Vital Statistics

IN MEMORIAM

STEWART — In loving memory of Mrs. Rose Stewart who died August 24th, 1950. Always remembered by son and daughters.

BERNARD — In loving memory of K.B. Bernard who passed away August 24, 1963, in Victoria, B.C.
One year has passed since that sad day,
When one we loved was called away.
God took him home, it was His will.
Within our hearts he liveth still.
Ever remembered by his sisters Jean and Hazel and brother Everett.

MALONE — In loving memory of our dear mother Mrs. Daniel Malone who departed this life August 24th, 1955.
We miss her because we loved her
She was dearer than silver or gold
No treasure an earth can replace her
Her memory will never grow old.
Lovingly remembered and sadly missed by the family.

RECALL HISTORIC SHOT

MONS, Belgium (Reuters) The first British shell of the First World War, fired just 50 years ago Saturday, was commemorated with a blank shot from the same gun, from the same spot and by the same man. Ex - bombardier John Frederick Osborn, 73, fired the 13-pounder cannon at Peronnes. The cannon had been seen for the occasion from the Imperial War Museum in London.

ADMIRAL RETURNS

Bronze statute of admiral Doria, which sank with its namesake, the vessel Andria Doria 45 miles south of Nantucket July 25, 1956, was returned from its watery grave Sunday by salvage divers. They are from left, Paul Heckbert, George Merchant, Danny Morse and John Grick. They were working on the salvage vessel Top Cat from Norfolk, Va. It took the group 54 dives to bring up the 400-pound statue from the vessel which lies in 225 feet of water. (AP Wirephoto)

Profits Parade Continues Without Noticeable Letup

By KEN SMITH
Canadian Press Business Editor

The profit parade is continuing without letup.

Several more large Canadian firms came in last week with six- or nine-month earnings reports and most ranged from merely excellent to almost unbelievable.

Some were so good observers suggested the public should not look for too much more in the near future.

"No one can expect profit levels to continue at the pace some of them have been setting recently, but any fall-off from that pace shouldn't necessarily be taken as meaning the bubble is breaking," said one analyst. "It could be just a return to a more normal existence."

Two important economic groups were represented in last week's profit reports — farm machinery and nickel mining.

DOUBLE EARNINGS

Massey - Ferguson Ltd. reported earnings for the nine months ended July 31 more than doubled to $35,900,000 from $15,900,000 in the similar 1963 period.

With sales running a record $587,100,000—22 per cent higher than a year ago—President A. A. Thornbrough predicted total 1964 sales could reach $800,000,000.

International Nickel Co of Canada Ltd. earned a record $70,921,000 in the first six months of this year compared with $52,882,000 in 1963's first half, while Falconbridge Nickel Mines Ltd. reported profits of $11,066,000 compared with $6,718,000.

Oilweek, a trade magazine for the industry, surveyed the first half earnings of the first 15 large oil companies reporting this year and found an average increase in profits of 25 per cent compared with a year ago.

SHELL BIGGEST GAINER

The biggest gainer was Shell Canada Ltd., up 103 per cent to $10,303,000. Trans - Canada Pipelines Ltd. made $6,319,000, an increase of 73 per cent and British American Oil Co. Ltd. gained 33 per cent to $18,398,000.

Firmer prices for refined products and higher volume has caused the cheerful balance sheets, Oilweek says, predicting industry profit this year could reach more than $300,000,000.

Elsewhere on the business scene came a warning that consumers can expect to start paying more for goods with high copper content.

The two biggest Canadian copper producers — Inco and Noranda Mines Ltd. — raised their domestic price 2¼ cents to 35 cents a pound and the increases eventually will find their way back to the consumer.

Prices for copper wire was raised immediately by three to seven per cent and for industrial copper products $1.25 to $2.75 per 100 pounds.

Talk of a possible rise in the price of steel, however, was squelched—at least temporarily.

DEPENDS ON WAGE TALKS

V.W. Scully, president of Steel Co. of Canada, said there is no indication of an increase. D. S. Holbrook, chairman and president of Algoma Steel Co. Ltd., agreed, although he added that present wage negotiations could affect the outlook for continued price stability.

The price of steel has not changed since 1957.

Ontario announced plans to build a 1,000,000 - kilowatt nuclear generating station. It will cost about $266,000,000, with Ottawa paying $79,000,000

To be located 20 miles east of Toronto, the plant will require 232 tons of uranium oxide to load the reactors and about half that annually to maintain operation — a hopeful promise for the future for Ontario's battered uranium mining industry.

N.Y. Market Showed Mild Downtrend

NEW YORK (AP)—The stock market last week went into a mild downtrend, reversing its course of the previous week.

Formal rejection by the United Auto Workers of the counter-offer by the automobile companies in the bargaining for a new labor contract was linked by observers to some of the market's weakness.

Stock prices went mildly lower on balance. Some of the retreat was ascribed to technical factors, because the list had enjoyed a good recovery from a recent slide and there was room for profit-taking by traders.

The Dow Jones industrial average took a trifling loss of .19 at 838.62.

Volume was generally slack. The week's total was 19,664,110 shares compared with 19,324,510 the week before.

The Associated Press average of 60 stocks showed a small loss of .9 at 315.6.

Of 1,514 issues traded on the New York Stock Exchange, 735 fell and 597 rose.

CAPTURE ATTENTION

Individual issues captured attention a good deal of the time. On Monday, Fifth Avenue Coach Lines took an astounding loss of 14¾ points at 18½ on news that a court had fixed the value of the company—which has been seized by New York City—at a disappointingly low figure.

Fifth Avenue Coach, the week's most active issue, took a net loss over five days of 17¼ at 1½.

Also on Monday, Mack Trucks plunged 5⅞ to 41⅜ on news that its projected merger with Chrysler had been called off, following an anti-trust move. Mack ended the week with a net loss of 6¾ at 40⅜.

On Thursday, Superior Oil, the highest priced issue on the big board, soared 150 points to 1,670 following the death of William M. Keck, a director of the company, who owned a controlling interest and had opposed a stock split. On Friday, 68 points of the gain was trimmed by profit taking.

Despite the dubious labor situation, Chrysler gained ⅞ on the week, helped by company projections of greater sales.

WARN DOCTORS

TORONTO (CP) The College of Physicians and Surgeons of Ontario says it is concerned about an increasing number of drug addiction cases among physicians and about abuses of narcotics prescriptions. In its annual report the college warns the narcotics control division is seriously considering extra control measures to cope with the abuse of prescriptions.

Figures Given On Mail Thefts

OTTAWA (CP)—The loot in Canada's mail - bag thefts reached $715,640 between April 22, 1963, and the end of July this year, the Commons was told.

Postmaster - general Nicholson said 290 mail bags were stolen. He said there is no record of the value of parcels included in the thefts, nor of the number of letters taken.

The post office department has been providing additional security for the mails "where improvements of this type are practicable," the minister said.

He was replying to a written question submitted earlier by Louis-Joseph Pigeon (PC—Jolliette - L'Assomption - Montcalm).
