B-A 88 & 98
GASOLINE

"You know I'm pretty stubborn about admitting one gasoline is better than another... but this B-A 88 gasoline has made a real difference to my car. I'm getting more power and pickup than ever before! And talk about economy! For my money B-A 88 gives me more per gallon—in every way—than anything I've tried."

"I'm one of those 'show me' birds myself... but I figure I hit a winner when I decided on B-A 98 for this new car of mine. Up hills... or on the straight-away, B-A 98 sure answers the demands of a high compression engine. And you're right about B-A economy. There was a difference in my gasoline bill the first month I used B-A 98!"
