### Shifting Lines Stir Local APECS To Action

GEORGETOWN — Although the shipbuilding plant of Bahurst Marine Limited at Georgetown is only in the initial stages of construction, officials of the Charlottetown office of the National Employment Service do not intend to be caught short when firm jobs pull the call for skilled workers.

Branch manager George Christie said last night that although the company has not yet made any application to the NES, it is not yet a matter of time before the office has already got busy carrying out a research program in various fields.

He disclosed that his office intends to start advertising in the local press next Monday, in which certain classes of skilled tradesmen who may be desirous of obtaining employment in this new shipbuilding industry, will be asked to submit their names and qualifications to the NES.

The classes of tradesmen being contacted are: marine electrician, marine pipe fitter, fish carpenter, electric welder and shipwrights.

Mr. Christie pointed out that although a number of men qualified in one of these trades have been contacted, it is not known for several years, it is definitely known there is a good number of men in the area.

Many were employed at one of these trades during the Second World War, and since they are quite a number who have received expert training in one or the other of these trades in the Royal Canadian Navy.

In connection with the anticipated order tradesmen, an official of NES, who yesterday visited the plant, also paid a visit to Georgetown to get a first-hand knowledge of the plant and the shipyard and the machine shop.

### Moderator To Preach At Trinity Centennial

Trinity United, a Charlotte-town church with a membership of 2,000, celebrates its 100th anniversary Sunday, Nov. 17.

Guest preacher at the morning and evening services will be Rt. Rev. James P. Mutchmor, D.D., moderator of the United Church of Canada.

The history of Trinity Church goes back to the early days of Methodism on Prince Edward Island, when men like Benjamin Chappell in 1773 and Joseph Avard in 1806 held services in their homes. At the invitation of Mr. Chappell, Rev. William Black of Nova Scotia came to Charlottetown in October, 1788, and in 1807 Rev. James Pultin became the first resident Methodist minister.

The most cordial relationship existed among the governor, the rector of the Church of England, and the Methodists. Services were held in the Court House. A congregation was formed about 18 years ago, a building erected and a chapel erected.

In 1863 the present building on Prince Street was built, officiated by the Wesleyan Chapel, it was affectionately known as the "Brick Church."

In 1925 when the Union of Congregational, Methodist and the Methodist Services were merged, a majority of Presbyterian churches look place in Canada. "Trinity" became one of the largest and most influential congregations of the United Church of Canada. Since those early days a long line of distinguished men have served Trinity.

The present staff consists of Rev. John G. E. Ball, B.A., Rev. Gerald C. Wyse, B.A., B.D., Rev. Clayton C. Lewis.

In recent years Trinity sponsored the establishment of Park Royal United Church where Rev. Roy Tye is the minister. At present Trinity is sponsoring the services and Christian education work being carried on at Spring Park under the leadership of Rev. Clayton C. Lewis. Two new preaching points of Trinity now are Bumbury and Mt. Herbert United Churches.

### Accused Cleared On Break Charge

Arnold James Biso, Charlottetown, yesterday was acquitted in Queens County Court on a charge of unlawfully breaking and entering the Charlottetown Curling Club on Sept. 18 last. Judge C. St. Clair Trainor presided, and Alan K. Scates was court prosecutor.

Biso had originally appeared before city police court Monday before James Haslam on Oct. 10 and was committed to County Court for speedy trial.

The charge against him was dismissed yesterday on a preliminary motion by defence counsel John Holmes who contended the crown evidence was insufficient to satisfy the rules governing circumstantial evidence.
