### ADDRESS AND PRESENTATION

#### Captain Moore Remembered by His Company

Previous to his departure for Quebec last evening Captain Moore was presented by the officers, non-commissioned officers and men of No. 2 Co., C. A., with a valuable case and the following address:—

Charlottetown, P. E. I.  
28th February, 1900.

To Captain F. W. L. Moore,  
Commanding No. 2 Company  
4th P. E. I. Regiment, C. A.

Sir,—Having learned with pride of your appointment to the staff of officers of the Royal Canadian Artillery at Quebec, we take this opportunity, previous to your departure, of expressing to you the friendship and good feeling which exist between the genial Commanding Officer of No. 2 Company and the officers, non-commissioned officers and men of same.

We trust that your connection with your new command may be as pleasant as it has been with us for the past six years, and feel confident that you will ever maintain the high standing and faithful reputation you have won for yourself as an officer in the 4th Regiment C. A., by the earnest and untiring zeal which you have displayed in the performance of your duties.

We know that merit means promotion and heartily congratulate you on receiving this position, and the R. C. A. on securing to itself an officer.

Although we understand your appointment is temporary, still we feel sure, when the Commandant at Quebec finds the staff of which you are made he will have the appointment made permanent, and it will not be the first time Colonel Wilson has strengthened his command by a stalwart Prince Edward Islander.

In the meantime we will do all in our power to keep No. 2 Company in such a state that you will have no cause to be ashamed of us.

We look forward to the time when some of us may be privileged to take a course at the Citadel, where we may again come under your command, and receive further instruction which you are so eminently qualified to impart.

We ask you to accept this case as a small token of our appreciation of your services, and a reminder that should you remain away we will always follow your career with interest, and should you return we will be glad to welcome you back.

We have the honor to be, Sir,  
Respectfully Yours

## THE RELIEF OF LADYSMITH A Great Event Loyal Celebrated.

### SCHOOL CHILDREN AND COLLEGE STUDENTS TURN OUT

Torchlight Procession and Bonfire—  
Congratulations to Buller.

The relief of Ladysmith is being right loyally celebrated in Charlottetown to-day. This morning, as soon as the fact of the relief became known, flags were run up, bells were rung, whistles blown, a royal salute fired, and the joy of the people was manifested in every possible way.

At ten o'clock the pupils of Queen Square School, carrying flags and beating drums, marched to West Kent School where they were met by the pupils of that institution. The two schools then marched in procession to City Hall, where they were joined by the pupils of Prince Street School, the children of the Kindergarten, and the students of Prince of Wales College, all carrying patriotic flags and banners.

At the City Hall, the school children were addressed by His Worship Mayor Warburton, after which God Save the Queen was sung and rousing cheers given for Her Majesty, the British Army, the Canadian Contingent, General Buller and Major Warburton.

Then, at the instance of the Mayor, the pupils of the city schools were given a holiday.

Previous to proceeding to the City Hall, the Prince of Wales students marched along the principal streets and then lined up before the Colonial Building. Patriotic speeches were here made by Mr. McLeod, Superintendent of Education, Arthur Peters, M. L. A., L. B. Miller, J. T. Mellich, Eben McPhail and Attorney General McKinnon, amid continual cheering.

After the demonstration at the City Hall, the College students and the boys and girls of the City Schools proceeded to Government House in front of which they formed up. Here Governor McIntyre addressed them and proposed cheers for the Queen. The scholars of West Kent then returned to their schools to be dismissed while the students of Prince of Wales College marched to the Colonial Building again, where they were addressed by Senator Ferguson, Premier Farquharson, Professors Caven and Robertson, of Prince of Wales College, Principal Lanigan, of Queen Square School, and Prof. McMillan, of the C. B. C.

The students of St. Dunstan's College also celebrated the joyous event in a patriotic manner. They will join Prince of Wales College in the demonstrations to-night.

The principal stores are closed this afternoon, a half holiday having been proclaimed by the Mayor.

Tonight there will be a torchlight procession of firemen, militiamen and citizens, (which will leave City Hall at 8 o'clock) and a display of fireworks, where will also be a bonfire and Kruger will be burned in effigy.

At a meeting of the citizens held in the Legislative hall this morning to make arrangements for suitably celebrating the relief of Ladysmith, the following committees were appointed to wait upon the business men requesting them to illuminate their business places: F. Carter, J. A. M. Laren, Geo. Auld, W. C. Turner, Colin Moore and F. Sellar.

The citizens are respectfully asked to illuminate their residences as far as possible. It is recommended that the policemen and teachers take charge of the procession of school children.

The Mayor requests that no horses or carriages be allowed near the procession or scene of bonfire. The following will compose a committee to meet at 3 o'clock this afternoon in the Legislative hall: Colonel Moore; (chairman); the City Councillors, A. N. Large, Premier Farquharson, the Principals of the City schools, Geo. E. Hughes, S. W. Crabbe, and representatives of the Irish, Scotch, and Sons of England societies.

The citizens of Charlottetown, through the Mayor, today cabled the following despatch to General Buller:—  
General Buller, Ladysmith:—  
Charlottetown heartily congratulates you and brave soldiers for your seemingly impossible task. Congratulations to Lord Dunderdall, White, Hunter, City wildly enthusiastic. Illuminations tonight.

WARBURTON,  
Mayor.

At Summerside, when the news arrived a state of excitement was brought about that has rarely been equalled in that place.

The citizens were fired, schools let out, the children paraded the streets which were fairly rung with flags. Aeffigy of Kruger was suspended on Main St. This afternoon the Boys' Brigade, headed by a band, marched through the streets.

At Souris a most enthusiastic celebration of the event took place. Flags were flying, guns firing, the school children

were freed and sang the National Anthem, and the people generally took "a day off." Tonight they intend having the biggest bonfire on record, as well as other features of interest and amusement.

Georgetown loyally and enthusiastically celebrated the relief of Ladysmith today. Headed by a band the school children paraded the streets. Whistles were blown, flags unfurled to the breeze, guns fired, and a holiday unanimously taken. A big bonfire will be lighted here to-night.

The Citizens band paraded the streets this afternoon and for a time played on Queen Square gardens. Master Eric Warburton, in uniform and bearing the British flags, led the procession.

### NEWS FROM SOUTH AFRICA.

#### Another of the Island Soldiers Writes Home.

Miss M. Foley has received a letter, dated Belmont, January 18th, from her brother, Mr. Richard Foley, one of the Islanders in South Africa. We are permitted to quote the following:

"I received your letter yesterday, and was very glad to hear from you. I am having a very good time so far. It is very warm here, but I am getting used to it now and do not mind it very much. There have not been many signs of war for the past few weeks, except preparations that are being made to take possession of the Boer stronghold at Spryfontein. All trains for there pass through here. But we know little of what is going on, except the knowledge that many guns have gone up during the last few weeks. Almost every train that passes here has guns of every description, from the 7-pound field gun to the deadly howitzer throwing 118 pounds of lyddite. The Boers are even more frightened of the lyddite shells, if possible, than they are of the British bayonets. But it is not much wonder, for anywhere they were used hundreds of dead Boers were found after the fight without a single wound.

There is a big fight brewing now which should occur before very long. I am not sure whether we will be in it or not. If we are not actually engaged, I hope we will be close enough to see those lyddite shells burst.

I sent home some papers. You will find in them some news and a description of our little scrap at Douglas. It was not much, but it was our first engagement. Only company "C" was in the attack, while the remainder of us were in reserve.

Walter Lane is well. He and I are in the same company. All the Island boys are well and are all anxious to get into every fight heard of. I had some photos taken and am sending them to you.
