Smith, Esq., has been postponed until Tuesday next, 3rd November, owing to the disagreeable weather. THE firm of H. Shorey & Co., Wholesale Clothiers, Montreal, have removed their factory to Ottawa. Mr. A. Sandeman, their representative, is expected here on the 2nd prox. LARGE SALES.—The Moncton Transcript says: Since the 21st up to last night, Mr. H. G. Wadman sold 2000 bushels of P. E. On Wednesday evening last Joseph Cook lectured in Halifax to a large audience, his subject being the "Failures of Unbelief." The discourse, a summary of which is published in the Halifax Herald, proves conclusively that Mr. Cook is not bound down by sectarian prejudices, but possesses a broad and liberal mind, giving credit wherever it is due. The synopsis of the brilliant lecture concludes with these words: "Mr. Cook closed with a brilliant preparation on the Divinity of Christ and His cross, during the delivery of which he held his audience spell-bound. It is impossible to give even a summary idea of Mr. Cook's lecture in a summary such as our space affords. He must be seen and heard to be understood and thoroughly appreciated."

TELEGRAPHIC NEWS.

[SPECIAL DESPATCHES TO THE EXAMINER.] The Eastern War Cloud. LONDON, Oct. 29. France and England have notified the Porte of their readiness to take part in the Balkan conference. The Servian Minister here writes that the Bulgarian coup d'etat has not created, but has intensified, the long existing tension between Servia and Bulgaria. The Bulgarian and Servian armies would now be opposing each other. Despatches from St. Petersburg to day, state that the Russian cabinet officially allege that Austria and Servia are intriguing for territorial aggrandizement detrimental to Russian interests in the Balkan peninsula. Their information must have been received from what they consider a reliable source, as Russia has for the past few days been secretly arming. Indian Troubles. RANGOON, Oct. 29. Myohla, on the frontier near Toungoo, is being strongly stockaded and garrisoned, to prevent raids in the provinces. CALCUTTA, Oct. 29. The steamer Irawaddy and two launches have left Rangoon for the Burmese frontier. It is reported that a steamer with fugitive Europeans on board has been fired upon by the Mihntha fort. The troops for the proposed expedition to Burmah have arrived here from Madras. Attempt to Assassinate M. De Freycinet. PARIS, Oct. 29. Considerable excitement was created here to-day by an attempt to assassinate M. De Freycinet, French Minister of Foreign Affairs. After attending a meeting, he took a drive at noon and, while returning, a man slipped out into the roadway and fired a pistol directly at the carriage in which De Freycinet was seated. The shot was harmless, and before the culprit could fire again he was arrested. Convicts Escape. TORONTO, Oct. 29. Two convicts, Charles Andrews, alias Morgan, and Matthew Kennedy, escaped from Kingston Penitentiary this morning. Andrews was serving a term for fatally shooting a man named Maroney in Toronto two years ago, and Kennedy was implicated in the murder of Jailer Leach at Sandwich, in the spring of last year. The "Globe" Denies Blake's Resignation. TORONTO, Oct. 29. The Globe this morning comes out with a denial of the rumor that Blake had resigned and that he intends to reside permanently in England, but announces that in future he will assign more work to the younger members of the party. Weather Bulletin. Probabilities for the next 24 hours for the Maritime Provinces. TORONTO, Oct. 30.—10 a. m. Gales from east and north, cloudy and rainy weather. METEOROLOGICAL OFFICE Charlottetown, Oct. 30, 1885. An interesting life insurance case was tried at the civil assizes in Toronto a few days ago. In December, 1883, George Miller, farmer, of Markedale, insured in the Confederation Life for \$10,000 on the endowment plan for twenty years. In June of next year, Miller and his family removed to Manitoba, where he died on the 13th August following. The Company refused to pay the amount of the policy on the ground that Miller, in his answers to questions made in his application paper, had falsely concealed unfavorable medical symptoms, and at that time he was suffering from a constitutional ailment of the lung, had suffered hemorrhage, was of dissipated habits, all of which he concealed. After evidence had been submitted the jury retired and brought in a verdict for the full amount of the policy with interest and costs.—Toronto Witness. THE CHARLOTTETOWN BOY MURDERER.—The Moncton Times says:—Walter Robertson, the Charlottetown boy murderer, is supposed to have made good his escape to the United States. Conductor Rainnie, who runs on No. 1 express, says a young man answering the description published was a passenger on his train to St. John on Monday afternoon. If this is the party wanted there is no doubt he has crossed the line ere this. Marsha Flynn, of Charlottetown, proceeded to St. John to make enquiries there. THE demand for "Myrtle Navy" tobacco is still on the increase, and from every quarter the firm who make it are receiving unsolicited testimony of its growth in public favor. A gentleman from one of the mining islands of Lake Huron writes: "Your 'Myrtle Navy' is an invaluable article to the loneliness of the miners here. I don't know how our men would get along without it. If their stock ran out they would risk swimming to the mainland to get it, heedless of danger, and I believe they would cross the ice in winter on the same errand if it was not more than an inch thick. No other tobacco will satisfy them."

A Tale About the French Premier.

The following story about M. Brisson, President of the Council of Ministers, is being circulated in French newspapers. A magistrat at Souzais, being summarily and unjustly dismissed from office by order of M. Brisson, appealed to Madame Brisson, the Premier's mother, to intercede with her son for his, the magistrat's, reinstatement. The lady replied frankly and imprudently, telling the man that she had lost all influence over her son, that four years ago he had broken off all relationship with the members of her family. "He still," wrote Madame Brisson, "holds himself a stranger towards us to our great grief. He allowed his father to die without visiting him, and although he attended his father's funeral, he totally ignored all the other members of the family." The injured magistrat lost no time in revenging himself on M. Brisson by making the contents of his mother's condemnation of him public. The Emperor William is not only the oldest officer in the German army in point of age, but also the oldest general in point of service, for his patent as Major-General dates from March 30, 1818. In 1888 he would, therefore, celebrate his septuagennial jubilee as Prussian General; and, considering that he joined the army as ensign on March 22, 1807, the eightieth anniversary of his having entered the active service would occur in March, 1887—an event thus far unique in the annals of the Prussian army. Another miracle at St. Anne de Beaupre is related of Miss Bilodeau, of St. Roche suburb, Quebec, who has been an invalid for a long time, and having no power in her legs whatever, a vehicle was fixed expressly to convey her to the spring. As an illustration of her illness it is said she fainted 304 times on the journey of 24 miles. The morning after her arrival she was taken into church and as communion was being celebrated the girl arose and without any assistance walked to the communion rail, full power being restored to her limbs.
