

DISCUSS BEEF PRODUCTION

George Morris, Merlin, Ontario (LEFT) chats with Leo P. McIsaac, Mermaid about beef production, a subject which will be discussed in detail this afternoon at the Beef Producers Association meeting in the Basilica Recreation Centre. Mr. Morris is president of the Ontario Beef Improvement Association, and a man who feeds 1,000 steers or more. Mr. McIsaac is president of the P.E.I. Beef Producers organization. Dr. D.W. G. MacAskill, nutritionist with the Cyanimid people, Toronto will talk on Urea, a synthetic product which is providing a source of valuable and low cost protein. He is expected to arrive this forenoon. The meeting starts at two o'clock.

Swine Producers Advised On The Immediate Future

Swine producers should look to the immediate future with confidence, good average prices should prevail, and efficient management can mean a profit even when the price per pound may decline considerably. This was the picture painted to Island swinemens yesterday, mainly by men like David Peacock, provincial livestock director and Donald Cox, swine specialist at the Nova Scotia Agricultural College, Truro. They were speaking at the second annual Co-op Hog Production meeting which is sponsored by Agro Co-op here and Maritime Co-op Services, Moncton. Donnie Smith, Agro manager, presided at the sessions which got underway Monday evening and ran into Tuesday afternoon. There was dinner yesterday at noon in the Junior Farmers' Hall at North River. Good average prices should prevail — they'll probably level out around 30 cents per pound — said Mr. Peacock who was brave enough to predict the hog market for the next two years. There's room for considerable expansion in the Atlantic area in the years ahead. There were 10,000 more hogs produced in 1965 than in 1964 and it would take until the year 2005 before we would be producing our pork requirements in the Atlantic area, if the same change prevailed in the future, it was suggested. "We must improve our quality... breeders should develop hogs with greater potential for rate of gain, feed efficiency and high yield of meat per carcass. "We must realize that commercial swine production is a highly specialized business and that great knowledge and skill are required in order to make it successful," Mr. Peacock emphasized. The livestock director does not believe in mixing the sow operation with the feeder pig part of the business. He suggests it's best when they are carried on by different people. In future, he suggests, there will be a third phase. There will be a man who produces sows for the man who raises the weaner pigs. "We'll see a new grading system in Canada within the next two years. We already have a new system method of scoring so far as pure bred swine on ROP are concerned. I think this will be worked into our grading system."

DEATHS

PALMER — At Searlestown at the home of his son, Adelbert, on Tuesday March 15, 1966, Frederick William Palmer, formerly of Summerside, in his 90th year. Resting at the Compton Funeral Home. Funeral arrangements will be announced later. Visiting hours Wednesday and Thursday 2 to 4 and 7 to 10 p.m.

Legislature Asks Benefits For Unemployed Farm Help

Unanimous approval was given in the Legislature yesterday to a resolution that the government of Canada be urged to introduce legislation extending the benefits of unemployment insurance to farm workers at the earliest opportunity. The resolution, moved by Agriculture Minister Andrew MacRae and seconded by Premier Walter R. Shaw, carried an amendment proposed by Dr. M.L. Bonnell (L-4th Kings). The amendment was that copies of the resolution be sent to Prime Minister Lester Pearson, the federal minister of agriculture, the federal minister of labor and the four Island representatives in the House of Commons. Kings County Liberal George

Major Bills Introduced

What may be the major piece of legislation at the current session of the Legislature was introduced by Health Minister Henry Wedge. Called the P.E.I. Housing Authority Act, the bill was given first reading. It was forecast in the Speech from the Throne that the government plans a program of low cost housing for the municipalities of the province. Another act that may be a major piece of legislation was introduced by Welfare and Labor Minister Hubert MacNeill. It is called the P.E.I. General Welfare Assistance Act. A number of bills amending existing acts were also given first reading. Acts to be amended by the bills are the School Act, the Highway Act, the Prince of Wales College Act, the P.E.I. Industrial Corporation Act, and the Industrial Relations Act. J. David Stewart (PC-Charlottetown) introduced a number of private bills on behalf of the City of Charlottetown. The bills will amend the city's act of incorporation and give power to issue debentures on behalf of the board of school trustees and the commission of sewer and water supplies.

Gerda Query Made By MLA

It was bound to happen. The question of the whereabouts of Gerda Munsinger was raised in the provincial legislature yesterday. With tongue in cheek, Prince County Liberal Robert Campbell asked Attorney General Alban Farmer, "is Gerda in Prince Edward Island?" Mr. Farmer didn't rise from his seat to reply and whatever his answer was, it was drowned out by the chuckles of House members. The three candidates running for the West Ward seat all have been former councillors. The winning councillor had served three years previously on the council representing the East Ward. His reason for not offering again following his three

Rev. A. F. MacDonald Speaks At Tracadie

The main feature of Education Week at Tracadie Cross School was a talk by Reverend Allan F. MacDonald, Saint Dunstan's University. The topic presented to the audience was the Early Settlers of the district. Father MacDonald began his talk with a resume of the French regime in Tracadie. After the fall of Louisburg their buildings were destroyed and the settlers were forced to leave. Later Tracadie was surveyed and settlers from Scotland under Captain John MacDonalld, Laird of Glenaladale and Glenfinnan, came to Scotchfort in 1772. Father MacDonald discussed the reasons why these people left Scotland, how they made the settlement here and mentioned their way of life here after their arrival. He gave some of the names given to the surrounding areas. These names were taken out from Scotland. Donaldston is the only place that still retains its original name. In conclusion Father MacDonald urged the students who were present to have a certain pride in their ancestors and to appreciate their sacrifices. "Open House" was held during the week in all the classrooms. Parents examined the children's work and heard lessons taught. They also observed other classroom activities, including a demonstration of the use of the SRA (Remedial Reading Kit). An interesting part of the program was a display of the remedial reading materials.

Ground Drifts Are Reported

Heavy ground drifting was reported in some sections of Prince Edward Island last night. The Charlottetown detachment of the RCMP reported that in unsheltered areas, blowing snow was building up and drifting across roads. Reports from the Charlottetown Radio Range indicated that about an inch of snow fell on the Charlottetown area between 5.00 a.m. and 2 p.m. yesterday. Last night winds were west at 20 gusting to 30 miles per hour, the temperature was 15 degrees and the barometer was 29.69 and falling. The Summerside weather station reported that about two inches of snow fell in their area yesterday.

New Home Recipe Reducing Plan

It's simple how quickly one may lose pounds of unsightly fat right in your own home. Make this home recipe yourself. It's easy, no trouble at all and costs little. Just go to your drug store and ask for four ounces of Naran Concentrate. Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Take two tablespoons full a day as needed and follow the Naran Plan. If your first purchase does not show you a simple easy way to lose bulky fat and help regain slender more graceful curves; if reducible pounds and inches of excess fat don't disappear from neck, chin, arms, abdomen, hips, calves and ankles just return the empty bottle for your money back. Follow this easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloated disappears—how much better you feel. More alive, youthful appearing and active.

\$50,000 GRANT

(Continued from page one) grant to the fishermen of District 8 of \$50,000 and the formula for distribution is being worked out at the present time. Speaking on in-shore fisheries, Mr. Rossiter said this part of the industry contributes a great deal to the economy of the province. He said about 3,200 fishermen have over 1,500 boats and capital investment of about \$7,000,000. "Lobster fishing," he said, "provides the most income, when there is not a failure. It is estimated that fishermen have about 450,000 traps in the water in season and other neighboring provinces have approximately the same number. This is a terrific drain on the resource and some fishery organizations are becoming alarmed. As a result, there is concern to approach Ottawa so that a trap and license limit can be established. The movement has met with some success in this province but the neighboring provinces do not appear to be at the same organizational point as we are in seeking a limit." Mr. Rossiter said the Irish Moss industry is a "lucrative one." He said European countries, as well as regular buyers, are very much interested in the product and traditional buyers are prepared to establish receiving plants in the province. Commenting on off-shore fisheries, Mr. Rossiter said the fish processing plants at Souris had their best year last year. He said "Gulf Garden boats boosted the landings at Souris and provided the companies' need for larger boats." He said the catches resulted in many hours of overtime and every 100 pounds of fish landed supplied three hours of inshore labor. TIME FOR EXPANSION On fisheries in general, the minister said "it's time for expansion and we must encourage people to enter fisheries. We must take bold steps. We are constructing trawlers, inshore boats and plants. We can build the ships, train the men and find years was pressure of business. Both Mr. Arsenault and Mr. Steele had at one time represented the West Ward on the council. There were 695 votes recorded yesterday which was 49 per cent of the total of 1,411 eligible voters. Mr. MacDonald said last night after he was officially declared winner, "due to my previous experience on the council, I am quite sure that I can get in there and get things done. Both of my opponents have contributed much to the town in the past and I am quite sure they will continue to do so," he said. Mr. Arsenault and Mr. Steele thanked their supporters and extended congratulations to the winner.

House Members Pay Respects

The evening sitting of the P.E.I. Legislature was delayed for a half an hour last evening while MLAs paid their respects at a funeral home to Mrs. Douglas MacKinnon, who died Monday. Mr. MacKinnon is a former cabinet member and member of the Legislative Assembly. The suggestion for delaying the sitting was made by Harold Smith (L-4th Queens) and Premier Shaw concurred with him. The Premier asked that the sympathy of the House be extended to Mr. MacKinnon and also to Angus MacLean, MP, whose father died yesterday.

Irish Parade Drawing Near

Top Hat, regalia, dark coat, a white muffler and be Irish. That's the order of dress for this year's St. Patrick's Day Parade from acting Chief Marshal Leo Dowling Sr. The members of the Benevolent Irish Society along with fellow Irishmen will be celebrating this "March 17th" by holding their annual parade. The parade will form up in front of the Society building at 9.45 a.m. and proceed to the cenotaph where a wreath will be placed in memory of members who lost their lives in the past world wars. From the cenotaph the parade will proceed to St. Dunstan's Basilica for Mass at 10.30 a.m. via Grafton Street, Queen Street, Richmond Street and Great George Street. Following Mass the parade will return to the Erin Room via Great George Street, Richmond Street, Prince Street and Grafton Street. Marshall Dowling stated he has 65 Top Hats for the parade and requests all members to bring their own hats if they have them as he expects to have well over one hundred men on parade. White gloves will be available at the Society Club Rooms prior to the parade. Members are reminded to be at the Society Club Rooms no later than 9.15 a.m. to get their instructions for the parade. Music for this year's parade will be supplied by the P.E.I. Regiment Band. A social hour will follow the parade at the Erin Room.

Council Seat Is Decided

SUMMERSIDE — D. Alex MacDonald, a Summerside car dealer, was elected councillor in the West Ward here yesterday winning by a margin of 64 votes over his nearest opponent Fred L. Arsenault. Mr. MacDonald led with 302 votes, followed by Fred L. Arsenault with 90 more than the 148 gained by Clarence Steele. The by-election was called after Eric Johnston resigned his seat in the West Ward to run for mayor, in the recent civic election.

WESTERN BRIEFS

IS PATIENT — Mrs. Balduf Petersen of Summerside, is a patient in Prince County annex.

FINE IMPOSED — A fine of \$20 and costs was imposed upon a resident of Summerside when he appeared before Magistrate R.S. Hinton, QC, on a charge of drunkenness. The accused, who was the only case, was arraigned in town police court yesterday.

IN COLLISION — Town Police investigated a two vehicle collision at the intersection of Granville and Water streets here at approximately 3.15 p.m. yesterday. Involved were a 1961 Vauxhall wagon on driven by Nellie Rhoda MacLellan of 245 Beaton Avenue, Summerside and a 1965 Mercury half-ton truck driven by Kenneth Roy Oatway, Conway. Total damage to the two vehicles was estimated at \$150. There were no injuries.

MASONIC SERVICE

Members of Mizpah Lodge No. 17, AF and AM, are requested to gather at the Cutcliffe Funeral Home today at 8:45 p.m. to attend service for their late brother, George A. MacLean.

Bank Suit Resumes

Evidence for the plaintiff in the case of Woodrow Wheatley, Mt. Edward Road, versus The Provincial Bank of Canada, was completed yesterday at a sitting of Supreme Court presided over by Mr. Justice R.R. Bell. Those testifying for the plaintiff were John J. Morris, Roland Roberts and Sterling K. Clark. The plaintiff is suing the defendant bank for \$100,000 for an alleged breach of contract. Attorney for the plaintiff is John R. Holmes while representing the defendant bank is Charles R. McQuaid, QC. The case resumes in Supreme Court this morning.

City Resident Wins Election

Dave Morton, S.D.U. Students' Union President announced yesterday the results of the Students' Union elections. Charles McMillan, of Charlottetown, a Junior Arts student, was elected President with 60 per cent of the total vote. In the past year Charlie has served as Winter Carnival chairman, Variety sports publicist, and was an intercollegiate debator. Philip MacDougall, a Junior Commerce student from Kinkora P.E.I., was elected vice-president, capturing 62 per cent of the total vote. Gerry Praught, a Junior Arts student from Wellington, P.E.I., took 32 per cent of the vote to be elected treasurer for the year 1966-67. Rosemary Hughes of Charlottetown was acclaimed as Secretary. Some 460 students voted today, in what was an excellent turnout at the polls. This figure comprised 84 per cent of the total student body. The following are the voting results: TREASURER: Gerald Praught 239; Brian Doran, 220; Invalid: 1. Vice-president: Philip MacDougall, 283; Bob Hickey: 178; Invalid: 2. President: Charles McMillan: 272 Tom McMillan: 101; Mike O'Brien: 84; Invalid: 2.
