ENDORSES DR. ROSE.

A Quebec Physican who Corroborates Dr. Rose's Opinion.

PORTLAND, Dec. 3.—The letter of Dr. A G. McCormick, of Richmond, Que., testifying to his complete and permanent cure from Bright's Disease by Dodd's Kidney Pills, has been read with much interest here, supporting as it does the recent letter of Dr. E. A. Rose, of this place, who was cured of Diabetes by the use of these pills. Of course no furthe corroboration of the curative qualities of Dodd's Kidney Pills was required other than the testimony of Dr. Rose, but it is a satisfaction to know that other medical men are able to join the Dr. in testifying to the worth of the pills from personal trial.

She—Is this a tender turkey?

D. W. FINLAYSON.
Ch'town, Oct 10, 1894—t t s & wy H. T. LEPAGE'S OLD STAND.

In proportion to the population, France has more money in circulation than any other country. In France it averages $40.56 per capita; in the United States $24.34; in England and Germany, $18.42; in Japan, $4.90; in China, $1.75; in Central America, 84 cents.

Miss Grace Cohee, of Newburn, Ind., to play a practical joke upon a visitor at her house, Mr. Con. Beck, arrayed herself as a ghost and confronted him in the dark. He fired two pistol shots at her, and as both bullets entered her body a fatal result is feared.

"Cheap substitutes for hat pins" were advertised to be sent by mail, on receipt of five cents, by a man in Boston. Every person who ordered the substitutes received two rubber bands, with this advice: "Sew one end to your hat and fasten the other behind your ears."

"MAKE HENS LAY."

Such is the caption of an advertisemen that appears not only in the local, but many leading agricultural papers, and which suggests the propriety of a few thoughts upon the subject. It may be laid down as a rule that most people indulge in raising poultry not for the pleasure it gives, but for the profit that is realized from the same, which must come from young chicks or eggs, and since the chicks must come from the eggs, the real profit may be traced to egg production, so the advice given in these words is of vital consequence to the poultry raisers. "The advertisement referred to recommends Sheridan's Condition Powder to make make hens lay, and so do we," says Mr. A. F. Hunter, poultry editor of Farm-Poultry. A hen to lay prolifically must be in perfect health, must be in condition, and here is based the true theory of the value of Sheridan's Condition Powder—it promotes the general good health of the fowl, gently quickening digestion, and stimulating all the various organs of the body as well as the ovaries, to perform their functions." At this season of the year the use of Sheridan's Condition Powder is very valuable for laying hens and young pullets. By its use now they will get to laying earlier when the price for eggs is very high. I. S. Johnson & Co., Boston, Mass., the only makers of Sheridan's Powder, will send for 50 cents two 25 cent packs, five packs for $1.00; or for $1.20 one large two pound can of Powder, postpaid; six cans $5.00, express prepaid. Sample copy of the best poultry magazine free.

"Do you think Charlie loves me mamma?" asked the fair young girl anxiously.
"Certainly he does. Haven't you noticed that he always wears the gloves you bought him for a Christmas present, though they are two sizes too large?"

COD LIVER OIL has long been known to the Medical Profession as perhaps the *best single remedy* for CONSUMPTION and other Wasting Diseases—but most sick or ailing people have an unconquerable aversion to it, *in its crude state.*

The Hypophosphites of Lime and Soda are only second to COD LIVER OIL in their curative effects in the above complaints. In PUTTNER'S EMULSION the Oil, while retaining all its medical virtues, is completely disguised both from eye and palate, so as to be agreeable to the most delicate stomach, while its curative effect is enhanced *one hundred per cent.* by its scientific association with the salts of Phosphorus.

For sale by all Druggists at 50 cents a bottle.
