

TOP 50 LPS IN NO PARTICULAR ORDER

MIKE MACDOUGALL

1. The Seeds - *The Seeds* - Their keyboardist claimed to be 200 years old. He was also "a stand in for Mozart."
2. The Louvin Brothers - *The Louvin Brothers (Ira and Charlie)* - Beautiful harmonies. A friend of my brother owns Ira's mandolin.
3. Hawkwind - *Space Ritual* - Check the cheap CD racks at Wal-Mart for their live CD. Very good.
4. 13th Floor Elevators - *Easter Everywhere* - All hail the electric jug!
5. The Hobbits - *Down to Middle Earth* - Psych-pop. I don't know anything about these guys. There is no history on them anywhere.
6. The Who - *Magic Bus* - It was hard to chose my fave because all their early stuff is so good.
7. Pink Floyd - *Piper at the Gates of Dawn* - The only record Syd Barrett is on in entirety.
8. Grateful Dead - *Workingman's Dead* - This is when they "went country."
9. Love - *Love Story* - This 2 CD set covers the entire career of the band Jim Morrison wanted to be "as big as love."
10. Creation - *Purple with Red Flashes* - They have a song in the movie *Rushmore*.
11. The Byrds - *Notorious Byrd Brothers* - Great mix on country, folk and psych.
12. T. Rex - *Electric Warrior*
13. Eric Burdon and the Animals - *Love Is* - The guitarist from The Police is on this. He was 18!
14. Beach Boys - *Live In London* - Some amazing vocal harmonies on this record.
15. Elevator - *A Taste of Complete Perspective*
16. Small Faces - *BBC Sessions*
17. The Troggs - *Best Of* - Their original records are hard to find.
18. The Monkees - *Head Soundtrack* - Very odd movie. They make fun of their creation in it.
19. The Electric Prunes - *Underground*
20. New Riders of the Purple Sage - *New Riders of the Purple Sage*
21. Syd Barrett - *The Madcap Laughs* - Syd's mental state got to be so bad someone had to hold his hand when he was listening to the playbacks.
22. MC5 - *Kick Out the Jams*
23. Donovan - *Hurdy Gurdy Man*
24. Sopwith Camel - *Hello, Hello*
25. Blue Cheer - *Vincebus Eruption* - This band was so loud they blew out two echo chambers. A feat only done by one orchestra.
26. The Yardbirds - *Roger The Engineer or Over, Under, Sideways, Down.*
27. Iron Butterfly - *Heavy*
28. Bill Monroe - *Best Of* - His original records are too pricey.
29. Fu Manchu - *Daredevil*
30. Gene Clark - *With The Gosdin Brothers or Echoes* - Basically the same record. Former member of the Byrds.
31. The Zombies - *Odessey and Oracle* - Intentional misspelling...trippy!?

41. Black Sabbath - *Vol. 4*

43. 13th Floor Elevators - *Bull of the Woods* - Rocky Ericson and the jug are pretty well nonexistent.
44. The Carter Family - *Great Original Records By...*
45. *Stereoscopic Scary Show* - Compilation of Moncton bands.
46. Music Machine - *Turn On* - These guys wore all black with one black glove. All their gear was black too.
47. Motorhead - *Best* - Leather cover! Lemmy used to be in Hawkwind. Motorhead is the name of a song he wrote for that band.
48. Traffic - *Mr. Fantasy* - The title track is good, but there's some on here that kick!
49. Stompin' Tom Connors - *Bud the Spud* - Bud lives near me!
