ABSOLUTE PURITY.

THE following analyses (made by the Dominion Analyst) of three BAKING POWDERS sold in this market should put a stop to the unjust efforts of the Royal to mislead the public as to its being the only pure Powder. These impartial tests show that other Powders are as pure and wholesome.

W. SAUNDERS, Dom. Analyst, St. John, N. B. reports:

Royal—Contains Alkaline Carbonates—a mixture consisting mainly of Bi-Carbonate of Soda and Cream of Tartar—adulterated with about 20 per cent. of Starch.

W. F. BEST, Dom. Analyst, St. John, N. B. reports:

Pure Gold—Contains Cream of Tartar, Carbonate of Soda—Fresh and pure.
Nov. 19, 1882—Not adulterated; same as usual.

WOODILL'S
April 7, 1883—Not adulterated same as usual.

MAYNARD BOWMAN, Dom. Analyst, Halifax, N. S. reports:

June 4, 1884—Fresh and pure; same composition as usual.

WOODILL'S of good quality; contains nothing injurious.

Woodill's German Baking Powder has a reputation for purity and wholesomeness now nearly 30 years.
May 21, 1883.

The Meeting at Cornwall.

On Saturday, the 19th inst., a large and respectable assembly of the electors of Cornwall met in the School House in that place. They were addressed by the candidates for the Second District.

Mr. Bain was the first speaker. He instituted a comparison between the use of the people's money by the Davies Government and the present Administration, and showed that \$38,000 was wasted by the former in paying useless salaries and in wild extravagance. The Assessment was levied to raise this money, and the speaker shewed from the first principles of the political economy, that this Tax, which was not used for the benefit of those who paid it, was not only unnecessary but unjust. He exposed the untruthfulness of the assertion made by the Opposition that the country is \$120,000 in debt, and shewed its satisfactory financial condition. He denounced in eloquent and earnest language the systematic misrepresentations of the Opposition. He showed that our country, which the Grit candidate declared to be growing poorer and poorer, nearly doubles its produce with each decennial census; and made a striking statistical comparison of the wealth of our Island with the rest of the Dominion. The Grit candidate had frequently charged the Government with the present low price of produce, especially potatoes. Mr. Bain exposed clearly this fallacy, the bare mention of which is received with derision by all well informed farmers. He then shewed to the intelligent farmers of West River the importance of choosing one of their own profession to represent them in the Legislature. He proved this clearly from the past history of our Legislature. His address was listened to with intense interest, and applauded with enthusiasm.

Mr. Farquharson followed in a rambling speech, abusive of the Government, embellishing his discourse with bursts of coarse profanity. He urged the people to rebellion and union with the United States, deeming, evidently, the bloody scenes of Batoche gay trifles if they would secure a Grit victory.

Mr. McKay stated his former association with the Davies Government, and explained clearly the substantial reasons he had in the interest of the people for severing his connection with it. He shewed the very large amount of money which he had secured for public works in the District, having provided many important wharfs and bridges, including the long-needed bridges over the West and North Rivers. This last bridge, he showed, in spite of the slanderous misstatements circulated in regard to it, to be one of the most substantial and faithfully built structures that spanned the waters of P. E. Island. He was received with much applause.

Mr. Jos. Wise, who usually acts on the prudent principle that "even a fool may be counted a wise man when he holds his tongue," gave a short address, the burden of which was that the people should support a Grit candidate. He said if they would send six Grits to Ottawa who could not say a word (e. g. Joseph Wise, Esq.) they would be doing a blessed work.

Political Meeting at Cardigan Bridge.

According to announcement, a large number of electors assembled at Cardigan Schoolhouse, on Friday, the 18th inst., to hear discussed the leading questions of the day.

W. P. Lewis, Esq., was called to the chair, and the undersigned appointed Secy. The chairman called on Dr. McLaren, the late representative of the district, to first address the meeting. The Dr. on coming forward expressed his willingness to again contest the district, if the electors were willing to accept him.

Hugh L. McDonald, Esq., Government candidate, was the next to address the meeting. In his opinion the Government had done well, and were entitled to support at the coming elections.

James Campbell, Esq., candidate in the interests of the Opposition, on rising to address the meeting, stated that fault was found with the Government in his locality that he received his nomination from a large meeting of electors, and if returned would do his utmost to advance the interests of the district.

Cyrus Shaw, Esq., came forward and addressed the meeting in his usual eloquent style, and said that as a representative of the agricultural interests, he was now seeking their suffrages. He considered it a momentous epoch in the history of the Province, and thought the government should be supported in their efforts to obtain fulfillment of the Terms of Union. After the candidates had spoken, able speeches were delivered by Dr. Robertson, Geo. F. Owen and John G. Scringour, Esqs.

Cyrus Shaw, Esq., of New Perth, and H. L. McDonald, Esq., of Cardigan, were proposed by Mr. Terrence Power, seconded by Mr. Thomas Mellish. Dr. McLaren, of Brudenell Mills, and James Campbell, Esq., of Grand River, were proposed by Mr. John J. Scringour, seconded by Mr. Donald Stewart. The nominations were put to the meeting and received with applause.

There being no more business before the meeting, a vote of thanks was tendered the chairman for his able and impartial conduct in presiding over the meeting, to which he suitably replied.

After three hearty cheers for both Government and Opposition candidates, the electors quietly dispersed.

JOHN A. DEWAL,
Secretary.

Cardigan, June 18, 1886.

Grand Rally at Launching.

MACDONALD AND SHAW ENTHUSIASTICALLY NOMINATED.

A large and influential meeting was held in the Launching School-room, on Monday evening, the 21st inst., for the purpose of hearing the candidates for the Cardigan District express their views on the political questions of the day, W. D. McCormack, Esq., being appointed chairman, and the undersigned Secretary.

Dr. McLaren was the first speaker, and in a few brief remarks apologized for not being able to serve them as he wished, being in the opposition; and by extracts from the *Patriot* endeavored to show that the Island was \$120,000 in debt.

Cyrus Shaw, on being called, received tremendous applause and stated that he was before the people in support of the policy of the present administration, which, he considered, should commend itself to every person whose breast was animated by a grateful heart. He reviewed at great length the policy of the present Government, their economy and retrenchment, their present energy in undertaking and pressing our claims on the Dominion Government. In doing so, he contrasted the conduct of the present Government with that of their predecessors; in clear and unmistakable terms announced the policy of the Government, and showed to the audience the importance of the coming struggle.

Mr. Scringour was the next speaker. He reviewed from the *Patriot* the conduct of the Government, upheld the Northern Light, stated that economy in the public funds was the platform of the opposition, and that it differed very materially from the "you scratch my back and I'll scratch yours" policy of the Government.

Mr. Campbell announced himself as being chosen as a candidate, and after consulting on the roads, stated that if he were elected he would prove a faithful representative.

H. L. McDonald, on coming forward, stated that being a candidate for their suffrages, he considered that in this important juncture of our history it behoved us to return the present party to power, who, by their past course, showed to all impartial minds the deep interest they have taken in promoting the welfare of this Island.

The candidates, having been placed in nomination, it was evident to the most casual observer, by the enthusiastic applause, that McDonald and Shaw had an overwhelming majority.

Three hearty cheers having been given for the Government candidates, the meeting was brought to a close.

THOMAS F. HUGHES,
Secretary.

Boston Markets.

BOSTON, June 16.

POTATOES—There is an easier felling for old Potatoes, and only the best Eastern Hebrons command 70c. For Rose, Burbanks and Prolifics 65c. is a top price. P. E. Island Chienagoes are selling mostly at 45 to 48c. per bushel.

EGGS—Eastern extras are held at 13c. per dozen, but other kinds are plentiful and sell slowly at quotations. It is hard to get over 11c. for Island.

FRESH—Trade has improved a little, but the demand is confined mainly to new Mackerel, which continue scarce, and command extreme prices. Some 200 to 300 brls. from Cape Breton by the Halifax steamer sold readily at \$6.75 per brl. with brl. A few small lots from Yarmouth and Barrington sold at \$6.50. A trip of 220 brls sold at Gloucester on Monday at \$6.50, with brl. and came to Boston. Old Mackerel are working off gradually, but it is very difficult to get any advance. Dealers are running their stocks as low as possible, and will not buy until they are cleaned out.

Nova Scotia old No. 3 are hard to sell at \$3.50 to \$4 per brl., and buyers are not willing to give over \$2 for No. 2. Old Shore No. 2 are selling at small lots at \$5.50 to \$6, with some extras at a higher range. Fresh Mackerel from Nova Scotia go off quickly at \$7 per 100, as they run. Codfish are selling moderately at \$2 to \$2.25 per qt. for new pickle-cured Bank, and \$3 for new dry Bank. Old Codfish are about all out of market. Hake, Haddock and Pollock are without movements of importance.

Pickled Herring are dull and nominal. Smoked Herring are selling at 12c to 13c. per box for large, and 15c to 16c. for strictly medium scaled. Fresh Salmon, 10 to 12c. per lb.

CANNED GOODS—Lobsters are in fair demand, and have been advanced to \$1.65 to \$1.70 per dozen, duty paid. Mackerel are lower, and selling at 55 to 60c.

Journalism is taking a spurt in Italy. In Naples there is a regular newspaper reading craze, and even the beggars gather round some fortunate possessor of a daily newspaper as he reads aloud in the street. But the people soon get tired of any one paper and clamor for a new one. The consequence is that almost every day some paper dies and another takes its place. One of the most certain ways of killing a newspaper in Italy, by the way, is to fill it with news. What they want is good local lies and blood-curdling sensations.

Ocean vessels trading to the port of Montreal continue to show an increase in tonnage capacity. In 1883, the average tonnage of 74 ships was 1,171 while the same number this year averaged 1,300, or 189 tons more than four years ago, so that for the same number of vessels, the tonnage has increased nearly 15,000 tons. Sixty-two steamships and twelve sailing vessels, with an aggregate tonnage of 101,581 tons, had arrived in port up to June 1, against 61 steam and 19 sail with combined tonnage of 99,781 last year. The inland vessels numbered 881, against 659 to same date in 1885. The net increase in ocean and local traffic to June 1 was \$3,547, or 14-17 1/2 per cent. compared with last year.
