## Physical Education Discussed

MONTAGUE — A large number of parents and teachers attended the regular meeting of the Montague Home and School Association held in the Memorial School.

The president, Arthur Sullivan conducted the meeting. Committee reports were presented and the president appointed a committee to assist the Women's Institute in arranging tea for the guests at the official opening of the new junior school which is scheduled to take place late this month.

The committee appointed is composed of Mrs. Archie Hildey, Mrs. Ralph Beck and Mrs. James Cadmore. In the absence of the guest speaker Robert Mills, physical instructor for Montague schools, program convener, Mrs. Beecher Hickox read a paper composed by Mr. Mills on the subject of physical fitness. This was followed by a very lively discussion on the importance of physical education and the great need for it, both at junior and senior school levels.

The possibility of the formation of a regional high school home and school association was also discussed and it was decided to invite all parents in the districts comprising the Montague regional unit to the next regular meeting to discuss the matter.
