U. S. CONSIDERS SALE OF FARM SURPLUS IN U. K.

Presents Women's Institute Scholarship

Mrs. M. J. Doyle of North Rustico, President of the Prince Edward Island Women's Institute, is seen presenting Miss Barbara Woodside, 17-year-old daughter of Mr. and Mrs. Harold Woodside of Margate, with the Jubilee Endowment Scholarship of \$100, awarded annually by the P.E.I.W.I. to any rural student of third year Prince of Wales College who is taking a degree in Home Economics. This is the third year that the scholarship has been awarded. Miss Woodside is sponsored by Margate Women's Institute.

Basic Living Costs Touch New High In United States

WASHINGTON, (AP)—The average American paid more for his basic living needs last month than ever before in history. That's what the consumer price index for September showed when it was released Wednesday by the Labor Department's Bureau of Labor Statistics. The index—a composite of average retail prices paid for basic goods and services in 46 cities—crept to 115.2 per cent of the 1947-1949 average. This was 2-10ths of one per cent above the previous record level in mid-August. It was the seventh straight month in which the cost of living has inched upward. The index now stands one per cent higher than it did a year ago and 13.2 per cent above the pre-Korean war level of June, 1950. President Eisenhower was asked

to comment on living costs at his press conference. May Craig, correspondent for the Portland Press Herald and other Maine papers, inquired whether Mrs. Eisenhower had told him anything about the high cost of living in the White House. The president said with a grin that he would not take up the time of the other reporters by repeating all Mrs. Eisenhower had told him about the high cost of living—for food particularly—in the White House. His mood changed when Mrs. Craig asked him whether he wasn't going to pay any attention to the consumer in trying to solve the farm problem. Why, the President asked tartly, did she suppose the administration is working so hard? The easy way would be to guarantee everybody everything they asked for, he went on. But he said he is trying to work for 150,000,000 people and there has to be a balance in order to avoid trouble.

Coming Events

- Masquerade Dance in Vernon Hall, Thursday, October 29th.
- Masquerade dance in St. Andrew's Hall, Mt. Stewart, Thursday, Oct. 29. Burns' Orchestra.
- Hallowe'en Dance, Millview Hall this Friday. Prizes for best costumes.
- Dance, Mermald School, Friday, October 30th. Fraser's Orchestra.
- Come to the masquerade dance at Stanley Bridge Rink, Tuesday, Nov. 3rd.
- Little Santa Masquerade Dance Friday, 30th. Sponsored by Little Santa's Hockey Team.
- Masquerade Dance, Fortune Hall, Monday night, November 2nd. Prizes.
- Masquerade Dance at St. Peter's Legion Hall Friday, Oct. 30. Prizes. Chalson's Orchestra.
- Come to Shur-Gain Cavalcade in North Wiltshire Hall, Thursday, October 29th. Please send entries to Mrs. Harry Balderston.
- Come to Christian Church hot chicken dinner and bazaar in New Glasgow Hall, October 29th. Serving from 5.30.
- Masquerade dance Winsloe Station hall tonight. Dolron Bros. Orchestra. Prizes for best costumes.
- Farmers ask about the Shur-Gain Feed Finance Plan. For particulars contact your local feed mill. Farmers who break records use Shur-Gain.
- Don't miss Masquerade Dance at South Rustico, Friday, October 30th. Door prizes 98 lb. flour. Canteen service. Music by Charlottetownians.
- Co-operative Super Market Cooking School Monday, November 2nd, through Friday, November 5th, at Prince of Wales College Auditorium. Everything free. Plan to attend. See the announcement in the Co-operative Super Market Ad.

Big Shopping Centre To Open In Toronto

TORONTO, (CP)—Canada's largest super shopping centre will be officially opened today, a \$4,000,000 climax to a \$20,000,000 subdivision development in North Toronto. The 20-acre shopping centre, Lawrence Plaza, consists of 40 stores and includes free supervised parking for 2,000 cars, floodlights for night shopping, outdoor music, public rest rooms, supervised children's playgrounds and a community bulletin board.

Rain Ends Threat of Fire In N. Y. Woods

ALBANY, N.Y., (CP)—New York state's woodlands, closed for several days because of drought and resultant fire hazard, were reopened Wednesday following a heavy overnight rain over most of the state.

U.S. Army Issues New Red Atrocities Report

WASHINGTON, (AP)—The United States Army, in a new and ghastly account of Communist atrocities, reported Wednesday that 6,113 Americans probably were among the multitude of persons tortured and massacred in Korea. The new account of Communist brutality, the army said, "exposes the enemy for what he is." Together with the report which Army Secretary Robert T. Stevens said describes "the cold-blooded program of torture and murder carried on by the Communist enemy," the army released photographic evidence—pictures of mutilated soldiers, windrows of bodies of Americans and South Koreans, heaps of blackened corpses of men roasted alive. The report was compiled by the war crimes division of the army

Two Killed In Crash of Jet

NORTH BAY, Ont., (CP)—The RCAF said Wednesday night both men killed in the flaming crash of a CF-100 jet fighter Tuesday night were from Vancouver. It said the pilot was FO. Edmund Andrew Charles, 23, and the navigator was FO. Robert Armstrong Gerry, 23.

Sask. By-elections

REGINA, (CP)—A Progressive Conservative candidate running with Liberal support Wednesday was elected to the 53-member Saskatchewan Legislature as by-elections were held in two rural provincial constituencies. Robert Kohaly, 32-year-old lawyer, won election in Souris-Estevan riding, defeating William Schlemmer, Oxbow school teacher and a CCF candidate. In the other contest, Liberal Samuel Carr was ahead of his two opponents in Rosthern constituency. Both seats formerly were Liberal.

Montreal Police Probe Murder

MONTREAL, (CP)—A man's bullet-pierced body with the head, hands and feet hacked off was found Wednesday in an east-end lane. Police described the case as one of gruesome murder. They said the death was either the work of a sadist or a gangland slaying. Everything was done to make identification difficult. They said they expect a break in the case within the next 36 to 48 hours but won't elaborate. A few hours after the discovery was disclosed, the wife of a longshoreman in the district telephoned police that her husband had been missing since 11 p.m. Tuesday night. She was not immediately identified.

Bandit Gets \$10,000 At Toronto Bank

TORONTO, (CP)—A nattily-dressed man robbed a branch of the Bank of Montreal in downtown Toronto of \$10,000 Wednesday, then walked across a busy intersection and vanished in a department store.

Grandmother's Pills Fatal To Little Girl

NEW WATERFORD, N.S., (CP)—Mildred MacLellan, 3, of nearby New Victoria died Wednesday after eating candy-coated pills used by her grandmother to ease a heart condition. Mildred, youngest of Mr. and Mrs. Michael MacLellan's 14 children, ate about 30 of the pills, which she found hidden in a top drawer. The grandmother was visiting

Good Progress In Tuberculosis Control Reported At Meeting

"Control measures have resulted in steadily declining tuberculosis death rates and for the first time our sanatorium has not a long waiting list for admission," Mr. Sidney T. Green, president of the P. E. I. Tuberculosis League, stated in his report at the annual dinner meeting held yesterday at the Charlottetown. However, he felt that preventive measures were not keeping up with developments in treatment as over 100 new active cases a year are being detected. But there were encouraging signs in the right direction in the increasing number of people being referred for x-rays by family physicians and public health nurses and the number of requests being received from organizations and businesses for the services of the x-ray unit. Mr. Green said that reports to be presented reflected another successful operating year and a continuing liquid financial position. Credit for the latter, he said, should go to so many Island people who support the Christmas Seal sales. This, he thought, reflected confidence in the League's operations and an increasing awareness that tuberculosis is still one of the major health problems. He said the major portion of the operating costs of the x-ray unit comes from grants and without them the League could not long continue to give free x-raying. He expressed appreciation to the Provincial Government authorities who make this possible. Speaking briefly of financial matters he said that replacement of equipment must be done by the League and for this reason a depreciation fund in the form of bonds had been established. They have not had to be used yet and return a small income to the League. In concluding he offered thanks to the committee and other League officials and to the past and present Minister of Health and Welfare. Seated at the head table with

the president were His Honor Lieutenant Governor T. W. L. Prowse, Hon. B. Earle MacDonald, Minister of Health and Welfare, Dr. W. J. P. MacMillan, Rev. T. H. B. Somers, Maj. M. E. Campbell, who represented the Gyro Club, S. W. Willis, N. A. McLeellan and Dr. C. J. Wherrett, executive secretary of the Canadian Tuberculosis Association, who was the guest speaker.

X-Ray Older People

Dr. Wherrett made a strong plea for the x-raying of older people. He said that many parents felt they had discharged their duty to the children when they sent them to the x-ray unit. He said this was small protection for the young but that they come in contact with an adult who has tuberculosis, unrecognized because he had not been x-rayed. "I suggest," Dr. Wherrett said, "that it is the responsibility of the League to acquaint the people with the fact that the real danger of infection to children comes not from playmates, but from older members of the family—from parents, uncles, aunts and boarders." He noted that here last year there were no deaths at all under 15 years of age, and only one under 20. He wanted to stress this point because it indicated that the chief reservoir of tuberculosis in the Province is now among adults, and not all young adults either. He said that one-third of all deaths are now in people over 50 years of age. It appeared to him that only a small proportion of the older age group are turning out and every effort should be made to have them attend.

Education Needed

He believed that the League had a real task of education. "Everyone in each community needs to be reached and asked to attend the survey." This, he said, needs a vigorous house to house campaign. (Continued on page 11)

9 Canadians Hold Sweepstake Tickets

WASHINGTON, (CP)—The United States has ended a 34-day ban on American aid to Israel and allocated \$26,000,000 to the new republic in the troubled Middle East. President Eisenhower disclosed the move at his press conference Wednesday, saying he was "delighted" to learn Israel had decided to abide by a ruling of a special United Nations commission in Israel's dispute with Syria. Later, State Secretary Dulles announced the formal lifting of the ban he imposed Sept. 25 after Israel refused to halt work on a Jordan River hydro-electric project, as requested by the UN commission. Syria complained that the project diverted water along the Israel-Syrian frontier. Dulles said he lifted the ban because Israel has pledged it "would in the future co-operate" with the United Nations in the water project dispute.

Deputy Minister Of Transport Resigns

OTTAWA, (CP)—Prime Minister St. Laurent announced Wednesday the resignation of J. C. Lessard as deputy minister of transport and the appointment of two deputies to take over his duties. The new deputy ministers: C. W. West, now director of canal services in the transport department, who will have jurisdiction over marine services and special projects such as the St. Lawrence seaway; John R. Baldwin, chairman of the air transport board, who will be deputy minister for air services and for the time being will remain board chairman. Mr. Lessard has been acting as chairman of the Canadian maritime commission for about two years. That post will be filled by Louis G. Audette, now a commission member. Mr. West will join the commission to round out its three-man membership. The prime minister's announcement said Mr. Lessard, deputy minister for about five years, is understood to have accepted the position of vice-president of Standard Railway Equipment Manufacturing Company of Montreal. His resignation is effective Dec. 31.

May End Lower Income Tax For Korean Troops

OTTAWA, (CP)—The government is considering withdrawal of the \$1-a-day income tax exemption for servicemen in Korea, a spokesman for the Defence Department said Wednesday. If carried out, all Canadian servicemen would be on the same pay basis, whether serving in Germany, France, Korea, Japan or Canada. Effective Oct. 31, all gratuities and re-establishment credit for troops in Korea and Japan will be cut off. The government reacts that with the war halted in Korea, servicemen there should be no more entitled to gratuities and re-establishment credit than

9 Canadians Hold Sweepstake Tickets

By The Canadian Press
When Jupiter, King of the Tudors and Fair Colleen flashed home in that order in the Cambridge Handicap at Newmarket Wednesday nine Canadians became richer by a total of nearly \$750,000. Four of them held Irish hospital sweepstake tickets on Jupiter, worth \$137,500 each. Two will collect \$57,500 each on the second-place finish of King of the Tudors, and three will cash in on the performance of Fair Colleen to the extent of \$27,500 each. Don MacKay of Toronto, a 45-year-old bachelor, left newspaper men gasping when he calmly said he was too busy to think much about his \$137,500. MacKay is a clerk in a soft drink company and insisted he was more concerned about hustling out to lunch and

Average Wages In Manufacturing

OTTAWA, (CP)—Canadians employed in manufacturing earned a new high average of \$58.30 a week in 1952, the Bureau of Statistics reported Wednesday. The figure was 7.6 per cent up from the previous high average wage of \$54.18 in 1951. Earnings were up in all provinces during 1952, the bureau said. Here are the figures by provinces with the 1951 wage bracketed: British Columbia, \$64.32 (\$60.59); Ontario, \$61.46 (\$56.73); Alberta \$57.53 (\$52.68); Newfoundland, \$56.26 (\$54.18); Quebec, \$54.19 (\$50.44); Saskatchewan, \$54.14 (\$51.01); Manitoba, \$53.44 (\$50.63); New Brunswick, \$50.12 (\$48.80); Nova Scotia, \$48.56 (\$46.37). Average hourly earnings of wage workers rose to record levels in 1952. The average for men advanced to \$1.40 from \$1.22 the year before, and for women from 83 to 86 cents.

U. K. Plans To End Controls On Butter, Milk, Margarine

LONDON, (Reuters)—An exhibition of British cars will be held in Toronto March 12-20 next year to help boost sales in Canada. The Society of Motor Manufacturers and Traders announced here Tuesday. It will form part of the Canadian National Sportsmen's show.

Progress In N.Y. Milk Strike

NEW YORK, (AP)—Mayor Vincent R. Impellitteri prodded peace talks Wednesday as a three-day strike cut off fresh milk from 12,000,000 persons. Women huddled forlornly in a pouring rain early in the day, beseeching milk from depots that were dry. "The milk strike is a matter of grave public concern," said the mayor as he summoned deadlocked negotiators to City Hall. However, the negotiators reported they were making progress in private talks and asked Impellitteri for a little more time to continue them. He agreed to put off a City Hall meeting for the time being.

U. S. Ends Ban On American Aid To Israel

WASHINGTON, (CP)—The United States has ended a 34-day ban on American aid to Israel and allocated \$26,000,000 to the new republic in the troubled Middle East. President Eisenhower disclosed the move at his press conference Wednesday, saying he was "delighted" to learn Israel had decided to abide by a ruling of a special United Nations commission in Israel's dispute with Syria. Later, State Secretary Dulles announced the formal lifting of the ban he imposed Sept. 25 after Israel refused to halt work on a Jordan River hydro-electric project, as requested by the UN commission. Syria complained that the project diverted water along the Israel-Syrian frontier. Dulles said he lifted the ban because Israel has pledged it "would in the future co-operate" with the United Nations in the water project dispute.

Payment Could Be In Sterling, Reports Indicate

SOME CONCERN FELT IN CANADA BUT EXPORTS NOT ENDANGERED.

OTTAWA, (CP)—The United States farm surplus disposal program has Canada a little worried but so far it has not endangered Canadian exports, federal officials said Wednesday. The latest move which brought some concern here was the disclosure that Britain, traditionally Canada's major food market, is negotiating with the U. S. to buy some American surpluses for sterling. A London dispatch said that grain, fats, butter, meat and meat products have been mentioned as being available. The U. S. has huge food surpluses and it has been authorized by Congress to accept as payment sterling or francs, Britain and other countries must pay in dollars for Canadian foods. Officials here observed, however, that the American disposal program calls for shipment of the surpluses through channels that will not disrupt trade between friendly countries. It also bars "dumping" of the surpluses in importing countries at rock-bottom prices.

Stresses Importance Of Local Unit In Jaycees

"The local unit is the important one," said Mr. Harry F. Smith, national president of the Junior Chamber of Commerce of Canada, in addressing a dinner meeting of the Charlottetown chapter last evening at the Queen Hotel. Other speakers were vice president Lyman Purnell of Saint John, N.B., and Mr. E. D. Reid, President of the Charlottetown Board of Trade. Mr. Smith continued, "This year our programme calls for an increase in membership, an effective speaking school in every club and executive Jaycee training." Stressing the creed of the organization, President Smith said faith in God gives meaning to human life. With this in mind the Junior Chamber of Commerce across Canada will sponsor a "go to church month" in May. Mr. Smith cited the Philippines as having the strongest Jaycee organization in the world. A Communist list found recently said that if the Reds ever attacked the Philippines, the first thing they would eradicate would be the Junior Chamber of Commerce. Mr. Smith said service to humanity is the best thing in life, and that Jaycees could continue to practice this. Junior Chambers of Commerce are organized or

News In Brief

LONDON, (Reuters)—Efforts to prosecute ousted leftist leaders in British Guiana have been hampered by intimidation of available witnesses, Colonial Secretary Oliver Lyttelton said Wednesday.

Queen Mother Gets Freedom Of London

LONDON, (Reuters)—Queen Mother Elizabeth Wednesday became the first mother of a reigning sovereign to receive the freedom of the City of London. Escorted by cavalry, the Queen Mother drove to the Guildhall in a carriage with her younger daughter, Princess Margaret, through rain-splashed streets lined by chilled spectators. At the Guildhall she stood on a raised dais and promised she would be "good and true" to her older daughter, the Queen. Her admission as a freeman was sponsored by the shipwright's company, a guild of which she is a member, for her service to "country and empire."

Progress In N.Y. Milk Strike

NEW YORK, (AP)—Mayor Vincent R. Impellitteri prodded peace talks Wednesday as a three-day strike cut off fresh milk from 12,000,000 persons. However, the negotiators reported they were making progress in private talks and asked Impellitteri for a little more time to continue them. He agreed to put off a City Hall meeting for the time being.

U. K. Plans To End Controls On Butter, Milk, Margarine

LONDON, (AP)—Britain will end the rationing and price control of butter, margarine and all other milk products next year. Food Minister Gwilyn Lloyd George told Parliament Wednesday he hopes to decontrol condensed and dried milks in the early spring; to debar butter, margarine, cheese and cooking fats in the early summer and to end all controls by the fall. Besides these foods, only meat and bacon are still rationed. It is expected that even meats and bacon will be freed next year. Lloyd George has already announced that no new ration books will be printed after May 15.
