

1. Campbell's Chicken & Stars. Here's a new soup Campbell has made specially to tempt the kids. But let's start with *mother's* concern—nourishment. Campbell's new Chicken & Stars has plenty of real chicken meat. Meat that's tender and white from the breast, juicy and dark from the thigh. And it's all in a light, golden chicken broth—a *savory* broth flecked with a galaxy of tiny macaroni stars. This new star-studded soup will fascinate the youngsters—and it has delicious goodness for the whole family. Simply great with a sandwich for lunch.

2. Campbell's Bisque of Tomato. This is the most delicious new *luxury* soup to come from the Campbell kitchens in a long, long while. It's made with fresh butter and fresh cream. Its taste is fresh, smooth and creamy. Deliciously creamy. Those generous pieces of tomato you can see in the photograph give you the flavour of fresh tomatoes, plump and firm. And this new tomato soup is *delicately* spiced, to accent the flavour of fresh tomatoes, fresh butter and fresh cream. Campbell's new Bisque of Tomato. It's superb.
