A SUNNIT TO THE BIG OX.

COMPOSED WHILE STANDING WITHIN 2 FEET OF HIM, AND A TUCHIN' OF HIM NOW AND THEN.

Or if yure father would rekegnize his ofspring
And his kaff, thou elefenteen quadrupid!

And if you grode it in a month or so.

And run over fowkes, thou orful beast.

And cudn't a heap of stakes be cut oph yu,

"Whistle, daughter, whistle, and you shall have a man."
"I never whistled in my life, but I'll whistle if I can."

LORD DUNDONALD.—Everything about Lord Dandonald's biography is strange and romantic. His ancient family was ruined by an alternate course of Jacobitism and Whiggism, winding up with unappreciated scientific discovery in the person of the last earl. He inherited an earldom—and a gold watch. As a lad, his name was borne at the same time on the books of a ship and a regiment, yet he did not go afloat till he was 17. He was liker Nelson than any officer of his generation, but he never had the luck to serve under him. He performed brilliant exploits and acquired celebrity and friends, but failed to obtain command of a squadron, however small. Ruined for a time by a trial, owing to the faults of others, he recovered all his honours and outlived all his enemies. He has freed republics, captured frigates, driven a French fleet ashore, been taken and retaken, and is still writing lucidly and admirably, at 85 years of age. It is a career—for Lord Dundonald is also a man of science and speculation and study—which recalls that of a far older breed of men—the Raleighs, Willoughbys, and Herberts of Cherburg. Our ancestors would have handed him down to us in a ballad, a stately portrait, and a folio; and here are we occupied with his adventures in a smart blue octavo, for the pages of a review.—*Athenæum.*

Scandal is busy with an event which has something of the ludicrous. A nobleman of Milan, of some wealth, who had contracted marriage by civil contract before the legal authorities, found it expedient to disown the tie after a while, in order to connect himself with a Milanese lady af great personal attractions. The second marriage was solemnized in church. But the lady, in her turn, having been courted by a man of higher rank and of greater wealth, instituted proceedings to annul her marriage, upon the plea of bigamy on the part of the husband, alleging, now that it served her purpose, that his first marriage was legal. The new banns were published, but the husband of the two wives instituted proceedings to forbid them. The matter is now before the courts, and it remains to be proved whether the husband of two wives is to become a bachelor, and the lady ambitious of a second husband while the first is living, to be pronounced a spinster.

EARLY EDUCATION.—It is related of two members of Congress, that in a social moment each boasted over the other of his early advantages, and especially of his religious education, when one staked a hundred dollars that the other could not accurately repeat the Lord's Prayer. The bet was taken, and the money put up, and he who was to recite commenced:

"Now I lay me down to sleep,
I pray the Lord my soul to keep;
If I should die before I"—

"Stop! stop!" said the other; "you need not go through I give up the money. I had no idea you knew it?"

OLD BUT GOOD.—A young lady told a gentleman that her silver thimble was nearly worn out, and asked him what reward she ought to have for her industry. The gentleman in answer, sent her a new thimble the next morning, accompanied by these lines:

"I send you a thimble, for fingers nimble,
Which I hope will fit when you try it;
'Twill last very long, if but half as strong
As the hint you gave me to buy it."

DREAM OF A QUAKER LADY.—There is a comical story told of a pious quaker lady, who was addicted to smoking tobacco. She had indulged herself in this habit until it had increased so much upon her that she not only smoked her pipe a large portion of the day, but frequently sat up in bed for that purpose during the night. After one of these nocturnal entertainments she fell asleep, and dreamed that she died and approached heaven. Meeting an angel, she asked him if her name was written in the book of life. He disappeared but replied, on retiring, that he could not find it.

"Oh, said she, "do look again; it must be there."

"He disappeared again, but returned with a sorrowful face, saying that it was not there.

"Oh," said she, in agony, "it must be there! I have an assurance that it is there! Do look once more!"

The angel was moved to tears by her entreaties, and again left her and renewed his search. After a long absence he came back—"We have found it, but it was so clouded with tobacco smoke that we could hardly see it."

The good woman on awaking immediately threw away her tobacco pipe, and never indulged in smoking again.

A SENSIBLE YOUNG LADY.—Said a young lady, who was fashionably educated at a boarding school, and indulged in idleness at home, so that there was neither strength nor elasticity in her frame:—

"I used to be so feeble that I could not even lift a broom, and the least physical exertion would make me ill for a week. Looking one day at the Irish girls, and noticing their healthy, robust appearance, I determined to make a new trial and see if I could not bring the roses to my cheeks, and rid myself of the dreadful lassitude that oppressed me. One sweeping day I went bravely to work, cleaning thoroughly the parlors, three chambers, the front stairs and hall, after which I lay down and rested until noon, when I arose and ate a heartier meal than for many a day. Since that time I have occupied some portion of every day in active domestic labor, and not only are all my friends congratulating me upon my improved appearance, but in my whole being—mind, body and spirit—do I experience a wondrous vigor, to which I have hitherto been stranger. Young ladies, try my Batholican."

NOVEL PRESCRIPTION.—Old Squire Greed was notoriously parsimonious; but being ill, was reluctantly obliged to consult Dr. Syntax.—"What shall I do for my head? It is so dizzy I seem to see double." The doctor wrote a prescription, and retired: "When you see double, you will find relief by counting your money."

A NEW DISCOVERY FOR 1860!

Stoves! Stoves! Stoves!

THOSE celebrated Yarmouth, N. S., extra strong and substantial Cooking, Franklin, Box and other STOVES, and not Sam Slick Peddling Stoves, some of which have been set up and forced on simple farmers, at one third more in price than those first rate Yarmouth Stoves, on the name of giving 12 months' *credit* on a Note of Hand, which must be paid in cash when it falls due in the Bank, or to the holder of the Note, *and no mistake.*

Produce will be taken in payment, and time given to any good Farmer wanting one of those celebrated Cooking Stoves.

From the very general satisfaction they have given for the last two seasons, and the great demand for them all over the Island, which are now fast superseding all other kinds of Yankee Stoves; and as they only require about half the wood, labour and time of most other Stoves—such a revenue is equal to so much cash in the Farmer's pocket, or Oats in his barn. The large metal Boilers, which suit also to feed cattle in the Winter, make those Stoves still more valuable for cooking up all the barn waste, and the little time required to attend to them.

Any one that wishes to save money, and to keep a warm house for little trouble and cost, ought to have one of those extraordinary Stoves for 1860 in it, before they are all sold, which would clear its own cost in wood, labour and time before three seasons are over.

The following Agents have been appointed, and have received nearly 300 of those almost everlasting, new and favourite Stoves, most of which have been sold, and not one returned or found fault with. Reference can be given to all the parties who purchased them, on enquiry of any of the undersigned, and there is one in operation at the Orwell Agent's, where it can be seen at all times.

THE MIGHTY HEALER.
WORLD KNOWN AND WORLD TRIED.

The Great Ambassador of Health!
TO ALL MANKIND.

HOLLOWAY'S PILLS.

A BOON TO THE SICK!

The want of a sterling medicinal preparation to meet the many "ills that flesh is heir to," and one entirely free from minerals and other deleterious particles, was severely felt till this all powerful medicine was ushered into the world. *Holloway's invaluable Pills* have become the *Household remedy* of all nations. Their attribute is to *prevent* as well as to *cure.* They attack the *root* of the complaint, and thus by removing the hidden cause of disease, re-invigorate and restore the drooping energies of the system, assisting nature in her task of *vital and functionary reformation.*

INDIGESTION,

The great scourge of this country, as well as of all hot climates and marshy districts, yields quickly to a course of these invaluable Pills, and the digestive organs are restored to their proper tone, and fevers of all kinds avoided. It matters not in what shape this derangement exhibits itself, Holloway's searching and unerring remedy expels it from the patient's system.

GENERAL DEBILITY,

From whatever cause, *Lowness of Spirits,* and all other signs of a diseased liver, or of a general disorganization of the system, vanish under the eradicating influence of this powerful and most searching remedy, which in warm and relaxing climates act like a charm.

FEMALES

Should lose no time in trying a few doses of this regulating and renovating medicine, whatever may be their complaint It can be taken with safety in all periodical and other disorganizations. Its effect is all but miraculous, either to young persons entering into womanhood, or to those at the turn of life.

BILIOUS COMPLAINTS.

Those who suffer from bile and liver complaints should try the effect of this valuable remedy, a few doses of which will make the sufferer feel elastic and vigorous, remove all impediments, cleanse the blood from all impurities, give a healthy action to the liver, and strengthen the stomach. If bilious attacks be allowed to continue without using such a preventive, fever will arise, and the sufferer be confined to a bed of sickness. These Pills are an extraordinary remedy in removing acidity from the stomach and correcting indigestion, especially in hot and swampy localities.

A CERTAIN CURE FOR COUGHS AND COLDS.

The cause of half the diseases to which humanity is liable is the mode of treating the human system when attacked with these disorders, which often lead ultimately to a fatal result. By persevering in the use of Holloway's Pills, the most obstinate cold or cough is soon checked and cured; for this medicine, by purifying the blood, regulating the secretions, checking the depraved humors, and encouraging a free perspiration, rapidly puts the system into a sound and vigorous condition, thereby enabling it to throw off the disorder. The cure is complete and permanent, particularly if Holloway's Ointment be well rubbed into the chest and throat night and morning.

COMPLAINTS INCIDENT TO CHILDREN.

In no country in the world are more children carried to an early grave than in this. Cough, measles, scarlatina, fevers and similar diseases attack the little sufferers, and death but too often follows at a rapid pace; yet, if at the first stage of the complaints parents were to have recourse to Holloway's Pills, all danger would be avoided; for the stomach and bowels being gently but effectually cleansed by this mild aperient, the depraved humours corrected, and the secretions duly regulated, a perfect cure is soon effected, and the little patient is restored to sound health.

Holloway's Pills are the best remedy known in the world for the following diseases:—

Ague	Dysentery	Liver complaints	Tic-Doloureux
Asthma	Erysipelas	Lumbago	Tumours
Bili's Complaints	Female Irregularities	Piles	Ulcers
Blotches on Skin	Fevers, all kinds	Retention of Urine	Venereal Affections
Bowel complaints	Fits	Scrofula, or King's Evil	Worms, all kinds
Colics	Gout	Sore Throats	Weakness, from whatever cause &c., &c.
Constipation of the Bowels	Head-ache	Stone and Gravel	
Consumption	Indigestion	Secondary Symptoms	
Debility	Inflammation		
Dropsy	Jaundice

HOLLOWAY'S OINTMENT.

Its adoption in the most famous public hospitals at home, and in most of our colonies, and the voluntary testimonies of persons in all quarters of the globe, who have given it a fair trial, have established a world-wide reputation for this purifying and healing Ointment. It penetrates, with marvellous power, to the seat of an internal disease; and in all external disorders, its application has a rapidity and completeness of effect that resembles magic.

ERYSIPELAS AND SCROFULOUS SORES

Are two of the most common and virulent disorders prevalent in this country. For these the Ointment is an absolute specific. It first eradicates the venom and then completes the cure, if of 20 years standing.

BAD LEGS, OLD SORES, AND ULCERS.

Any of the above class of cases that have pertinaciously refused to yield to any other medicinal application, invariably succumb to this benign, yet powerful Unguent, which soon removes Elephantiasis and the worst forms of skin diseases prevailing in this part of the globe.

PILES AND FISTULAS.

Every form of these prevalent and stubborn disorders is eradicated by the use of this emollient; warm fomentations should precede its application. It effects in a short time a certain, thorough and permanent cure. Rheumatism and gout are also instantly relieved.

BRONCHITIS AND ULCERATED SORE THROATS.

Extract of a Letter from Mr. James Downing, of Paris-street, Exeter.

"To Professor Holloway.

Sir,—Your Ointment and Pills have effected upon me a perfect cure of a dreadfully diseased throat, arising from cold, which ultimately terminated in bronchitis. The medical aid I received was unable to combat with the disease, and I was rapidly sinking under its influence. At this stage, I had recourse to your medicines, which, in a few hours relieved me, and I am happy to inform you that in less than a fortnight I was entirely cured by them. In changeable climates, these medicines should be always at hand."

CHARMING FACES FOR LADIES.—A CLEAR SKIN.

A word to the ladies.—Ladies anxious to preserve a brilliant complexion, often go to the perfumer, when they should go to the Chemist, and ask for astringent lotions, when they should take alteratives and aperients. The only genuine and really safe and harmless yet thoroughly efficacious cosmetic now sold in London or elsewhere, is Holloway's Ointment. If this inestimable preparation be applied externally to all pimples, blotches and discolourations, while the blood is being purified and the depraved humors corrected by the Pills, not only will the face be beautified, but the whole system be cleansed, improved and strengthened, and the effect will not be temporary and superficial, but thorough and permanent.

CONTRACTED AND STIFF JOINTS.

Extract of a Letter from Mr. Joseph Rogerson, of the Pottery Fields, Hanslet, near Leeds.

"To Professor Holloway.

Sir,—I suffered for months with a very bad knee, and tried every remedy, likely to benefit me, but without success, the joint was quite stiff, and so swollen that I became seriously alarmed as to whether I should ever regain the use of it. However, by the use of your Ointment and Pills the swelling was soon completely reduced, and in two weeks was completely cured, and I was enabled to resume my work. Any one suffering from stiff and swollen joints should do as Mr. Rogers did—send for Holloway's Pills and Ointment.

Both the Ointment and Pills should be used in the following cases:

Bad Legs	Chiego-foot	Gout	Sore-throats
Bad Breasts	Corns (Soft)	Glandular Swellings	Skin-diseases
Burns	Cancers	Lumbago	Scurvy
Bunions	Contracted and Stiff Joints	Piles	Sore-heads
Bite of Moschetoes and Sand-Flies	Elephantiasis	Rheumatism	Tumours
Coco-bay	Fistulas	Scalds	Ulcers
		Sore Nipples	Wounds
			Yaws

Doctor Evans' Pain Killer.

NO medicine has been discovered that is so happily adapted to use internally as drops to be taken, and yet perform such wonders when applied externally as a wash, bath, or by friction.

USE IT IN THIS MANNER:

For common Headache, simple bathing will answer.

For sudden colds and hard coughs, (to cure immediately) put one teaspoonful in four of molasses, and take three teaspoonfuls of the mixture as often as you cough. Bathe the neck, breast and sides with it to cure soreness of a cough.

Asthma, Phthisic, and sore breasts—for speedy relief, 30 drops in molasses, and bathe freely with it clear, and keep on flannel wet in it.

For bowel complaint, cholera morbus, cholic, and diarrhœa,—a teaspoonful in a gill of milk and molasses, well mixed; if the pain is severe, bathe the bowels with it, and in cholera repeat the dose every hour.

For Dyspepsia and sick stomach, 20 to 30 doses in sweetened water, morning, noon and night, till all symptoms yield, and you are restored to perfect health.

For all rheumatic complaints, lame neck, swelled face, sore throat and toothache, 60 drops as above, three times a day: bathe the parts well, rub with a warm cloth, and take a teaspoonful of mustard seed nightly, in milk or molasses, at bed time.

For burns, scalds, pricks, stings or old sores, bathe well and often the parts affected.

For sudden colds or croup, 30 drops in molasses, every hour, and bathe freely with it.

For canker, sore mouth and stomach, chicken pox, or measles, 30 drops twice a day in sweet milk.

ASK FOR EVANS'
PAIN KILLER, and take no other.

Ayer's Sarsaparilla,

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:—

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

DR. J. C. AYER & CO.
