IN MEMORIAM

MRS. J. D. ENMAN.

A wide circle of friends are bereaved by the death of Mrs. J. D. Enman, which occurred Friday morning in Summerside at the home of her brother, Mr. John Muirhead. Mrs. Enman had been living in later years in Wetaaskwin, Alta., and came east last fall on a visit to relatives and friends at her old home here. Though advanced in years she enjoyed exceptional health and her last illness was only of a week's duration. Her daughter, Mrs. Chas. Chisholm, of Wolfville, N.S., and her son, Percy, of Summerside, were with her mother when the end came. The other children who are left to cherish the memory of a kind and fond mother are: Miss Nan Enman and Mr. Charles Enman of Wetaaskwin, Alta., and Mr. Lawrence Enman, of Moose Jaw, Sask. Her husband predeceased her four years ago. To the immediate family, the brothers and sisters living at distant points, and those at home; the Misses Allis and Zillah Muirhead and Mr. John Muirhead, of Summerside, and Mrs. S. F. Hodgson, of Charlottetown. The Guardian extends sympathy.

HALIFAX IN BAD

MONTREAL, June 9.—Financial difficulties at Halifax occupied much of the time of the Dominion Council of the Navy League of Canada which opened its annual convention here yesterday. Commodore Jarvis the president said the question arose as to the responsibility of the national organization towards the debts incurred by the Halifax branch. These debts amounted to \$40,000 of which \$10,000 was owing to the Sydney N. S. branch, the funds having been diverted. The opinion was expressed that the Halifax and Nova Scotia should raise the money needed to carry on the work at Halifax, the chairman suggesting that previous changes directed to that end, were only faint-hearted. The council accepted the report of the Halifax branch which was represented by Major Edwards of Halifax.
Major Edwards states that the Sailor's Institute at Halifax was doing a great deal of good work. Due to its presence there were practically no arrests among sailors. He then explained the financial situation. Commenting the chairman claimed that the Halifax people had not worried about expenditures so long as they could "bleed" the Dominion council, the Halifax situation he declared was a black eye for the League.

ANOTHER VICTORY FOR THE G. M. CO.

Wishing to get the opinion of the Bakers of Charlottetown on the quality of the flour, they are making, the Company induced the flour bakers of the city to test the flour out and have secured their approval in the form of the following testimonials:

To the Charlottetown Milling Co., Charlottetown, P. E. I.:
Gentlemen—In accordance with your request I baked out some of your GOLD BOND flour and I must say that you have every cause for congratulations on its quality and its baking quality in particular. I have been baking all the leading brands of flour offered for sale on the market, and have never used any but the best brand, but I can conscientiously say I never baked flour of any brand that gave me any better satisfaction, and I am advising my drivers to tell my patrons that this bread is from GOLD BOND flour.
The flour showed good length, color, good texture and volume in the loaf baked and I am sure will stand on its merits as a first class bread flour, and it affords me pleasure to give you this testimonial.
Yours truly,
A. N. McINNIS.

To the Charlottetown Milling Co., Charlottetown, P. E. I.:
Gentlemen—Permit me to express in words the feeling of satisfaction I had in baking some of your Gold Bond flour.
I must say I was very agreeably surprised at the showing it made and there is no doubt in my mind that you have a flour that is of excellent quality for bread making.
It showed lots of strength which proves it contains a large percentage of gluten, it was in color equal to any flour I have baked, and the volume was remarkably good, considering that the flour was not a week old.
The bread was as perfect a loaf

as I ever baked in all respects and I have no hesitation in saying that in my estimation Gold Bond flour is as good as any flour offered to the trade and we wish you every success in placing this flour on the market.
Yours truly,
TOMLINS, HYNES BAKING CO.
Per L. A. Hynes.

To the Charlottetown Milling Co., Charlottetown, P. E. I.:
Gentlemen—The flour you sent me to test out has proven very satisfactory in my judgment. It has lots of strength, is very nice in color and gives a good volume to the barrel.
The bread is beautiful in texture, light in color, and there was nothing to be asked for in appearance or crust and flavor.
I feel that you have a first class flour for bread and I can heartily recommend it to my baker friends and the public in general.
Wishing you every success in selling your flour in the province.
Yours truly,
H. CONNERS.

To the Charlottetown Milling Co., Charlottetown, P. E. I.:
Gentlemen—In accordance with your request I baked a batch of bread from your brand of flour known as GOLD BOND and it afforded me much pleasure to report it very favorably.
The bread was set at eleven a. m. and was all on the table at three p. m. which shows that the flour has plenty of strength and the volume was as good as any flour I have ever baked.
The color and texture is on a par with all the leading brands of flour offered for sale in Charlottetown and in my opinion this flour should have the consideration of all users of flour in our city.
Signed,
Master Baker for Stewart's Bakery
W. Henry McInnis.

Passing from Liverpool to Chester on the 27th of May, we there crossed the river Dee, and were railroading in Wales. The river on our right and the country on either side resembled our Grand River in Prince County. The land lay flat and marshy on the south side and rose gently into hills on the north. Of course, there is the difference which the culture of a thousand years has made.
Soon the river broadened into Colwyn Bay, and we were in a hilly country, like that of Eastern Nova Scotia. Cars filled with coal direct from the mines, added to the resemblance and a more careless condition of agriculture was evident. The fields were not so carefully cultivated, the cattle grazing in the fields not so uniformly fat, and there was that indefinable difference that is seen and felt, but cannot be described between the Saxon and the Celt, the dwellers among the hills and those of a flat or merely undulating country.
Ryl, in which many Canadian soldiers were encamped after the armistice, and Llandudno Junction, were passed, and noted before the train passed over the great tubular

Dominion Council of Navy League

MONTREAL, June 9.—At the annual meeting of the Dominion Council of the Navy League held here yesterday Commodore Amelius Jarvis of Toronto emphatically declared that Canada must have interest on the sea and that she cannot reap the full profit from her products if she leaves them at ports for others to transport. "To round off our national interest in railways," said Mr. Jarvis, "these railways must have their ocean communications."
Other matters dealt with this morning, were relief work and reports from provincial divisions of British Columbia, Manitoba, New Brunswick, Nova Scotia, Quebec and Ontario.
