looking for you". He was mighty glad to be let off with a warning and after this incident there was no jumping the gun in my neck of the woods. They knew I meant business. 10 years later I was a real game warden. If more private citizens who are interested in the welfare of our game would take the bull by the horns and co-operate with game officers pre-season shooting would fall off by better than fifty percent.
