**New Home Recipe Reducing Plan**

It's simple how quickly one may lose pounds of unattractive fat right in your own home. Make this home recipe yourself. It's easy, no trouble at all and costs little. Just go to your drug store and ask for four ounces of Naran Concentrate. Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Take two tablespoons full a day as needed and follow the Naran Plan. If your first purchase does not show you a simple easy way to

lose bulky fat and help regain slender more graceful curves; if reducible pounds and inches of neck, chin, arms, abdomen, hips, calves and ankles just return the empty bottle for your money back. Follow this easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloated disappears—how much better you feel. More alive, youthful appearing and active.
