MONTREAL

MONTREAL (CP) — Prices levelled off Tuesday in moderate trading on the Montreal and Canadian stock exchanges.

Leading the decline were the steels, papers, utilities and refining oils. Canada Iron Foundries fell ¼ to 26¾, Fraser dipped ½ to 24, Bell Telephone tumbled 1¼ to 40⅛ and at 40⅛, Imperial Oil eased ⅛ to 40⅛.

Base metals and pipelines followed a mixed to lower trend. Asbestos at 28 and Trans-Mountain at 49 dropped ½ each while both Hudson Bay at 41½ and Trans-Canada at 26¼, moved up ¼.

Constructions were the only strong point as Canada Cement gained ½ to 30.

Trading in the mines was proportionately heavier. The low-priced penny issues were mixed and their higher pricel brothers showed instability. The producers were generally mixed and western oils displayed weakness.

The exchanges' closing averages show banks off .04 at 47.81, utilities off .5 at 138, industrials off .1 at 242.9, papers off 9.27 at 1056.14 and golds up 1.50 at 69.36.

NEW YORK

NEW YORK (AP)—The stock market declined for the second straight day Tuesday amid a rash of reports of sharply lower earnings.

Industrials set the lower tone with losses ranging from fractions to a point or so in key issues.

Why does the market go down on bad earnings this week when it took the same news in stride last week?

Wall Street said there was a difference because a number of companies reporting Tuesday absorbed bigger drops than expected.

The Associated Press average of 60 stocks fell 80 cents to $165.80, with industrials off $1.70.

Among Canadian issues, International Nickel lost an early gain and closed unchanged. Canadian Pacific and Aluminium Ltd. each dropped ¼.

Canadian losers on the American exchange included Imperial Oil, down ½, and Canadian Marconi, down ⅛. Brazilian Traction closed unchanged.
