Toronto Stocks

By The Canadian Press

TORONTO, (CP) — Prices were lower and activity was slow toward the close of today's stock market session.

Papers, steels, agriculture, liquors, financial institutions and textiles were lower in the industrial trading. Retail stores, manufactures and utilities were steady. Foods made the only gain.

Placer's 50-cent drop in the holding companies was the only major change among the higher-priced issues, but activity was greater in the penny stocks.

Western oils losses were more than twice as numerous as gains although all issues traded lightly. Kenwell, was at a new high, it added 12 cents.

Seniors, which had been stronger in earlier base metal trading, slipped. Hudson Bay's 25-cent drop was the greatest. Cassiar and United Asbestos led juniors lower. Geco was off 25 cents.

Uraniums and Bathurst-area base metals were little changed.

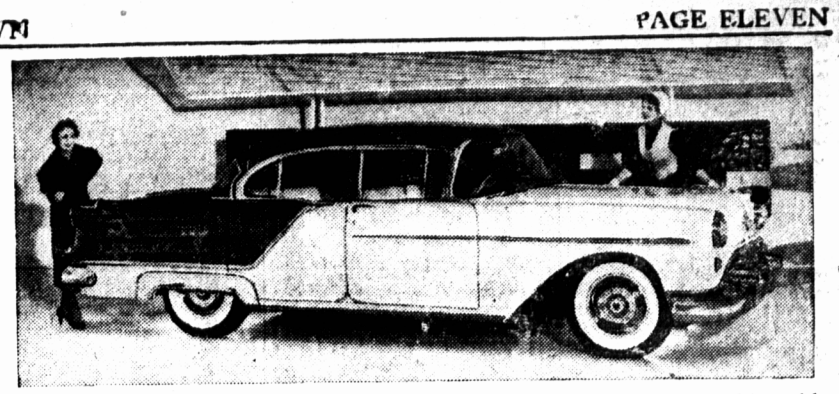
RENT-A-CAR SYSTEM FRANCHISE

Canada's largest Rent-a-Car System, with 26 stations from Halifax to Vancouver, will appoint a member in Charlottetown. Applicant need not be experienced but should be sales-minded and able to purchase and operate about 10 cars.

System will supply complete Manual of Operations, advertising copy, proper insurance covering cars, and other know-how. Write Tilden Rent-a-Car System, 1500 St. Catherine Street West, Montreal.



Graceful silhouette of the 1954 Oldsmobile "98" four-door sedan is a result of the most complete model change in Oldsmobile's history. Brand new features are the sweep-cut front fenders and the unique two-tone paint effect. With an overall car height of 60.5 inches, the redesigned chassis still maintains adequate road clearance. The 1954 Oldsmobile presents lower hood and rear deck contours and a highly visible panoramic windshield that offers 1104 sq. in. of glass area. Total glass area is increased by 278 sq. in over the 1953 model. Wheelbase of the "98" has been increased to 126 inches to improve roadability, but overall length of 214 inches is about the same as 1953. Rich upholstery over foam rubber makes riding a luxury. The "98" is driven by a more powerful 185-h.p. "Rocket" engine with 8.25 to 1 compression ratio.

Sights Canada For Development

GLASGOW Reuters — Chancellor of the Exchequer Richard A. Butler said Friday only increased production and vast Commonwealth development will enable Britain to meet the rising industrial competition of the United States and Germany.

Butler singled out Canada as a striking example of Commonwealth development of natural resources citing rich finds of oil, uranium and mineral wealth.

"Canada's strength and spirit will be with us if we expand and develop our resources and move towards a system of freer trade and payments," he said in a speech before the Glasgow Unionist Conservative Association.

But he added the British government must give first priority to development within the United Kingdom, where sharp foreign competition has made increased productivity and investment "imperative."

Butler came out heavily in favor of the existing system of Commonwealth trade preference as one antidote to economic ailments.

But he emphasized the chief hope of the Commonwealth lies in continued development of its resources — "in which our country has taken the lead and is playing an honorable part."

Canadian Dollar

MONTREAL, (CP)— The U. S. dollar closed Monday at a discount of 3 15-32 per cent in terms of Canadian funds, down 1-16. It took 96 17-32 cents Canadian to buy $1 American. Pound sterling $2.71 5-8, down 3-16.

Oppose Compulsory Poultry Grading

SYDNEY —(CP)— Cape Breton Poultry Dealers' Association will oppose any attempt to inaugurate compulsory grading of poultry in Cape Breton, the city council has been informed.

D. J. Macaulay, who said he represented the poultrymen, said compulsory grading would result in increases of as much as five cents a pound in poultry prices.

The agriculture committee of Sydney board of trade, under the chairmanship of Wellington McCoubrey, will ask council to pass a bylaw requiring compulsory grading. The proposal was endorsed by the trade board executive.

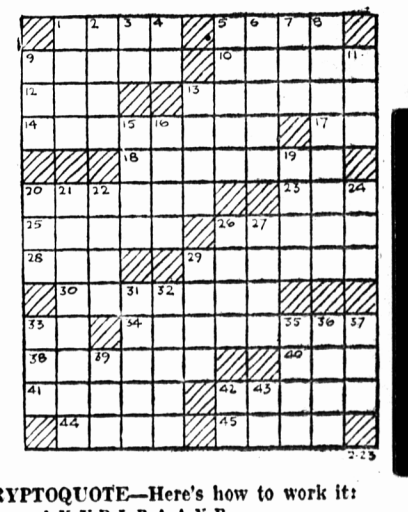
Yesterday's Answer



DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.
