Cockshutt Sales Down 38 Per Cent

TORONTO, (CP)—Sales dropped 38 per cent and caused a $1,919,765 net loss for Cockshutt Farm Equipment Limited during the year ended Oct. 31, the company said Monday.

The loss compares with a profit of $1,145,102 in 1953.

Lower volume, intensified price competition and heavy initial expenditure incurred in establishing the company's plants and sales outlets in the United States, were the main reasons given by company officials for the loss.
