

Sociology/Anthropology News

CIMN top 25

by Chris Weatherbie

Our first meeting was held on Jan 18 to discuss this semester's upcoming events. First on the agenda is the Trivial Pursuit Showdown between students and professors of the Soc/Anth department. This major social event will take place on Tuesday, February 2, at the barn. Details and regulations to be announced later.

On Feb. 12 at 2 O'clock a seminar will be held for those Soc/Anth students who are interested in graduate school and a discussion will be held on employment opportunities and careers choices avail-

able in this area. This will take place in room 111 Robertson Library. Refreshments will be served after.

March 24 will be the date of the Soc/Anth pace at the Charlottetown Driving Park. The Soc/Anth Club will present a cooler to the winning horse.

Details of the above events will be posted around the university and all Soc/Anth students are urged to participate, meet your fellow students and professors and enjoy yourselves.
